Career Highlights

38 Years in Bangalore University

30 Years of Service at BU

22.9 Years as Professor

Born: 21 May 1960

Retired Basic Pay: ₹2,18,200

CURRICULUM VITAE

Dr. M. Ramachandra Mohan *Global Environmental Governance Expert | Distinguished Scientist | Academic Administrator*

PROFESSIONAL SUMMARY

Distinguished academician and scientist with extensive expertise in **Global Environmental Governance**, biodiversity conservation, and aquatic toxicology. Proven track record in institutional building, curriculum development, and National-level policy advisory. Member of the **IUCN** since 2013, holding over 25 commission roles across water law, species survival, and ecosystem management.

1. Active Positions

Position / Organisation	Details
Visiting Professor University of Science & Technology Meghalaya	31 May 2023 onwards
CCSEA – Ministry of Fisheries, Animal Husbandry & Dairying, GOI	Nominee, Animal Husbandry and Dairying. Supervision of Biomedical Research experiments on animals, Govt. of India
IUCN, Gland, Switzerland	International Union for Conservation of Nature — Commission Member, World Commission for Environmental Law
IPBES Stakeholder, Bonn, Germany	Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (UN) — Global State of Biodiversity

2. Past Positions

Role	Details
CCSEA Member (Statutory Body) Min. of Fisheries, Animal Husbandry & Dairying	June 2018 – September 2021 Supervision of Biomedical Research experiments on animals
Senior Dean (Pro V-C)	June 2020 – 30 November 2020
Dean – Faculty of Science (including Medicine)	1 December 2018 – 30 November 2020 (2 Years)
Dean – Faculty of Engineering (i/c)	6 December 2018 – 11 November 2019 (1 Year)

Professor, Dept. of Zoology Bangalore University	14 August 2000 – 31 May 2023 (22.9 Years)
Reader, Dept. of Zoology Bangalore University	13 August 1992 – 12 August 2000 (8 Years)
Guest Lecturer, Dept. of Zoology Bangalore University	25 November 1991 – 12 August 1992 (0.9 Years)
Chairman – Dept. of Zoology & Applied Genetics Bangalore University	2009–2011 & 2014–2016
Deputy Director of Students Welfare Bangalore University	27 April 1994 – 22 May 1998 (4 Years)
Warden – University PG Hostel No. 2	1993–1994 (1 Year)
UGC Research Fellowship – SRF Dept. of Zoology, Bangalore University	8 September 1988 – 7 September 1991 (3 Years)
UGC Research Fellowship – JRF Dept. of Zoology, Bangalore University	8 September 1986 – 7 September 1988 (2.9 Years)

3. Past Memberships

Body	Details
Syndicate Member	2018–2020, Bangalore University
Academic Council	4 Years, Bangalore University
Academic Senate	3 Years, Apex Professional University, Arunachal Pradesh
Finance Committee (FC)	7 March 2020 – 30 November 2020, Bangalore University
Central Purchase Committee (CPC)	18 July 2019 – 31 November 2020, Bangalore University
Statutory Committee	28 May 2019 – 31 May 2022, Bangalore University
Equivalence Committee	2016–2020 (4 Years), Higher Education Council, Karnataka Govt.

4. Education & Qualifications

Qualification	Details
D.Sc. (Honoris Causa)	Doctor of Science (Honoris Causa), 2019 — International Agency for Standards and Ratings
Ph.D. (1991–1995)	Zoology – Fish Toxicology and Endocrinology, Bangalore University, India
M.Sc. (1984–1986)	Zoology – Reproductive Physiology, Bangalore University, India
B.Sc. (1981–1984)	Zoology (Major), Chemistry & Botany (Ancillaries), University of Madras
NCC 'B' Certification (1983–84)	National Cadet Corps — Annual Training Camp: 20–31 Jan 1984

5. Qualifying Courses & Trainings

Date	Course / Training
11–15 May 1999	UNEP-ILEC Fellowship, Cesky Budejovice, Czech Republic
17–18 Nov 2001	Post-Doctoral Training, ILEC / UNEP, Japan
7 Dec 2017	CCSEA Nominee Examination
2–3 Nov 2014	NAAC Training Examination

Curriculum Vitae | Dr. M Ramachandra Mohan | mohanramachandr@gmail.com

Administration & Academic Experience Summary

41 Years | 1,335+ Boards | India & Abroad

1. Teaching & Research Experience

Activity	Period	Age	Duration	Scale	Details / Reach
Teaching Experience — 34 Years "It is curiosity, dedication and connection"					
M.Sc. Teaching & Guiding	1991–2025	31–62	34 Years	Professor / Reader	~3,000 PG students, Bangalore University
M.Phil. Teaching & Guiding	1996–2001	36–41	5 Years	4 M.Phil. awarded	Bangalore University
Ph.D. Teaching & Guiding	2001–2024	41–64	23 Years	13 Ph.D. awarded	Bangalore University
Research Experience — 40 Years "Privilege of being part of a community of thinkers and learners"					
Research Experience	1986–2026	26–66	40 Years	Investigator	Bangalore University
Research Publications	1987–2024	27–64	37 Years	210 Research Papers	Read by 1,61,273 scientists from 1,037 universities across 114 countries (all 7 continents); 1,820 peer scientists following
Ph.D. Thesis Evaluated	2004–2024	44–66	22 Years	175 Ph.D. Theses	25 Indian Universities
M.Phil. Thesis Evaluated	1996–2001	36–41	5 Years	11 M.Phil.	Across India
"Organising conferences leads to collaborations that last for many years"					
Conferences / Seminars / Workshops Organised & Attended	1987–2024	27–64	37 Years	80 Academic	Across India and Abroad
Presentations — National	1986–2016	26–56	30 Years	85 conferences	Across the World

Conferences					
Ph.D. Viva Boards	2001–2025	41–65	23 Years	55 Boards	Across India
M.Phil. Thesis Boards	1999–2005	39–45	5 Years	11 Boards	Evaluated across India
M.Sc. Dissertation Boards	2010–2022	50–62	12 Years	12 Boards	Evaluated across India
Member, Editorial Boards	1988–2022	28–62	34 Years	60 Journals	India and Abroad
DD1 (Doordarshan) Telecast	2003–2021	43–61	18 Years	6 Days, 13 Boards	Influencing world on conservation issues
Newspaper Articles	1997–2024	37–64	27 Years	50 Articles published	Public Awareness
YouTube Videos	2009–2011	49–51	2 Years	43 Videos	Across the World

2. Awards, Fellowships & Honours

Honour	Period	Age	Duration	Count	Scope
<i>"Awards meet Academic / Professional Excellence"</i>					
International Awards	2013–2025	53–65	12 Years	17 Awards	India and Abroad
National Awards	2001–2017	51–57	6 Years	7 Awards	India
D.Sc. Honoris Causa	2019–2025	59–65	6 Years	1 Award	India
Fellow — FABP	2010–2025	50–65	15 Years	Fellowship	Association of Biotechnology and Pharmacy
Fellow — FSESc	1995–2025	35–65	30 Years	Fellowship	Society for Environmental Science

3. Administration Experience — 29 Years (Admirative tangles)

Role	Period	Age	Duration	Level	Scope
Dean — Faculty of Science (incl. Medicine)	2018–2020	58–60	2 Years	Administration	Apex Academic body: Science, Medicine & Engineering, Bangalore University
Dean — Faculty of Engineering (i/c)	2018–2019	58–59	1 Years	Administration	Bangalore University
Syndicate Member	2018–2020	58–60	1.5 Years	Administration	Apex Administrative body of University affairs
Chairman — Dept. of Zoology & Applied Genetics	2009–2011 2014–2016	49–56	4 Years	Administration	Head: Zoology & Genetics Dept., Bangalore University
Deputy Director of Students Welfare	1994–1998	34–38	4 Years	Administration	Student Welfare, Bangalore University
Warden — University	1993–1994	33–34	1 Years	Administration	Bangalore University

PG Hostel No. 2					
-----------------	--	--	--	--	--

4. Academic Body Experience — 29 Years

Design new courses/Lerning Outcomes

Role	Period	Age	Duration	Level	Institution
Academic Council Member	2013–2015 2018–2020	53–60	4 Years	Academic	Apex Academic body, Bangalore University
Academic Senate Member	2014–2017	54–57	3 Years	Academic	Apex Professional University, Arunachal Pradesh

5. IUCN — International Union for Conservation of Nature (12 Years)

It is way of living and learning

Role	Period	Age	Duration	Scale	Scope
Commission Member — World Commission for Environmental Law	2013–2025	53–65	12 Years	50 Boards	Global environmental parliament of governments and NGOs influencing world on conservation issues

6. Government Ministries & National Bodies

Body / Ministry	Period	Age	Duration	Scale	Role / Scope
CCSEA — Statutory Member (Min. of Fisheries, Animal Husbandry & Dairying, GOI)	Jun 2018–Sep 2021	58–61	3.3 Years	50 Boards	Supervision of Biomedical Research experiments on animals
CCSEA — Nominee (Min. of Fisheries, Animal Husbandry & Dairying, GOI)	2009–2029	59–68	15 Years	150 Boards	Ministry of Fisheries, Animal Husbandry and Dairying, GOI
NAAC — National Assessment & Accreditation Council	2014–2024	54–65	10 Years	20 Boards	14 Colleges, 1 University
UPSC — Union Public Service Commission	2005–2018	45–58	13 Years	18 Boards	Civil Services — Advisor, PT Board
Staff Selection Commission (SSC)	2009–2016	49–56	7 Years	54 Boards (27 Days)	13 Ministries — selections of various posts
MHRD — Ministry of Human Resource Development	1995–1997	35–37	2 Years	44 Boards (22 Days)	Teachers Selections, Kendriya Vidyalaya
MHRD / CSIR — Council for Scientific & Industrial Research	2015	55	1 Yr	1 Board	Research selections
DST — Inspire Programme	2011–2021	51–60	10 Years	26 Boards	Dept. of Science & Technology, Govt. of India

UGC — University Grants Commission	2005–2020	45–60	15 Years	6 Boards	Project Screening — Zoology, Physiology & Aquaculture
Karnataka NEP — New Education Policy, Chairman	2021–2022	61–62	1 Year	15 Boards	Framing State-Level Syllabus for UG & PG courses (Zoology, Genetics, Genomics)
KPSC — Karnataka Public Service Commission	2002–2017	42–57	15 Years	Administration	Selections of various posts
University Teaching Post Selections	2004–2024	44–65	20 Years	50 Boards	University Teacher Selections across India

7. Education / Extension Experience — 37 Years Academic Innovation

Activity	Period	Age	Duration	Scale	Details
Professional Bodies	1995–2025	35–65	30 Years	20 Boards	Across the World
Local Inquiry Committee (LIC) of Colleges	2001–2022	41–62	21 Years	Academic	400 Colleges visited
Board of Examiners	1992–2022	32–62	30 Years	43 Boards	Across India
Board of Studies	1992–2022	32–62	30 Years	23 Boards	Across India
New PG & UG Courses Initiated	2021–2022	61–62	—	3 Courses framed	1 Forensic Science 2 Criminology 3 Solid Waste Management 4 Project in M.Sc. Zoology

8. Election / Societal Activities Demonstrates Peer Recognition, Leadership and professional Credibility

Role	Period	Age	Duration	Scale	Body
President — Indian Society of Comparative Animal Physiology (ISCAP)	2009–2025	59–65	16 Years	—	Indian Society for Comparative Physiology
University Main Committees	1995–2019	35–59	24 Years	35 Boards	Across the World
SC/ST Amelioration Committee	1992–2000	32–40	8 Years	20 Boards	Bangalore University
International Scientific Committee	2017–2029	57–69	17 Years	52 Boards	Member of Conference Committees

9. International Exposure & Travel Global conversations That it shapes how we live, think and relate to the world

Category	Period / Distance	Details
Countries Visited (Abroad)	1997–2016 1,40,000 km	16 Countries, 40 Cities: 1 Czech Republic (Ceske Budejovice) 2 Greece (Athens) 3 Japan (Osaka) 4 USA (Austin, Texas) 5 Taiwan (Keelung) 6 Australia (Sydney) 7 USA (Honolulu) 8 Germany (Frankfurt) 9 France (Paris) 10 Switzerland (Interlaken, Zurich, Lucerne)
India Travel	1979–2024 7,95,810+ km	200+ Trips across 21 States, 6 Union Territories, 400 Cities and 2,500 Villages

10. Global Research Visibility (ResearchGate)

Academic life is always forward looking and Community Service Strong Academic visibility And engagement

Metric	Period	Details
Global Reach	2013–2025	Research reached all 7 continents: Asia (30 countries), Europe (38 countries), North America (7 countries), South America (7 countries), Africa (20 countries), Australia (2 countries) — Total: 114 out of 174 countries
RG Score	Since Nov 2013	ResearchGate score higher than 90% of 15.18 million members (out of 17 million total members)

11. Holistic Professional Competence — Summary

Achievement / Activity	National	India	International	Abroad
Awards	8	—	2	2
Conferences / Seminars / Workshops Attended	—	73	12	7
Conferences / Seminars / Workshops Organised	4	—	2	—
Member, Scientific Committee	23	—	52	52
International Conferences Attended	4	4	7	7
Chairman, Scientific Sessions	12	—	0	—
Research Publications / Articles	—	45	45	13
Book Publications	—	4	—	2
Book Chapters / Reviews	24	—	—	—
Journal Editorial Boards	8	—	35	30
Associate Editor	—	—	8	7
Membership — Professional Bodies	7	7	4	25
Countries Visited	—	—	—	13
Keynote / Invited / Guest Lectures	—	12	—	—

TV Live Telecast — Science Awareness	10	—	—	—
YouTube Videos	43	—	—	—
Newspaper Highlights	37	—	12	12
Training Received	—	2	—	2
Ph.D. Awarded	—	13	—	—
Post-Doctoral Fellow (PDF) Guided	—	1	—	—
Chairman, Ph.D. Viva Boards	59	—	—	—
Ph.D. Thesis Adjudicated / Evaluated	165	—	—	—
M.Phil. Thesis Evaluated	11	—	—	—
M.Phil. Thesis Awarded	4	—	—	—
M.Sc. Dissertation Evaluation	120	—	—	—

Board-wise Count Summary

Body / Committee	Count
Board of Studies	23 Boards
NAAC	13 Boards
Conferences	73 Nos
Ph.D. Viva	59 Boards
DST Inspire	15 Boards
Staff Selection Commission	21 Boards
Union Public Service Commission	18 Boards
CCSEA	50 Boards
MHRD	26 Boards
University Selections	50 Boards
Ministry of Environment & Forests (MoEF)	2 Boards
BU Dept. Council, Syndicate, Academic Council, Board of Studies, SC/ST Boards	326 Boards

12. Institutional Governance, Policy Decisions & Academic Administration

Position	Period	Institution
Syndicate Member (as Senior-most Dean / Pro-VC / Rector)	June 2020 – 30 Nov 2020	Bangalore University, India
Syndicate Member (as Senior-most Professor)	6 Dec 2018 – 5 Dec 2019	Bangalore University, India
Finance Committee (FC)	7 Mar 2020 – 30 Nov 2020	Bangalore University, India
Central Purchase Committee (CPC)	18 Jul 2019 – 31 Nov 2020	Bangalore University, India

Building & Works Committee	6 Dec 2018 – 11 Nov 2019	Bangalore University, India
e-Governance Committee	18 Jul 2019 – 31 Nov 2020	Bangalore University, India
Statutory Committee	28 May 2019 – 31 May 2022	Bangalore University, India
Equivalence Committee — UG Courses, Karnataka	2016–2020 (4 Years)	Higher Education Council, Karnataka Govt.
Academic Council Member	19 Oct 2013 – 19 Oct 2015 (2 Years)	Bangalore University, India
Academic Council Member	6 Dec 2018 – 31 Nov 2020 (2 Years)	Bangalore University, India
Academic Council Member	4 Feb 2016 – 3 Feb 2018 (2 Years)	Govt. Science College, Bangalore University
Academic Senate Member	15 Oct 2014 – 14 Oct 2017 (3 Years)	Apex Professional University, Arunachal Pradesh

13. Chairman — Dept. of Zoology & Centre of Applied Genetics

Role	Period	Details
Chairman	21 May 2009 – 20 May 2011	Department of Zoology (Centenary Year), Bangalore University
Chairman	16 Sep 2014 – 15 Sep 2016	Dept. of Zoology & Applied Genetics, Bangalore University
Coordinator — CAS-UGC	2014–2016	Dept. of Zoology, Bangalore University
Coordinator — UGC-COSIST & DST-FIST	2009–2012	Dept. of Zoology, Bangalore University
Coordinator — UGC Refresher Course	2012	Selection of College & University Teachers, Bangalore University

1. International Positions — IUCN Commission Memberships (2021–2025)

1.1 World Commission on Environmental Law (WCEL)

Commission / Network	Period	Region
IUCN WCEL — World Commission for Environmental Law	2021–2025	Asia
IUCN WCEL — Water and Wetlands Law Network	2021–2025	Global
IUCN WCEL — Water and Wetlands Law Specialist Group	2021–2025	Global

1.2 Commission on Environmental, Economic & Social Policy (CEESP)

Commission / Network	Period	Region
IUCN CEESP — Commission on Environmental, Economic and Social Policy	2021–2025	Asia

IUCN CEESP — Human Well-being and Livelihoods Network	2021–2025	Global
IUCN CEESP — Livelihoods and Sustainable Use of Biodiversity Network	2021–2025	Global
IUCN CEESP — Agriculture and Land-use Change Network	2021–2025	Global
IUCN CEESP — Capacity-building and Participatory Methodologies Network	2021–2025	Global
IUCN CEESP — Environment and Peace Network	2021–2025	Global
IUCN CEESP — People in Nature / Sustainable Use & Livelihoods Network	2013–2025	Global

1.3 Commission on Education & Communication (CEC)

Commission / Network	Period	Region
IUCN CEC — Nature Education for Sustainability Network	2021–2025	Global
IUCN CEC — Nature for All Network	2021–2025	Global
IUCN CEC — Youth Engagement and Intergenerational Partnerships Network	2021–2025	Global
IUCN CEC — Reimagine Nature Communications Network	2021–2025	Global
IUCN CEC — South and South-eastern Asia Regional Office	2021–2025	Asia
IUCN CEC — Higher Education, Knowledge Management & Capacity Development	2017–2025	Global
IUCN CEC — Nature for All / CEPA / Social & Behaviour Change Communications	2017–2025	Global

1.4 Commission on Ecosystem Management (CEM)

Commission / Network	Period	Region
IUCN CEM — Commission on Ecosystem Management, South Asia	2021–2025	South Asia
IUCN CEM — Sustainable Use and Management of Ecosystems Thematic Group	2021–2025	Global
IUCN CEM — Wetland Ecosystems Specialist Group	2021–2025	Global
IUCN CEM — Forest Ecosystems Specialist Group	2021–2025	Global
IUCN CEM — Ecosystem Services Thematic Group	2021–2025	Global
IUCN CEM — Agroecosystems Specialist Group	2021–2025	Global
IUCN CEM — Ecosystem Management (South & South-eastern Asia)	2017–2025	Asia

1.5 World Commission on Protected Areas (WCPA)

Commission / Network	Period	Region
IUCN WCPA — South Asia	2021–2025	South Asia

IUCN WCPA — Indigenous People and Protected Areas Network	2021–2025	Global
IUCN WCPA — Science of Management and Biodiversity Network	2021–2025	Global
IUCN WCPA — Freshwater Network	2021–2025	Global
IUCN WCPA — Climate Change Network	2021–2025	Global
IUCN WCPA — Sustainable Finance Specialist Group	2021–2025	Global
IUCN WCPA — Biodiversity and Protected Areas Network	2021–2025	Global

1.6 Species Survival Commission (SSC)

Commission / Network	Period	Region
IUCN SSC — Species Survival Commission, Asia	2013–2025	Asia
IUCN SSC — Freshwater Fish Specialist Group	2021–2025	Global

1.7 Other UN / International Bodies

Body	Year	Role / Scope
IPBES — Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (UN)	2017	Stakeholder Member
FAO SAVE FOOD — Global Initiative on Food Loss and Waste Reduction	2017	Expert Member
FSIN — Food Security Information Network	2017	Expert Member
WHO Knowledge Gateway / UNSCN — Agriculture-Nutrition Community of Practice	2017	Member
Science Advisory Board, Arlington VA, USA	2009	Member — Global community of scientists
CBEES — Asia Pacific Chemical, Biological & Environmental Engineering Society (Hong Kong)	2012	Member
Gobioid Research Institute, Paris, France	2017	Author — FishBase (Indo-Pacific region)

2. Intellectual Contribution — Academic Programme Formulation

S.No	Programme Name	AC Approval	Introduction & Institution
1	New PG & UG Course — Forensic Science	27-05-2019	2018–2019, Bangalore University
2	New PG & UG Course — Criminology	27-05-2019	2018–2019, Bangalore University
3	New PG Course — Solid Waste Management	27-05-2019	2018–2019, Bangalore University
4	Aircraft Maintenance — 3-Year B.Sc. Course	2019	2019, Bangalore North University
5	M.Sc. Zoology — Introduction of Project	07-2010	2010–2011, Bangalore University
6	CBCS for PG & UG Courses (as Chairman BOS)	2014	2014–2015, Bangalore University
7	Zoology Centenary Year Postal Cover & Logo	2010	2010, Bangalore University

3. Awards, Honours & Recognitions

3.1 National Awards

No	Award	Year	Field	Level	Awarding Body
1	CCSEA Member — Statutory Committee (CPCSEA)	2018	Prevention of Cruelty to Animals Act 1960	National	Ministry of Fisheries, Animal Husbandry & Dairying, GOI
2	G.P. Chatterjee Memorial Award	2017	Outstanding original contribution to Science and Mankind	National	Indian Science Congress Association / DST, Ministry of S&T, GOI
3	Distinguished Scientist of the Year	2008	Outstanding contributions to Environment	National	Academy of National Environmental Science, New Delhi
4	Scientist of the Year	2001	Outstanding contributions to Environment Conservation	National	Academy of National Environmental Science, New Delhi
5	Environmentalism of the Year	2002	Outstanding contributions to Water Quality	National	Academy of National Environmental Science, New Delhi
6	Vijaya Shree Award	2005	Meritorious service in Environment	National	India International Friendship Society
7	Eminent Personalities of India	2003	Toxicological studies on environment	National	International Biographical Research Foundation, India
8	Best Paper Presentation Award	1989	Effect of Malathion on freshwater fish <i>G. giuris</i>	National	All India Symposium on Reproductive Biology & Endocrinology, MS University Baroda
9	Rastriya Gaurav Award	2005	Economic growth and National Integration	National	India International Friendship Society (IIFS), Delhi

3.2 International Awards / Honours

No	Award / Position	Year	Field / Focus	Level	Awarding Body
1	Lead Scientist	2021	Research followed by 1,787 scientists; work read by 117,799 scientists worldwide	International	ResearchGate, Berlin, Germany
2	Members Assembly —	2013	Resolutions of the global	International	IUCN, Gland, Switzerland

	IUCN		environmental parliament of governments & NGOs		
3	Commission Member — IUCN CEESP	2017	Conservation, socio-economic, cultural factors, human livelihoods & governance	International	IUCN, Gland, Switzerland
4	Commission Member — IUCN WCEL	2017	Environmental Law — Water and Wetlands capacity building	International	IUCN World Commission on Environmental Law, Gland, Switzerland
5	Commission Member — IUCN CEM	2017	Ecosystem Management — Thematic Group, Task Force & Regional work	International	IUCN Commission on Ecosystems Management, Gland, Switzerland
6	Commission Member — IUCN SSC	2013	Freshwater Fish Specialist Group — species conservation & extinction prevention	International	IUCN Species Survival Commission, Gland, Switzerland
7	Commission Member — IUCN CEC	2017	Nature for All; CEPA; Social & Behaviour Change Communications	International	IUCN, Gland, Switzerland
8	Commission Member — IUCN CEC	2017	Ecosystem-based approaches for South and South-eastern Asia	International	IUCN, Gland, Switzerland
9	Commission Member — IUCN CEESP	2013	People in Nature; Sustainable Use & Livelihoods Network	International	IUCN, Gland, Switzerland
10	Commission Member — IUCN CEC	2017	Higher Education; Knowledge Management; Media & Communications; South & SE Asia	International	IUCN Education and Communication, Gland, Switzerland
11	Commission Member — IUCN WCPA	2017	Indigenous People & Protected Areas; Science of Management; South Asia	International	IUCN World Commission on Protected Areas, Gland, Switzerland
12	Expert Member — FSIN	2017	Food Security — conflict, climate shocks, economic volatility	International	Food Security Information Network
13	Member — SAVE FOOD / FAO	2017	Food loss and waste — sustainable development goals	International	FAO / Global Initiative on Food Loss & Waste Reduction, Rome, Italy
14	Member — Ag2Nut / WHO /	2017	Agriculture-Nutrition — world	International	WHO Knowledge Gateway / UNSCN

	UNSCN		free from hunger		
15	Science Advisory Board Member	2009	Global community of scientists and medical professionals	International	Science Advisory Board, Arlington VA, USA
16	Leading Scientist of the World	2012	Education	International	International Biographical Centre, Cambridge, UK
17	CBEES Member	2012	Chemical, Biological and Environmental Engineering	International	Asia Pacific CBEES Society, Hong Kong
18	World Academic Championship — Zoology	2017	Science and Technology Innovations	International	International Agency for Standards and Ratings, India
19	London Journals Press Membership	2018	Zoology	International	London Journals Press / Franklin Membership, Russia
20	Travel Grant Award	1997	Training in Integrated Management of Reservoir Water Quality	International	ILEC, Cesky Budejovice, Czech Republic
21	Travel Grant Award	2001	Training in Numerical Modelling of Lakes and Reservoirs	International	UNEP / Hydrobiological Institute, Kusatsu, Japan
22	Author — FishBase	2017	American & East Atlantic region — Indo-Pacific (fin fish biodiversity)	International	Gobioid Research Institute, Paris, France

3.3 Regional Awards (Karnataka)

No	Award	Year	Field	Awarding Body
1	Karnataka Rajya Ratna Award	2008	Distinctive Environmental Education	Sirigannada Samskruthika Prathishtana, Bangalore
2	Karnataka Bhushana Award	2007	Environmental Education	Karnataka Nagarika Vichara Vedike, Bangalore
3	Kayakashree Award	2009	Distinctive Environmental Education	Vishwa Veerashaiva Samskruthy Prathistapana, Bangalore
4	Buddha Peace Award	2005	Distinctive Environmental Education	Gouthama Buddha Cultural Academy, Bangalore
5	Chikshaka Ratna Prashasti	2009	Distinctive Environmental Education	Nava Karnataka Samskruthika Vedike, Bangalore
6	Karnataka Sindura Ratna	2008	Distinctive Environmental Education	Nava Mahila Rakshana Vedike, Bangalore
7	Samaja Seva Bushana Prasasthi	2009	Distinctive Environmental Education	Nava Karnataka Samskruthika Vedike, Bangalore
8	Academic Excellence Award	2008	Distinctive Environmental Education	Bangalore University SCST Teachers' Association

4. Academic Position — Board of Studies & Examinations

Authority over Syllabus design

4.1 Board of Studies — UG & PG (Authority over Syllabus Design)

Role	Period	Subject / Board	University / Institution
Chairman	NEP 2020	Zoology / Genetics Subject Committee (National Education Policy 2020)	Karnataka State Higher Education Council
Chairman	2009–2011 & 2014–2016	Board of Studies UG & PG — Zoology	Bangalore University
Chairman	2019	Board of Studies — New PG & UG Course in Forensic Science	Bangalore University
Chairman	2019	Board of Studies — New PG & UG Course in Criminology	Bangalore University
Chairman	2019	Board of Studies — New PG Course in Solid Waste Management	Bangalore University
Member	2014–2016, 2016–2019, 2018–2022	Board of Studies PG — Centre for Applied Genetics	Bangalore University
Member	2011–2014	Board of Studies — Dept. of Biological Sciences	Bangalore University
Member	2014–2018	Board of Studies	National College, Bangalore
Member	2014–2016	Board of Studies PG — Life Sciences	Bangalore University
Member	2006–2009 & 2012–2015	Board of Studies UG & PG — Zoology	S.V. University, Tirupati
Member	2009–2011	Board of Studies — Biotechnology	S.V. University, Tirupati
Member	2009–2011	Board of Studies UG & PG — Zoology	University of Mysore
Member	2009–2011	Board of Studies — Yuvaraja College	University of Mysore
Member	2011–2014 & 2016–2019	Board of Studies UG & PG — Zoology, Kalburgi	Gulbarga University
Member	2013–2014	Common Science Board of Studies	Dravidian University, Kuppam, AP
Member	2008–2011	Board of Studies UG & PG — Zoology	S.K. University, Anantapur
Member	2008–2011	Board of Studies UG & PG — Zoology	Christ University, Bangalore
Member	2012–2014	Board of Studies UG & PG — Zoology	NMKRV College, Jayanagar
Member	2006–2009	Board of Studies UG & PG — Zoology	Karnatak University, Dharwad
Member	2020–2023	Board of Studies UG & PG — Zoology	Tiruvallur University, Vellore
Member	2024–2027	Board of Studies UG & PG — Zoology	Yogi Vemana University, Kadapa, AP

4.2 Examination Positions

Role	Period	Board / Exam	University
Special Officer	Nov 2008	Examination Branch	Bangalore University
Coordinator	1994	Ph.D. Entrance Exam — Science Faculty	Bangalore University
Chairman	1992–2024	Board of Examinations — Ph.D. Candidates	Bangalore University
Chairman	1999–2001, 2007–2008,	Board of Examiners (PG)	Bangalore University

	2014–2015		
Chief Custodian	2003–2004	PG Board of Examination — Zoology	Bangalore University
Chief Tabulator	1998, 2008	PG Board of Examination — Zoology	Bangalore University
Chairman	2006–2024	Doctoral Committee	S.V. University, Tirupati
Member	2006, 2011, 2014–2016	PG Board of Examination — Zoology	Bangalore University

5. University Main Committees — Bangalore University

Role	Period	Committee	Institution
Chairman	23 Nov 2018 – 22 Nov 2020	Doctoral Committee — Faculty of Science	BU
Chairman	6 Dec 2018 – 6 Nov 2019	Doctoral Committee — Faculty of Engineering	BU
Chairman	2018 & 2019	e-Book Resources Committee — Library	BU
Chairman	23 Nov 2018 – 22 Nov 2020	Faculty of Science	BU
Chairman	6 Dec 2018 – 6 Nov 2019	Faculty of Engineering	BU
Chairman	23 Nov 2018 – 22 Nov 2020	Malpractice Enquiry Committee — Science & Engineering Faculties	BU
Chairman	2019	Syndicate Committee — Verify Equipment Procured UGC SAP, Geography Dept	BU
Member	2017, 2019–2020	Centralised Admission Committee	BU
Member	2019–2020	Central Purchase Committee (CPC)	BU
Member	2019–2020	Finance Committee (FC)	BU
Member	2018–2019	Syndicate Committee — Medical Insurance Policy for Students	BU
Member	2019–2020	High Power Advisory Committee — Directorate of Distance Education	BU
Member	2019–2021	IOAC Advisory Board	BU
Member	2021	NEP Implementation Committee	BU
Member	2019–2022	Technical Statute Committee	BU
Member	2019–2020	Identification of Vacant Teaching Positions	BU
Member	2019–2020	Standing Committee — IFMI College Autonomous Status	BU
Coordinator	2019	Ph.D. Entrance Exam — Science Faculty	BU
Member	2019–2022	Statutory Committee	BU
Member	2016, 2020	Equivalence Committee — UG Course Equivalence, Karnataka	Higher Education Council, Karnataka
Member	2018–2019	Library Committee	BU
Member	2019–2020	Committee for Mahatma Gandhi & Swami Vivekananda Study Centres	BU
Member	2019	Committee on Causes of Delay in Construction of Buildings	BU

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

Member	2019	Committee — Granting Research Institute Status to Oxford College	BU
Member	2016	e-Book Committee	BU
Member	2019	Committee to Scrutinize Women Achievers — Teaching, Non-Teaching & Students	BU
Member	2018	Standing Committee — Grievances of Ph.D. Students	BU
Member	2018	Committee for Preparation of Seniority List of College Principals	BU
Member	2017–2019	Advisory Committee — Pre-examination Coaching	BU
Member	1995–1998	Co-ordination Committee for Students' Election	BU
Member	2009–2012	Bio Park Committee	BU
Coordinator	2009	Refresher Course in Life Sciences — UGC Academic College	BU
Member	2009	Biodiversity Board	BU
Member	2019	Granting Research Institute Status to NIANP	BU
Member	1994–2000	SC/ST Amelioration Committee	BU
Member	1993–1998	Advisory Committee for University Hostel	BU
Member	1996–2000	SC/ST Research Scholars Review Committee	BU
Member	2007	UGC Project JRF Selection in Zoology	BU
Member	2007	Selection of UGC-FIP Candidates in Zoology	BU
Member	—	Selection of College & University Teachers for UGC Refresher Course	BU
Member	1994–2004	Medical Reimbursement Committee — PG Students & Research Scholars	BU
Member	2004	Dr. B.R. Ambedkar Jayanthi — Gold Medal & Publication Committee	BU

6. Local Enquiry Committee & SC/ST Welfare — Bangalore University

Role	Period	Details
Chairman — Local Enquiry Committee (Affiliation of New Colleges & Renewal)	2001, 2008, 2014–2021	Granting Affiliations for starting New Colleges and Renewal of Affiliation of existing colleges
Member — Local Enquiry Committee (Affiliation)	2004, 2005, 2007–2025	Member, BU Local Inquiry Committee for Granting Affiliation to Colleges
Deputy Director — Student Welfare	1994–1998	Bangalore University
Chief Warden — University PG Hostels	1993–1994	Bangalore University
Warden — University PG Hostel No. 2	1992–1993	Bangalore University
Member — SC/ST Amelioration Committee	1994–2000	Bangalore University
Member — Advisory	1993–1998	Bangalore University

Committee for University Hostel		
Member — SC/ST Research Scholars Review Committee	1996–2000	Bangalore University

7. Consultancy & Extension Activities

Activity	Period	Details
Project Implementation — Lake Development BDA	2008–2009	Member, Lake Development — Bruhat Bengaluru Mahanagara Palike (BDA), Govt. of Karnataka

8. Memberships in Professional Bodies

8.1 International Memberships

Organisation	Period	Scope / Role
IUCN — International Union for Conservation of Nature (Commission Member)	2013–2025	SSC, CEESP, WCEL, CEM, CEC, WCPA commissions

8.2 Professional Bodies in India

Role	Since	Body	Location
President	2009–2025	Indian Society for Comparative Animal Physiology (ISCAP)	India
Fellow	23-12-2009	Association of Biotechnology and Pharmacy (FABP)	India
Fellow	2-2-2000	National Society for Environmental Science Academy (FSESc)	India
Life Member	21-4-1998	National Environmental Science Academy	India
Life Member	27-05-2013	Indian Science Congress Association	India
Life Member	18-1-2010	Indian Society of Comparative Animal Physiology	Tirupati
Life Member	15-8-1988	Indian Society of Life Sciences	India

8.3 Elected Positions in Professional Bodies

Role	Period	Body	Location
President	2009–2025	Indian Society for Comparative Animal Physiology	India
Convener	2002–2010	National Environmental Science Academy — Karnataka Chapter	New Delhi
Executive Member	1994–2000	Bangalore Teachers Council	Bangalore University
Treasurer	1995–1996	Bangalore Teachers Council	Bangalore University
Chief Patron	2009–2011	Zoology Teachers Association	Bangalore University
Secretary	1985–1986	Zoology Association — Undergraduate College	Krishnagiri

9. Editorial Boards of Research Journals — 59 Journals (52 International, 7 National)

Participation in worldwide research quality control

9.1 International Journals — Associate Editor / Editor

Role	Journal Name	Publisher / Country
Editor	Petroleum & Petrochemical Engineering Journal (PPEJ)	Medwin Publishers
Associate Editor	Journal of Biotechnology and Biodiversity	Federal University of Mato Grosso, Brazil
Associate Editor	Advances in Forestry Science	Federal University of Mato Grosso, Brazil
Associate Editor	European Journal of Biotechnology and Biosciences	Exeter, Devon, UK
Associate Editor	International Journal of Multidisciplinary Research and Development	Singapore
Associate Editor	International Journal of Forestry Research and Engineering	MedCrave
Associate Editor	Journal of Pesticides and Bio-Fertilizers	Auctores Online
Associate Editor	International Journal of Civil, Agricultural & Environmental Engineering Research	CAEER
Editor	Journal of Basic and Applied Zoology	Elsevier / Egyptian German Society for Zoology

9.2 International Journals — Editorial Board Member

Journal	Scope
International Journal of Advanced Educational Research (ISSN: 2455-6157)	Education
International Journal of Biology Research (ISSN: 2455-6548)	Biology
European Journal of Biotechnology and Bioscience, UK (ISSN: 2321-9122)	Biotechnology
International Journal of Multidisciplinary Research and Development (ISSN: 2349-4182)	Multidisciplinary
BIOINFO Environment and Pollution (ISSN: 2249-1716)	Environment
International Journal of Multidisciplinary Education and Research (ISSN: 2455-4588)	Education
Journal of Fisheries & Livestock Production	Fisheries
International Journal of Current Research in Biological Sciences (ISSN: 2348-8069)	Biology
International Journal of Comprehensive Leading Research in Science (ISSN: 2455-4693)	Science
Toxicology International	Toxicology
Asia Pacific Journal of Molecular Biology and Biotechnology	Biotechnology
Hydrology / American Journal of Bioscience and Bioengineering, Science Publishing Group, USA	Hydrology
American Journal of Environmental Protection, Science Publishing Group, NY, USA	Environment
American Journal of Bioscience and Bioengineering, Science Publishing Group, NY, USA	Bioscience
Global Journal of Zoology	Zoology
International Journal of Environmental Science and Development (2014)	Environment
International Science Index — Biological, Veterinary, Agricultural & Food Engineering	Engineering
International Scientific Academy of Engineering & Technology	Engineering
World Academy of Science, Engineering and Technology	Multidisciplinary

International Science Index — Agricultural and Biosystems	Agriculture
International Science Index — Animal and Veterinary Sciences	Veterinary
International Science Index — Biological and Life Sciences	Life Sciences
Asian Journal of Conservation Biology	Conservation
International Scientific Academy — Chemical, Biological, Medical & Environmental Sciences	Environmental
Global Publishers — Natural Science Reviewer	Natural Science
International Association for Civil, Agricultural & Environmental Engineering Research	Engineering
Forestry Research and Engineering International Journal (Med Crave)	Forestry
Acta Scientific Agricultural Editorial Board	Agriculture
Journal of Marine Biology and Aquascape (Auctores Online)	Marine Biology
Journal of Ecology and Toxicology (OMICS Online)	Ecology
Journal of Dermatology and Dermatitis (Auctores Online)	Dermatology
International Research Journal of Natural and Applied Sciences (ISSN: 2349-4077)	Natural Sciences
GSC Advanced Research and Reviews (GSCARR) — International Multidisciplinary	Multidisciplinary
International Journal of Academic Research and Development (ISSN: 2455-4197)	Research
International Journal of Fisheries and Aquatic Studies	Fisheries

9.3 National Journals

Role	Journal	Type
Member	National Journal of Multidisciplinary Research and Development	National
Executive Editor (2002)	Indian Journal of Comparative Animal Physiology	National
Associate Editor	Journal of Current Science	National
Member	Editorial Board — Journal of Eco Planning	National
Member	Current Trends in Biotechnology and Pharmacy	National
Member	National Journal of Advanced Research (ISSN: 2455-216X)	National
Member	Advances in Agricultural Technology & Plant Sciences (AATPS) Chembio Publishers	National
Reviewer	Journal of Medical Practice and Review	National

Full

10. Important National Assignments

Role in merit-based selection process of Govt and reorganization

10.1 Union Public Service Commission (UPSC) — Advisor, PT Board

Body	Period	Boards	Scope
UPSC — Union Public Service Commission, New Delhi	2005–2018	18 Boards	Civil Services — Advisor, PT Board
Staff Selection Commission (SSC)	2009–2016	54 Boards (27 Days)	13 Ministries — Selections of various posts
Ministry of HRD (MHRD) — Kendriya Vidyalaya	1995–1997	44 Boards (22 Days)	Teachers' Selections

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

MHRD / CSIR — Council for Scientific & Industrial Research	2015	1 Board (1 Day)	Scientific & Industrial Research Selections
DST — INSPIRE Programme	2011–2021	26 Boards	Dept. of Science & Technology, GOI
UGC — University Grants Commission	2005–2020	6 Boards	Project Screening — Zoology, Physiology & Aquaculture
Karnataka NEP — Chairman, Subject Committee	2021–2022	15 Boards	Framing State-Level Syllabus for UG & PG (Zoology, Genetics, Genomics)
KPSC — Karnataka Public Service Commission	2002–2017	Multiple Boards	Selections of various posts, Govt. of Karnataka
University Teaching Post Selections	2004–2024	50 Boards	University Teacher Selections across India
NAAC — National Assessment & Accreditation Council	2014–2024	20 Boards	14 Colleges, 1 University
CCSEA — Statutory Member (Min. of Fisheries, AH&D, GOI)	Jun 2018 – Sep 2021	50 Boards	Supervision of Biomedical Research on Animals
CCSEA — Nominee (Min. of Fisheries, AH&D, GOI)	2009–2029	150 Boards	Ministry of Fisheries, Animal Husbandry & Dairying, GOI
MoEF — Ministry of Environment & Forests	—	2 Boards	Environmental review panels
BU — Dept. Council, Syndicate, Academic Council, Board of Studies, SC/ST	1992–2022	326 Boards	Apex university governance bodies

Keynote Lectures | National Assignments | Conferences | Publications | Books

1. Keynote / Invited / Guest Lectures — 20 Boards

Date	City	Event / Programme
25 Sep 2019	Guntur	National Seminar on e-Contents, MOOCs and ARPIT — Higher Education National Conference, Acharya Nagarjuna University (NAAC Seminar)
30 Jan 2015	Nuzivedu	DST SEATS-INSPIRE Programme — 'Water and Society', Arts & Science College, West Godavari District, Andhra Pradesh
4 Jan 2017	Tirupati	Indian Science Congress Award Lecture
1 May 2014	Guntur	Keynote Speaker — Chalapathi Institute of Pharmaceutical Sciences, Guntur
30 Jan 2013	Vijayawada	DST SEATS-INSPIRE Programme — 'Water and Society', Andhra Pradesh
Sep 2013	Bangalore	National Conference 'Jeevanveshane' — Dept. of Biotechnology, RJS College
11–15 Oct 2013	Tenali	VSR & NVR College, Acharya Nagarjuna University — DST-INSPIRE Sponsored
2010	Bangalore	Transdisciplinary National Conference — Dept. of Biotechnology, Presidency College
10 Oct 2013	Vijayawada	DST SEATS-INSPIRE Programme — 'Water and Society', Andhra Pradesh
14 Jun 2013	Vijayawada	DST SEATS-INSPIRE Programme — 'Water and Society', Vijayawada, Andhra Pradesh
17–21 Jun 2012	Nagaram	DST SEATS-INSPIRE Programme — 'Water and Society', Sree Velagapudi Ramakrishna Memorial College, Nagaram, Guntur Dt., AP
19–23 Oct 2012	Nagaram	DST SEATS-INSPIRE Programme — 'Water and Society', Sree Velagapudi Ramakrishna Memorial College, Nagaram, AP

Nov 2012	Tirupati	International Conference on Anthropogenic Impact on the Environment and Bioremediation — Dept. of Zoology
20–24 Oct 2012	Penugonda	DST SEATS-INSPIRE — S.V.K.P. & Dr. K.S. Raju Arts & Science College, Penugonda, West Godavari, AP
17–21 Jun 2012	Nellore	DST SEATS-INSPIRE — Vikrama Simhapuri University, Nellore, AP
3 Oct 2011	Nagaram	DST SEATS-INSPIRE — 'Water and Society', Sree Velagapudi Ramakrishna Memorial College, Nagaram, Guntur Dt., AP
21 Dec 2011	Nagaram	DST SEATS-INSPIRE — 'Water and Society', Sree Velagapudi Ramakrishna Memorial College, Nagaram, Guntur Dt., AP
22 Apr 2000	Bangalore	Lecture on Remote Sensing Use for Lake Development — Bangalore Development Authority
23 Mar 2007	Bangalore	'Women and Water' — Seminar on International Water Day, Organized by Karnataka Women's Commission
—	Bangalore	Keynote Speaker — Chalapathi Institute of Pharmaceutical Sciences, Lam, Guntur, AP, 1 May 2014

2. Ministry of HRD — Kendriya Vidyalaya Sangathan, Govt. of India

Year	Period	Role	Ministry / Details
1997	3–19 Mar (13 days)	Expert Member — PGT Chemistry	Ministry of Human Resource Development
1997	3–9 Jul (6 days)	Expert Member — PGT Chemistry	Ministry of Human Resource Development
1995	30 Mar – 14 Apr	Expert Member — Primary Teachers	Ministry of Human Resource Development
1995	5 Oct	Expert Member — PGT Geography and Commerce	Ministry of Human Resource Development

3. Staff Selection Commission (SSC) — Karnataka & Kerala Region, Govt. of India (31 Days, 29 Boards, 12 Years)

Year	Date	Post	Ministry / Dept.
2016	3 Mar	Combined Graduate Level Examinations	Ministry of Defence
2015	5–8 Jan	Asst Inspector of Ports; Inspector of Central Excise; Statistical Inspector	Ministry of Defence
2015	12 Jan	Combined Graduate Level Examinations	Ministry of Defence
2015	11 Feb	Asst Inspector of Ports; Inspector of Central Excise; Statistical Inspector	Ministry of Defence
2014	24–25 Feb	Sub-Inspector, Delhi Police	Ministry of Defence
2014	10 Mar	Sub-Inspector, Delhi Police	Ministry of Defence
2014	14 Mar	Sub-Inspector, Delhi Police	Ministry of Defence
2013	29–30 Apr	Agriculture Technical Officer	Ministry of Agriculture
2013	22 Aug	Agriculture Technical Officer	Ministry of Agriculture

2013	16 Sep	Junior Technical Assistant	Forest Survey of India
2013	23 Nov	Junior Technical Assistant	Forest Survey of India
2012	3 Jan	Bosun	Ministry of Shipping
2012	21 Feb	Promotion Officer	Ministry of Textiles & Handicraft
2012	26 Apr	Promotion Officer	Ministry of Textiles & Handicraft
2012	6 Jun	Research Assistant	Ministry of Health & Family Welfare
2012	28 Jun	Transmission Executive (General and Production)	Ministry of Broadcasting — All India Radio
2012	10 Nov	Fishing Technology	Ministry of Fisheries
2011	7–8 Feb	Inspector, Income Tax	Ministry of Defence
2011	21 Feb	Technical Officer	Ministry of Agriculture
2011	14 Mar	Junior Technical Assistant	Ministry of Environment and Forests
2011	6 Jun	Wildlife Inspector; Transmission Executive	Ministry of Environment, Ecology & Forests
2011	29 Jul	Inspector; Asst Inspector IT – CE	Ministry of Defence
2011	22 Aug	Wildlife Inspector	Ministry of Environment, Ecology & Forests
2011	24 Oct	Agriculture Instructor	Ministry of Agriculture
2010	29 Jan	Research Assistant	Ministry of Health and Family Welfare
2010	10 Sep	Fishing Technologies	Ministry of Shipping
2010	1 Nov	Archaeologist	Ministry of Archaeological Survey of India
2010	11 Nov	Fishing and Technology	Ministry of Fisheries
2009	26 Nov	Technical Assistant	Ministry of Anthropological Survey of India

4. Ministry of Environment, Forest & Climate Change / CCSEA — Govt. of India

4.1 MoEF — Department Assessment Committee

Role	Date	Details
Member — Departmental Assessment Committee (DAC)	13 Jul 2021	Promotion of Scientists in Ministry of Environment, Forests and Climate Change (MoEF&CC)

4.2 CCSEA — Committee for Control & Supervision of Experiments on Animals

Role / Position	Period	Institution / Details
Statutory Member — CCSEA	Jun 2018 – Sep 2021	Ministry of Fisheries, Animal Husbandry & Dairying — Regulating Biomedical Research Experimentation on Animals across 1,600 Establishments in India
Member, Subcommittee	2019	Framed Guidelines for Fish / Zebrafish for Research Purpose, CCSEA, GOI
Member, Subcommittee	2018–2021	Selection of Nominees, CCSEA, GOI
Member, Subcommittee	2020	Standard Protocols for Animal Experimentation in Countries other than India, CCSEA, GOI

Trained Nominee — CCSEA	Jun 2018	CCSEA Trained Nominee
Nominee — CCSEA (NIMHANS)	1 Jun 2018 – 2023	Institutional Animal Ethics Committee (IAEC) — National Institute of Mental Health and Neurosciences
Chairman & Biological Scientist — IAEC	2010–2013 & 2014–2016	Institutional Animal Ethics Committee, Bangalore University
Nominee — CCSEA	27 Sep 2024 – 2029	Vaarunya Biolabs Private Limited
Nominee — CCSEA	27 Sep 2024 – 2029	Foundation for Neglected Disease Research
Nominee — CCSEA	7 Mar 2023 – 2028	Radiant Research Services Pvt. Ltd.
Nominee — CCSEA	17 Feb 2023 – 2028	Adgyl Lifesciences Private Limited
Nominee — CCSEA	29 Jul 2022 – 2027	Bhat Bio-Tech India (P) Ltd.
Nominee — CCSEA	5 Jul 2022 – 2027	Biovet Private Limited
Nominee — CCSEA	27 Jun 2022 – 2027	Faculty of Pharmaceutical Sciences, PES University
Nominee — CCSEA	22 Jun 2022 – 2027	Anthem Biosciences Limited
Nominee — CCSEA	22 Jun 2022 – 2027	National Institute of Unani Medicine, MoHFW
Nominee — CCSEA	13 Jun 2022 – 2027	Chromed Biosciences Private Limited
Nominee — CCSEA	2021–2023	Devraj Urs Medical University

5. NAAC — National Assessment & Accreditation Council, Govt. of India (2014–2025)

Date	Institution	State	Role
4–5 Jun 2025	Bankura Christian College	West Bengal	Chairman (Online)
29–31 Jan & 1 Feb 2025	Sharath College, Dhaniakhali, District Hooghly	West Bengal	Member Coordinator
5–6 Nov 2024	Pandit Dindayal Upadhyay Adarsha Mahavidyalaya, Chirapunje	Amjonga, Assam	Chairman
4–6 Oct 2024	Lakundur — Ramtek, DR Ambedkar Samadhi	Maharashtra	Member Coordinator
23 Jun 2024	Oories College, Vellore	Tamil Nadu	Member Coordinator
21–23 Dec 2023	Desh Bhagath University	Punjab	Member
4–5 Oct 2023	Don Bosco College, Tura	Meghalaya	Chairman
4–5 Aug 2023	Government College, Ananthapiramu	Andhra Pradesh	Member Coordinator
5–7 Jul 2023	Sri GCSR Degree College, Rajam, Vizag	Andhra Pradesh	Chairman
31 Jan – 6 Jun 2023	Government Shaheed Gendsing College, Charma	Chhattisgarh	Chairman
10–11 Oct 2022	Pocker Sahib Memorial Orphanage College, Kozhikode	Kerala	Member Coordinator
17–18 Aug 2022	Bharatiya Vidya Bhavan, Mumbai	Maharashtra	Member Coordinator
20–22 Oct 2016	Balasore / Digha	Odisha	Member Coordinator
28 Sep 2016	Dayanand DAV College, Hissar (via Delhi)	Haryana	Member Coordinator
20–22 Jul 2016	Rajiv Gandhi College of Science and Arts	Pondicherry	Member Coordinator

29 Mar 2019	NAAC Seminar	Bangalore	Participant
19 Sep 2018	NAAC Conference	Bangalore	Participant
2–3 Sep 2014	Assessors' Interaction Meeting Training — General Education Institutions	NAAC Office, Bangalore	Assessor Training

6. University Teaching Post Selections — 20 Years, 50+ Boards

Year	Date	Post	University / State
2025	11 Oct 2025	Asst. Professor & Associate Professor	St. Joseph University, Bangalore
2025	12 Aug 2025	Professor	Patna University, Patna, Bihar
2025	11 Jun 2025	Asst. Professor & Associate Professor	St. Joseph University, Bangalore
2024	21 Jan 2024	Professor	Adikavi Nannaya University, Rajahmundry, AP
2023	14 Aug 2023	Asst. Professor & Associate Professor	Periyar University, Salem
2023	16 Oct 2022	Asst. Professor & Associate Professor	Goa University, Goa
2021	21 Nov 2022	Associate Professor	Maharani University, Bangalore
2020	30 Nov 2020	Asst. Professor & Associate Professor	Physics — Bangalore University
2020	26 Nov 2020	Asst. Professor & Associate Professor	Apparel Technology Management — Bangalore University
2020	25 Nov 2020	Asst. Professor & Associate Professor	Library and Information Science — Bangalore University
2020	25 Nov 2020	Asst. Professor & Associate Professor	Electronic Science — Bangalore University
2020	17 Nov 2020	Asst. Professor & Associate Professor	Electronic Media — Bangalore University
2019	21 Dec 2019	Asst. Professor & Associate Professor	Library and Information Science — Bangalore University
2019	7 Dec 2019	Asst. Professor	Geography — Bangalore University
2019	3 Dec 2019	Asst. Professor & Associate Professor	Physics — Bangalore University
2019	30 Nov 2019	Asst. Professor	Microbiology — Bangalore University
2019	26 Nov 2019	Asst. Professor	Geography — Bangalore University
2019	19 Nov 2019	Asst. Professor	Psychology — Bangalore University
2019	12 Nov 2019	Asst. Professor	Mathematics — Bangalore University
2019	8 Nov 2019	Professor	Chemistry — Bangalore University
2019	5 Nov 2019	Asst. Professor	Statistics — Bangalore University
2019	30 Oct 2019	Asst. Professor	Electronic Science — Bangalore University
2019	22 Jul 2019	Professor	Zoology — Bangalore University
2019	10 Jul 2019	Professor	Physics — Bangalore University
2019	10 Jul 2019	Professor	Biochemistry — Bangalore University
2019	10 Jul 2019	Professor	Computer Science & Engineering — Bangalore University
2019	10 Jul 2019	Professor	Chemistry — Bangalore University
2019	4 Feb 2019	Associate Professor to Professor	Psychology — Bangalore University
2019	4 Feb 2019	Professor	Environmental Science — Bangalore University
2019	4 Feb 2019	Professor	Chemistry — Bangalore University

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2019	14 Jan 2019	Professor	Electronics & Communication Engineering — Bangalore University
2019	16 Jan 2019	Professor	Electrical & Electronics Engineering — Bangalore University
2019	17 Jan 2019	Professor	Civil Engineering — Bangalore University
2019	12 Jan 2019	Professor	Mechanical Engineering — Bangalore University
2019	11 Jan 2019	Professor	Computer Science & Engg / Information Science & Engg — Bangalore University
2018	28 Sep 2018	Professor	Acharya Nagarjuna University, Guntur
2018	26 Sep 2018	Professor	Andhra University, Visakhapatnam
2018	6 Sep 2018	Asst. Professor	Sri Krishnadevaraya University, Bellary
2018	6 Jun 2018	Professor	Karnatak University, Dharwad
2018	29 Apr 2018	Associate Professor	Ch. Charan Singh University, Meerut
2018	2018	Professor	Acharya Nagarjuna University, Guntur
2015	2015	Professor	S.V. University, Tirupati, Andhra Pradesh
2014	2014	Professor	Bharathidasan University, Coimbatore
2013	2013	Professor — Environmental Science	Kuvempu University, Shivamogga
2012	30 Dec 2012	Professor	Guru Ghasidas Central University, Bilaspur (C.G.)
2012	2012	Professor	Kakatiya University, Warangal
2012	2012	Professor — Environmental Science	Kuvempu University, Shivamogga
2012	4 Sep 2012	Associate Professor & Professor	Guru Ghasidas Central University, Bilaspur (C.G.)
2011	30 Apr 2011	Associate Professor & Professor	Guru Ghasidas Central University, Bilaspur (C.G.)
2009	18 Feb 2009	Principal / Professor	Patna University, Patna
2008	6 Dec 2008	Professor	Karnataka University, Dharwad
2006	2006	Reader — Dept. of Marine Biology	Karnatak University, Dharwad (Governor's Nominee)
2004	16 Oct 2004	Professor	Sri Krishnadevaraya University, Anantapur, AP

7. University Grants Commission (UGC) — Govt. of India (6 Boards)

Year	Date	Assignment	Details
2020	23 Oct 2020	Enquiry Committee — Misuse of Funds in Lal Bahadur College, Warangal, Telangana	Enquiry Committee
2016	21 Jan 2016	Evaluation of Minor Research Project	UGC-SWRO Office, Bangalore
2011	24–25 Mar 2011	UGC Funding Council — Major & Minor Research Projects for University & College Teachers	Zoology, Physiology and Aquaculture, New Delhi
2010	29–30 Sep 2010	UGC Funding Council — Major & Minor Research Projects for University & College Teachers	Zoology, Physiology and Aquaculture, New Delhi
2009	7–8 Nov 2009	UGC Funding Council — Major & Minor Research Projects for University & College Teachers	Zoology, Physiology and Aquaculture, New Delhi

2005	25 Feb 2005	Fact-Finding Committee — Hidayatullah National Law University, Raipur	Examine Implementation of Reservation for SC/ST as per Government Guidelines
------	-------------	---	--

8. Karnataka Public Service Commission (KPSC) — Govt. of Karnataka

Year	Date	Assignment / Post	Body / Institution
2017	2018	Group A Officers Selection	Karnataka Public Service Commission
2017	2020	Lecturer in Biology — Morarji Desai Memorial Schools, Karnataka	Karnataka Public Service Commission
2016	2021	Scientific Officer	Karnataka Public Service Commission
2014	6 Aug 2014	Karnataka Biodiversity Board — Forest, Ecology & Environment Dept., Govt. of Karnataka	People's Biodiversity Registry Programme
2010	22 Apr 2010	Lake Rejuvenation Programme	Bangalore Development Authority — Coordination of Bangalore Lakes
2006	12 Aug 2003	Member — Syllabus Committee for Asst. Conservators of Forest	Forest Department, Govt. of Karnataka
2005	Feb 2007	Integration related to Water Management	Karnataka State Women's Commission
2004	26 Aug 2003	Scientist-Student Interaction Programme — College of Engineering	IISc Bangalore
2003	4 Sep 2003	Scientist-Student Interaction Programme — College of Engineering, Kolar	IISc Bangalore
2002	27 Aug 2002	Scientist-Student Interaction Programme — BVB College of Engineering & Technology, Hubli	IISc Bangalore

9. Examiner — Medical College (Sri Devaraj Urs Academy of Higher Education & Research)

Year	Examinations
2010	PG Diploma in Genomic Technology and Molecular Cell Biology PG Diploma in Medical Genetics
2011	PG Diploma in Genomic Technology and Molecular Cell Biology PG Diploma in Medical Genetics
2012	M.Phil. in Molecular Cell Biology M.Phil. in Medical Genetics
2013	M.Phil. in Molecular Cell Biology and Medical Genetics
2015	M.Phil. in Molecular Cell Biology and Medical Genetics
—	Examiner — Sri Venkateshwara Institute of Medical Sciences (SVIMS), Tirupati, Andhra Pradesh

10. Conferences / Seminars / Workshops Organised

Year	Role	Place	Event / Title
2009	Chairman	Bangalore	International Conference — Environmental Pollution, Water Conservation and Health
2009	Chairman	Bangalore	National Conference — Water, Plumbing, Sanitation and Health:

			Issues and Challenges — A Transdisciplinary Approach
2010	Chairman	Bangalore	National Workshop on Biodiversity Awareness, Conservation and Utility
1997	Organising Secretary	Bangalore	Fourth National Seminar on Fish and Their Environment
24 Nov 2014	Chairman	Bangalore	Workshop on Nobel Lecture — Dept. of Zoology, Bangalore University
1999	Organising Secretary	Bangalore	National Conference on Recycling of Water Sources, Bangalore
28–29 Feb 2016	Judge	Bilaspur, Chhattisgarh	14th Chhattisgarh Young Scientist Congress (CYCS-2016) — Veterinary Science, Animal Husbandry and Dairy Technology; Bilaspur University
29–30 Oct 2009	National Advisory Committee	Mysore	National Conference on Recent Trends in Animal Physiology
26–28 Jul 2009	Advisory Committee	Tirupati	International Symposium on Environmental Pollution, Ecology and Human Health — S.V. University

11. International Conferences Attended / Presented — 07 Abroad, 04 in India

11.1 International Conferences Abroad

Date	Country / City	Conference / Event
2016	Honolulu, USA	IUCN Conservation World Congress — Places visited en route: Frankfurt (Germany), Paris (France), Interlaken, Zurich, Lucerne (Switzerland)
12–20 Nov 2014	Sydney, Australia	IUCN World Parks Congress — Places visited en route: Frankfurt, Kuala Lumpur
14–21 Mar 2013	Keelung, Taiwan	Conference on 'Challenges in Aquatic Sciences' — Ocean University, Keelung; Places visited en route: Bangkok
10 Sep 2011	Austin, Texas, USA	14th World Lake Conference — Places visited en route: New York, Orlando, Las Vegas, San Francisco, Los Angeles, Dallas
11–16 Nov 2001	Osaka, Japan	9th International Conference on Lake Water Quality — Places visited: Ostu, Hong Kong, Singapore (ILEC Funded)
28 Aug – 2 Sep 2000	Athens, Greece	XVIII New International Conference of Zoology
11–15 Aug 1997	Ceske Budejovice, Czech Republic	3rd International Conference on Reservoir Limnology and Water Quality — Hydrobiological Institute; Places visited: Bucharest, Budapest, Athens

11.2 International Conferences in India

Date	City	Conference
19–21 Dec 2009	Guntur	International Symposium on 'Emerging Trends in Biomedical and Nanotechnology: Relevance to Human Health' — Acharya Nagarjuna

		University
25–30 Oct 1999	Nainital	International Conference on Tropical Diseases
13–17 Dec 1989	Madras	International Symposium on 'Environmental Impact on Biosystems' — Loyola College
21–23 Dec 2016	Tirupati	International Conference on Conservation and Human Health — Dept. of Zoology, S.V. University

12. Member, International Scientific Committee of Conferences — 52 Boards (2017–2030)

Year	City / Country	Conference
2030	New York, USA	32nd International Conference on Fisheries and Aquatic Sciences
2029	Phuket, Thailand	31st International Conference on Fisheries, Animal and Veterinary Sciences
2029	Tokyo, Japan	31st International Conference on Fisheries and Aquatic Sciences
2029	Venice, Italy	31st International Conference on Ethnopharmacology
2029	Chicago, USA	31st International Conference on Ecology of Fish in Lakes and Reservoirs
2029	Tokyo, Japan	31st International Conference on Drug Design and Development
2029	Prague, Czech Republic	31st International Conference on Environment, Agriculture and Food Sciences
2028	Penang, Malaysia	30th International Conference on Antibiotics and Dosage Regimens
2028	Paris, France	30th International Conference on Mycotoxins and Phycotoxins
2028	Bali, Indonesia	30th International Conference on Ecology of Fish in Lakes and Reservoirs
2028	Zurich, Switzerland	30th International Conference on Fisheries and Aquatic Sciences
2027	New York, USA	29th International Conference on Pain Medicine and Management
2027	Zurich, Switzerland	29th International Conference on Pharmacodynamics and Clinical Immunology
2027	Lisbon, Portugal	29th International Conference on Environment, Agriculture and Food Sciences
2027	Penang, Malaysia	29th International Conference on Antibiotics and Pharmacokinetics
2026	Prague, Czech Republic	28th International Conference on Environment, Agriculture and Food Sciences
2026	Chicago, USA	28th International Conference on Ecology of Fish in Lakes
2025	Prague, Czech Republic	27th International Conference on Environment, Agriculture and Food Sciences
2024	Paris, France	26th International Conference on Fisheries and Aquatic Sciences
2024	Prague, Czech Republic	26th International Conference on Cholinergic Drugs and Drug Metabolism
2024	Bangkok, Thailand	26th International Conference on Biomedical Electronics
2023	Zurich, Switzerland	25th International Conference on Cholinergic and Antineoplastic Drugs
2023	Rome, Italy	25th International Conference on AgriFood, Food Science and Bioprocessing
2022	Zurich, Switzerland	24th International Conference on Aquatic Nutrition and Health
2021	Dubai, UAE	23rd International Conference on Aquatic Sciences and Fisheries
2021	Prague, Czech Republic	23rd International Conference on Forensic Science, Criminology, Law and Biology
2021	Rio de Janeiro, Brazil	23rd International Conference on Fisheries and Aquatic Solutions

2020	Venice, Italy	22nd International Conference on Pain Medicine and Nursing
2020	Jeddah, Saudi Arabia	22nd International Conference on Pharmaceutical Industry
2020	Barcelona, Spain	3rd World Congress on Environmental Toxicology and Health Safety
2020	Penang, Malaysia	22nd International Conference on Fisheries and Aquatic Sciences
2019	Zurich, Switzerland	21st International Conference on Neuropharmacology and Pharmacy
2019	Innsbruck, Austria	21st International Conference on Clinical Immunology, Pharmacy and Drug Development
2018	Kyoto, Japan	20th International Conference on Pharmaceutical Testing
2018	Osaka, Japan	20th International Conference on Pharmacognosy and Clinical Pharmacy
2018	Paris, France	20th International Conference on Exotic Animal Medicine
2018	Pahang, Malaysia	International Conference on Geology, Ecology and Landscapes
2018	Kuala Lumpur, Malaysia	20th International Conference on Mycotoxins and Phycotoxins
2018	Prague, Czech Republic	20th International Conference on Environment, Agriculture and Food Sciences
2018	Prague, Czech Republic	20th International Conference on Aquafeed, Nutrition and Feed Technology
2018	London, UK	20th International Conference on Antibiotics and Pharmacodynamics
2017	Paris, France	19th International Conference on Clinical Pathology and Diagnostic Testing
2017	London, UK	19th International Conference on Toxicology
2017	Cuba	19th International Conference on Clinical and Experimental Pharmacology
2017	Paris, France	19th International Conference on Phytopathology and Plant Disorders
2017	Kuala Lumpur, Malaysia	Water, Air & Soil Conservation Society (INWASCON)
2017	Marrakech, Morocco	19th International Conference on Medical Law and Legal Medicines
2017	London, UK	19th International Conference on Drug Design and Pharmacokinetics
2017	Paris, France	19th International Conference on Ecology of Fish in Lakes and Reservoirs
2017	London, UK	19th International Conference on Drug Design and Advanced Pharmacology
2017	Osaka, Japan	19th International Conference on Aquatic Sciences and Fisheries

13. National Conferences Attended / Presented — 73 Nos

Date	City	Conference / Event
10 Sep 2018	Bangalore	NAAC 25th Foundation Day Seminar — 'Ranking, Accreditation and Quest for Quality: International Scenario and Indian Perspective'
2–7 Jan 2017	Tirupati	104th Indian Science Congress — S.V. University
6–7 Dec 2017	New Delhi	Two-Day Training Programme for Nominees of CPCSEA — Ganga Auditorium, Indira Paryavaran Bhawan
23–24 Mar 2017	Bangalore	National Conference on Environment and Pollution

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2016	Kerala	National Seminar on Fostering Synergistic Relationships — Fatima Mata National College (Autonomous), Kollam
16–17 Jun 2015	Bangalore	Two-Day Workshop on Assessing Technologies for Higher Education — Karnataka Jnana Aayoga
24 Nov 2014	Bangalore	Workshop on Nobel Lecture — Dept. of Zoology, Bangalore University
23 Sep 2015	Bangalore	One-Day Workshop on Choice Based Credit System — Conducted by IQAC
15–16 Apr 2015	Bangalore	Two-Day BU Golden Jubilee Lecture Series 'Biology in the Genomic Era' — Centre for Applied Genetics and Zoology, Bangalore University
15 Oct 2015	Bangalore	Dr. A.P.J. Abdul Kalam 84th Birth Anniversary Celebration — Indian Science Congress Association & Dept. of Zoology, Bangalore University
1 May 2014	Guntur	Seminar — Chalapathi Institute of Pharmaceutical Sciences, AP
2–3 Sep 2014	Bangalore	NAAC Assessors' Interaction Meeting Training (General Education Institutions)
1–3 Aug 2014	Nellore	Global Summit on 'Emerging Science and Technologies: Impact on Environment and Human Health' — Vikrama Simhapuri University
17 Dec 2013	Tirupati	5th Congress of Federation of Indian Physiological Society (PIPS) & Workshop on Modern Techniques in Physiology — S.V. University
23 Nov 2013	Bangalore	National Conference on Novel Approaches of Life Sciences — RJS College
15–17 Nov 2013	Guntur	National Conference on 'Advances in Hygiene Sciences, Biodiversity and Aquatic Toxicology' — Acharya Nagarjuna University
2–3 Oct 2011	Bangalore	Two-Day Workshop on B.Sc. Degree Semester Syllabus in Zoology
18–19 Dec 2011	Guntur	National Conference on 'Advances in Hygiene Sciences, Biodiversity and Aquatic Toxicology' — Acharya Nagarjuna University
12 Apr 2011	Bangalore	Seminar and Workshop on Alternatives to Use of Animals in Life Science Education — V.V. Puram College of Science
23–24 Mar 2011	Shivamogga	National Conference on Global Climate Change: Perspectives and Challenges — Kuvempu University
16–18 Feb 2012	Chidambaram	3rd International Conference on Bioinformatics and System Biology — Annamalai University
15–17 Jul 2012	Nellore	International Symposium on 'Environmental Impacts, Health Implications and Therapeutic Approaches' — Vikrama Simhapuri University
5 Feb 2010	Bangalore	Yearlong Centenary Lecture Series — Dept. of Zoology, Bangalore University
26–27 Mar 2010	Bangalore	National Symposium on Evolving Trends in Bioprocess Engineering — Kristu Jayanthi College
15–16 Apr 2010	Bangalore	National Symposium on Molecular Innovations in Food Processing and Safety Management — Oxford College of Science
15 Dec 2010	New Delhi	National Conference on Formation of Guidelines for Animal Welfare — Ministry of Environment & Forests, GOI
22 Nov 2010	Bangalore	Transdisciplinary National Conference on Recent Trends in Bio-Medical Research — Biotechnology Dept., Presidency College
16 Feb 2010	Bangalore	One-Day Seminar on Environmental Impact on Biodiversity — Dept. of Zoology, Bangalore University
23 Sep 2009	Bangalore	Seminar on Revision of Curriculum in Zoology for B.Sc. (UG) Semester Scheme — Vijaya College
29 Aug 2009	Bangalore	Release of Centenary Year Logo and Press Meet
14 Nov 2009	Bangalore	National Conference on 'Go Green' — R.V. College of Engineering, Dept. of Biotechnology
12–14 Feb 2009	Guntur	National Conference on Recent Advances in Veterinary and Fishery Science and Biodiversity — Acharya Nagarjuna University

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

29–30 Oct 2009	Mysore	Recent Trends in Animal Physiology — DOS in Zoology, University of Mysore
12–13 Oct 2009	Bangalore	National Workshop on Biodiversity Awareness, Conservation and Utility
26–28 Jul 2009	Tirupati	International Symposium on Environmental Pollution, Ecology and Human Health — S.V. University
23–24 Jan 2009	Bangalore	National Seminar on Conservation of Biodiversity in Protected Areas — Christ University
12–13 Mar 2009	Warangal	National Seminar on Recent Trends in Animal Sciences — Kakatiya University
2009	Guntur	National Conference on Advances in Veterinary and Fishery Sciences and Biodiversity — Acharya Nagarjuna University
21–23 Feb 2008	Bangalore	12th National Symposium on Role of Life Sciences in Human Welfare — Garden City College
20 Oct 2008	Bangalore	National Conference on Expanding New Horizons in Bioscience — Garden City College
28–30 Dec 2008	Bangalore	XXI Annual Conference of National Environmental Science Academy — Urban Environment: Present Scenario and Future Strategies
23 Mar 2007	Bangalore	'Women and Water' — Seminar on International Water Day
2003	Delhi	Annual Conference of National Environmental Science Academy
11–13 Feb 1999	Bangalore	3rd International / 15th National Symposium on Recent Trends in Life Sciences — Dept. of Zoology, Bangalore University
Jan 1997	Bangalore	Fourth National Seminar on Fish and Their Environment (Organising Secretary)
10–12 Jan 1996	Bangalore	National Seminar on Genetic Studies of Mosquitoes and Vectors of Tropical Diseases — Dept. of Zoology, Bangalore University
1994	Jaipur	81st Session of the Indian Science Congress
8–11 Jan 1990	Baroda	All India Symposium on Reproductive Biology and General Endocrinology — 8th Annual Meet of Society for Reproductive Biology & Comparative Endocrinology — M.S. University
21–23 Dec 1990	Aurangabad	11th Annual Session of the Academy of Environmental Biology and BRPM Competition — 'Environmental Pollutants and Resources of Land and Water'
13–17 Dec 1989	Madras	International Symposium on 'Environmental Impact on Biosystems' — Loyola College
25–27 Nov 1988	Delhi	National Symposium on Status of General and Comparative Endocrinology — Dept. of Zoology, Delhi University
Jan 1988	Madurai	Indian Science Congress Association — Madurai University
1–5 Dec 1987	Bodh Gaya	National Seminar on Recent Trends in Fish Biology — P.G. Dept. of Zoology, Magadh University
2–7 Jan 1987	Bangalore	Indian Science Congress Association — Central College, Bangalore University
20–21 Aug 2016	Hyderabad	National Conference of Medical Arthropodology on Emerging and Re-emerging Vector-Borne Diseases — Osmania University
5–7 Oct 2015	Bangalore	BIOBLOOMS-2015 — National Conference on Science and Technology for Indigenous Development — Indian Science Congress Association, Bangalore Chapter

14. TV Live Telecasts for Public Awareness — 13 Boards

Date	Channel	Topic / Programme
2021	Suvarna News	Locust Raid in Agricultural Fields — Expert Commentary
9 Jul 2010	TV DD1 (Chandana)	Live Talk — 'Role of Women in Water Management'
7 Jun 2010	TV DD1	Guest Expert — World Environment Day Live Programme
16 Aug 2010	TV DD1 (Chandana)	Live Talk — 'Role of Citizens in Water Conservation'
5 Aug 2010	TV DD1	Guest Expert — Live Environment Programme
27 Apr 2010	TV DD1	Guest Expert — Live Environment Programme
12 Apr 2010	TV DD1 (Chandana)	Live Talk — 'Role of Citizens in Water Conservation'
27 Apr 2012	TV DD1 (Chandana)	Live Talk — 'Role of Women in Water Conservation'
25 Apr 2013	TV DD1 (Chandana)	Live Talk — 'Role of Women in Water Conservation'
2022	TV Kasturi	Impact of Tree Cutting — Expert Commentary
20 Apr 2020	TV Suvarna	Animal Behaviour — Expert Commentary
—	TV9	Water Conservation and Health
5 Jun 2003	DD Chandana (Live)	World Environment Day — Creating Public Awareness on Water Conservation and Education

15. Daily Newspaper Highlights of Scientific Achievements — 37 Nos

Date	Publication	Headline / Subject
16 Jun 2014	Quartz India	A Bangalore accountant says he's invented a way to clean the Ganga — Featuring Dr. M. Ramachandra Mohan, Zoologist and Water Quality Expert, Bangalore University
22 Jul 2017	Deccan Herald	12 Fish Species in India Near Extinction — Dr. M. Ramachandra Mohan, HoD, Dept. of Zoology
21 Mar 2012	DNA	When Lakes Vanish, Water Tables Dip
21 Jul 2015	New Indian Express	Water Boils, Soil Catches Fire in Anekal, Bengaluru
21 Sep 2009	DNA	Sights, Sounds and Smells from Bangalore
6 Jul 2011	Indian Express	Visionary Science — Preserving Foetus, an Elephantine Process
5 Jun 2011	Deccan Herald	Effective Utilization of Natural Resources like Water
1 Aug 2011	Kannada Prabha	Environmental Coverage
28 Jul 2010	Vartha Bharathi	Lake / Water Report
29 Jul 2010	Samyuktha Karnataka	Lake / Water Report
29 Jul 2010	E-Sanje	Lake / Water Report
29 Jul 2010	Sanjevani	Lake / Water Report
30 Jul 2010	Kannada Prabha	Lake / Water Report
30 Jul 2010	Enadu Karnataka (Telugu)	Lake / Water Report
30 Jul 2010	Udhayavani	Lake / Water Report
30 Jul 2010	Vijaya Karnataka	Lake / Water Report
30 Jul 2010	The Hindu	Lake / Water Report
30 Jul 2010	DNA	Lake / Water Report
30 Jul 2010	Times of India	Lake / Water Report
30 Jul 2010	Dina Thanthi (Tamil)	Lake / Water Report

1 Aug 2010	Prajavani	Lake / Water Report
1 Aug 2010	Indian Express	Lake / Water Report
1 Aug 2010	Deccan Chronicle	Lake / Water Report
17 Apr 2010	Deccan Herald	Tap Lakes, Stop Bore Wells
Jul 2010	DNA	Soon Satellites to the Rescue of Fish in Lakes
20 Oct 2009	Bangalore Mirror	Blow Hot, Blow Cold Yaaake?
21 Sep 2009	Bangalore Mirror	Lake (G)razed to Ground
8 Sep 2009	Bangalore Mirror	100 Years Zoo Story
12 May 2009	Bangalore Mirror	Kengeri Lake Strangulated
1 May 2009	Bangalore Mirror	City Lakes Dying
10 Jul 2008	The Hindu	Illicit Coral Trade is on the Rise in the State
24 Mar 2007	The Hindu	Women and Water — Marking World Water Day
Apr 2002	Pashudhan	Point Blank on his Work on Environment and its Impact (Vol. 17, 4th Issue)
3 Sep 2002	Vijaya Karnataka	Environment Needs More Research
30 Aug 2002	Metro Today	Book Released — 'Aquatic Animals are Worst Sufferers'

16. Trainings Received

Category	Date	Programme / Institution
India	2–3 Sep 2014	NAAC Assessors' Interaction Meeting Training (General Education Institutions) — Two-Day Assessor Training, Bangalore
India	2017	Two-Day Training for CPCSEA Nominees, GOI — The Committee for the Purpose of Control and Supervision of Experiments on Animals (Prevention of Cruelty to Animals Act, 1960), New Delhi
Abroad	17–18 Nov 2001	ILEC / UNEP / Kyoto University Fellowship — Training Course on 'Numerical Modelling of Lakes and Reservoirs', Kusatsu, Japan (International Lake Environment Committee Foundation)
Abroad	11 Aug – 15 May 1999	UNEP-ILEC Fellowship — Workshop on 'Limnology and Water Quality', Academy of Sciences, Hydrology Institute, Cesky Budejovice, Czech Republic

17. Grant & Project Activities

Role	Project / Details
Principal Investigator	Water Quality Management of Lakes in Bangalore and Development of Environment Models — Funded by Bangalore University
Coordinator	UGC-CAS Animal Diversity — Dept. of Zoology, Bangalore University (2014)
Reviewer / Evaluator	Evaluated more than 100 projects for UGC — University and College Teachers
Reviewer / Evaluator	Evaluated more than 100 projects for CCSEA — Govt. of India Animal Experimentation Proposals

18. Books Published — 06 Nos

Authors	Year	Title	Publisher / ISBN
Gayathri Shekar, M. Ramachandra Mohan	2018	Need of Oxygen to The Modern Society (224 pages)	Lambert Academic Publishing (LAP) — ISBN: 978-613-9-89524-3
N. Latha and M. Ramachandra Mohan	2018	The Bangalore Lakes Thriving in the Anthropocene	LAP Lambert Academic Publishing — ISBN: 978-620-2-01564-6
Ramesh P.L. and M. Ramachandra Mohan	2017	Proceedings of National Conference on Environment and Pollution	Anandhani Bhyrava Prakasana, Bangalore — ISBN: 978-93-82406-65-5
Y.N. Narayana Swamy and M. Ramachandra Mohan	2016	Toxicity of the Fish <i>Glossogobius giuris</i> (Ham)	LAP Lambert Academic Publishing — ISBN: 978-3-659-93041-6
Basavaraj Kalgudi and M. Ramachandra Mohan	2003	Science and Technology: Abstracts of Research Works Done by Science & Engineering Faculty	Bangalore University Press — OCLC: 56904904
M. Ramachandra Mohan	2002	Fish and Their Environment: Physiological, Cellular Approaches of Freshwater Fish <i>Glossogobius giuris</i>	ISBN: 978-9381979549

19. Journal Articles Published — 112 Nos

Authors	Year	Title	Journal

11. Ph.D. Thesis Evaluations — 177 External + Internal

Summary: Ph.D. Thesis Evaluated: 177 Nos | Ph.D. Awarded (Internal): 13 | PDF Awarded: 1 | M.Phil. Evaluated: 11 | M.Phil. Awarded: 4 | M.Sc. Dissertation: 101 | Ph.D. Viva Boards (Chairman): 63 | Total: 368

11.1 External Ph.D. Thesis Evaluated — Year-wise

Year	Candidate	University	Title of Thesis
2026	Ms. Sujatha Krishnan	University of Kerala	Biomonitoring of Kallada River using aquatic insects in relations to Physicochemical and Microbiological Parameters
2026	Kadali Durga Rao	Acharya Nagarjuna University	Studies on Fish Faunal Diversity of Clupeidae with Special Reference to Biology and Biochemical Observations of Hilsa (Tenulosa ilisha) from Gautami Godavari, AP
2025	Mrs. S. Kavitha	Tiruvallur University, Vellore	Biogenesis of Iron Nanoparticles and Their Applications in the Medical Field
2025	B Sujatha	S.V. University, Tirupati	Determination of Formaldehyde Induced Antioxidant Metabolic and Histopathological Changes in Liver and Muscle of Male Rats — Focus on Liver Gene Expression and Reversion with Broncho-T

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2025	Balu M Nair	Christ University, Bangalore	Taxonomic Assessment and Diversity Analysis of Calliphoridae and Sarcophagidae from Kerala using Morphological and Spectroscopic Techniques
2024	G Vijaya	S.V. University, Tirupati	Sodium Arsenate Impact on Selected Parameters in Albino Mice — Ameliorative Effects of Vitamin C
2024	Lincy Alex	Kerala University	Stock Structure Analysis of Cephalopods from SW and SE Coasts of India using Morphometric and Molecular Studies
2024	Mrs. Arya M.S	Mangalore University	Ecology and Zooplankton Diversity of Mangrove Ecosystems Adjacent to Munroe Island, Ashtamudi Lake, Kollam, Kerala
2024	S. Bharath	Sacred Heart College, Tirupattur	Studies on Polyoxometalate Based Organic-Inorganic Hybrid Materials for Multi-Functional Applications
2024	P. Suganya	Tiruvallur University, Vellore	Phytochemical Synthesis of Hematite (α -Fe ₂ O ₃) Nanoparticles and Their Cytotoxicity on Pancreatic Cancer
2023	Salini Iyeas	Kerala University	Ph.D. Thesis in Zoology
2023	G Rupendra	S.V. University, Tirupati	Effect of Alcohol on Reproduction in High-Fat Diet Induced Obese Rats
2023	B Chanikyudu	S.V. University, Tirupati	Survey and Habitat Analysis of Calodactylodes aureus in YSR Kadapa District, Andhra Pradesh
2003 [2023]	Kola Kavitha	Acharya Nagarjuna University	Investigations on Growth and Survival of Litopenaeus Vannamei in Different Culture Systems of Biofloc and Probiotic in Low Salinity Water at Bhimavaram, AP
2022	Ms. Pooja Bharadwaj Gumadapu	Andhra University	Study of Filariasis Prevalence and Incidence in Endemic Areas — Epidemiology in Narasannapeta, Srikakulam District, AP
2022	G. Meena Kumari	S.V. University, Tirupati	Endemic Survey of Fluorosis in Anantapur District — Fluoride Toxicity in Albino Rat
2022	Mr. Kesavulu	S.V. University, Tirupati	Ameliorative Effect of Zinc and Vitamin C Supplementation against Cadmium-Induced Changes in Selected Tissues of Male Albino Rats
2022	Sajna V.H	Mangalore University	Impact of Climate Change on the Phenology of Some Pelagic Fishes off the Southwest Coast of India (Kerala)
2021	M. Sirisha	Andhra University, Visakhapatnam	Studies on Lobotes surinamensis from Visakhapatnam Fishing Harbour — DNA Barcode, Proximate Composition, Antioxidant and Antimicrobial Activity
2021	Arya P D	Mahatma Gandhi University, Kottayam	Ameliorative Effect of Papaya Leaf on Haematological, Histological and Biochemical Aspects of O. mossambicus Exposed to Heavy Metal Contamination
2021	Ms. Annapurna Yalla	Andhra University, Visakhapatnam	Studies on Polynemus tetradactylus from the East Coast of India — Andhra Pradesh
2021	Yogish Kumar K	Mangalore University	Distribution of Emerging Non-Conventional Brachyuran and Stomatopod Resources off Karnataka–Goa Coast
2021	F Shen	Kerala University	Synthesis and Characterisation of Gold Nanoparticles using Emblica officinalis and Effect on Oreochromis mossambicus
2021	Modala Malleesh	Kakatiya University, Telangana	Seasonal Diversity of Pests and Predators in BT and Non-BT Cotton Fields of Nalgonda District, Telangana

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2021	S. Payani	S.V. University, Tirupati	Study of Formaldehyde-Induced Abnormalities in Blood and Lung Gene Expression in Male Wistar Rats — Regulation with Bronco-T
2021	M Krishna Naik	S.V. University, Tirupati	Monitoring Effects of Probiotics and Bioflocs on Growth Performance and Immune Response in Pacific White Shrimp <i>Litopenaeus Vannamei</i>
2021	P Sarada	S.V. University, Tirupati	Influence of Organophosphorus Compound Dimethoate on Different Brain Regions in Albino Rat
2021	Remya Devi	Kerala University	Impact of Pesticides on Hepato-Renal and Reproductive Organs of the Teleost
2021	B Kiran Kumar	S.V. University, Tirupati	Effect of Heptachlor on Haematological, Histomorphological Variations and Bacterial Studies in Catla against Silver Nanoparticles
2021	A Ravikumar	Andhra University, Visakhapatnam	Studies on Toxicity of Organophosphate Insecticide Monochrotophos on the Physiology of Freshwater Fish Catla
2021	E. Harini	Andhra University, Visakhapatnam	DNA Barcoding and Phylogenetic Relationships of Commercially Important Marine Fishes (Perciformes) from Visakhapatnam Harbour, Bay of Bengal
2021	G. Ramalingam	Andhra University, Visakhapatnam	Behavioural Patterns and Health Status of Carnivores in Indira Gandhi Zoological Park, India
2020	Dhanya A P	University of Trivandrum	Infestation of Copepod Parasite on Selected Commercially Important Fishes of Kayamkulam Backwater, Kerala
2020	G Sreenivasulu	S.V. University, Tirupati	Alternation by Red Grape Extract against Nicotine-Induced Oxidative Stress in Skeletal Muscle of Male Albino Rat
2019	Mr. Venkataramanaiah P	S.V. University, Tirupati	Comparative Study on Ocimum sanctum Leaf Extract and Eugenol for Screening Fertility Potential in Female Albino Rats
2019	Remya	Andhra University	Ecology and Fish Diversity of Kayamkulam Backwaters, Kerala
2019	Sri Raghuram Madabattula	S.V. University, Tirupati	Bio-Floc Studies on Survival and Growth of <i>L. vannamei</i> (Nursery Phase) with Different Carbohydrate Sources and Stocking Densities
2019	Gokul Kanchi	Rayalaseema University, Kurnool	Induced Effect of Lambda Cyhalothrin on Antioxidant Enzyme, Transaminases and Histology of Albino Mice
2019	Lalitha Kumari	Vikrama Simhapuri University	Effect of Bioflocks in Aquaculture Production — Pacific White Shrimp
2019	B Vinusha	Vikrama Simhapuri University	Separation of Chitin and Chitosan from Shrimp Bio Waste for Bioremediation
2019	C Babu	S.V. University, Tirupati	Effect of Organocarbamate Compound Thiodicarb on Protein Metabolism in Albino Rat — Biochemical and Histopathological Studies
2018	K Samantha	S.V. University, Tirupati	Effect of Prenatal Exposure to Cadmium on Reproduction in Wistar Rats
2018	K Prabhavathi	Acharya Nagarjuna University	Exobiology and Fisheries of <i>Sillago sihama</i> from Krishna Estuary, Andhra Pradesh
2018	B Akhila	S.V. University, Tirupati	Effect of Aflatoxin B1 and/or Chlorpyrifos on Reproduction in Adult Male Wistar Rats
2018	K Lavanya	Vikrama Simhapuri University, Nellore	Identification and Characterisation of Probiotic Bacteria from Shrimp Culture Pond Soils and Efficiency against WSSV in <i>L. vannamei</i>

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2018	M Jayachandradu	S.V. University, Tirupati	Turnover of Red Grape Extract against Nicotine-Induced Oxidative Stress in Lung Tissue of Male Albino Rat
2018	Krishna P	Andhra University, Visakhapatnam	Metazoan Parasites and Biochemical/Heavy Metal Composition of <i>Xiphias gladius</i> off Visakhapatnam Coast
2018	Praveen Rajala	Andhra University, Visakhapatnam	Ichthyofauna, Physico-Chemical Parameters of Tammileru Reservoir with Biochemical and Heavy Metal Concentrations in Three Fish Species
2018	Pralaya Ranjan Behera	Andhra University, Visakhapatnam	Species Diversity and Economic Valuation of Trawl By-Catch off Visakhapatnam Coast, North Andhra Pradesh
2018	Deepti	Dravidian University, Kuppam	Studies on Insect Pollinators of Brassica Species
2018	G Vidhya Sagar Reddy	Vikrama Simhapuri University, Nellore	Diversity of Marine Fungi of Coastal Andhra Pradesh — β -Glucose Application
2018	Shaik Saleem Bash	Acharya Nagarjuna University	Ecology and Heavy Metals in Water, Sediment and <i>Terebralia palustris</i> from Krishna Estuarine Region, AP
2018	Deepak Gunti	Acharya Nagarjuna University	GIS and Remote Sensing for Mosquito Intervention — Greater Hyderabad Case Study
2018	K Sandhya	Kakatiya University, Warangal	Quality of Freshwater Bodies and Suitability for Fish Culture
2018	Nanya H	University of Mysore	Ultrastructure and Protein Profile of Secretory Granules of the Renal Sex Segment of the Lizard <i>Eutropis carinata</i>
2017	A Sujathamma	S.V. University	Impact of Estradiol and 17 α -Hydroxyl Progesterone on Ovarian Growth and Vitellogenesis in Paddy Field Crab
2017	Mrs. Divya	Sri Devaraj Urs Academy, Kolar	Cytogenetic and Molecular Genetic Evaluation of Congenital Anomalies with Emphasis on Congenital Heart Diseases
2017	K Bhanu Prakash	Acharya Nagarjuna University	Formulation of Feeds with Copper Nanoparticles for Growth Patterns of <i>L. vannamei</i>
2017	P Sujatha	Sri Padmavathi Mahila Vishwavidyalaya, Tirupati	Identification of Sex-specific Molecular Markers during Life History Stages of Zebra Fish
2017	N Anitha	S.V. University, Tirupati	Role of Melatonin and Dopamine in Lipid Metabolism and Reproduction of <i>M. rosenbergii</i>
2017	V Sunil Kumar	S.V. University, Tirupati	Effect of 4-tert-Octylphenol on Male Reproductive Health in Rats
2017	K Masthan	S.V. University, Tirupati	Effect of Selected Feed Additives on Growth and Development of Silkworm <i>Bombyx mori</i>
2017	Mary Nirmala Borgia	University of Kerala	Biocontrol Potential of Entomopathogenic Nematode against Selected Pests of Cucurbits
2017	B Purushotham	S.V. University, Tirupati	Impact of Zinc on Ammonia Toxicity in Albino Rat
2017	J Sreenivasa Gupta	S.V. University, Tirupati	Monitoring the Impact of Chromium on Freshwater Fish <i>Mossambicus</i> — Biochemical & Histological Approach
2017	D Vineela	S.V. University, Tirupati	Impact of Lihocin Toxicity on Immunological Detoxification, Histobiomarkers and Bacterial Study of Catla

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2017	K Anil Kumar	Acharya Nagarjuna University	Mullet Fish Resources in Krishna Estuarine Region — Biology of Valamugil seheli
2017	D Adinarayana	S.V. University, Tirupati	Effect of Deltamethrin on Freshwater Fish Cyprinus carpio
2017	Venkata Nagendra Prasad	S.V. University, Tirupati	Replacement of Fish Meal with Spirulina, Chlorella and Azolla for <i>M. rosenbergii</i> (De Man)
2016	S K Shahina Banu	S.V. University, Tirupati	Length-Weight Relationship, Protein and Energy Requirements for Growth of <i>L. vannamei</i>
2016	Anil Kumar Kurapanti	Acharya Nagarjuna University	Mullet Fish Resources in Krishna Estuarine Region — Biology of Valamugil seheli
2016	M Hemalatha	S.V. University, Tirupati	Role of Progesterone on Metabolism, Growth and Reproduction in Edible Freshwater Crab <i>Senex</i>
2016	S Nareesh	S.V. University, Tirupati	Efficacy of Selected Prebiotics and Probiotics in Larval Rearing and Culture of Prawns
2016	N Sreenivasulu	S.V. University, Tirupati	Neurochemical and Behavioral Dysfunction in Lead-Exposed Female Rats — Protective Effects of Alpha Tocopherol Acetate
2016	G Indravathi	S.V. University, Tirupati	Manganese-Induced Cardiac and Hematological Alteration in Rats — Protective Role of Alpha Tocopherol
2016	A Ravi Kumar	Andhra University, Visakhapatnam	Toxicity of Organophosphate Insecticide Monochrotophos on Physiology of Freshwater Fish Catla
2016	Sreelakshmy	University of Kerala	Impact of Titanium Dioxide Industrial Effluent on Marine Fish <i>Aris</i> along the Coast of Chavara, Kollam
2016	I S Chakrapani	S.V. University, Tirupati	Survey and Habitat Analysis of Golden Gecko — an Endangered Endemic Species of Peninsular India
2016	G Amarathi	S.V. University, Tirupati	Vermicomposting of Municipal Solid Waste using Different Earthworm Species — Comparative Study
2016	B Srikanth	Acharya Nagarjuna University	Biology and Larval Growth Performance of SPF Tiger Shrimp <i>Penaeus monodon</i> with Better Management Practices
2016	Sri Samba Murty Kintali	Andhra University, Visakhapatnam	Freshwater Fishes from Meghadrigedda Reservoir — Special Reference to <i>Puntius sophore</i> , <i>P. ticto</i> and <i>Xenentodon cancila</i>
2016	N Lalitha	S.V. University, Tirupati	Limnological Studies and Fish Yield Management of Konam Reservoir, Vishakhapatnam District, AP
2016	Vishnu Nair	University of Kerala	Captive Breeding and Larval Rearing of <i>H. Kurali</i> , Kulathupuzha Region, Kallada River, Kollam
2016	Ch Swapna	Acharya Nagarjuna University	Heavy Metal Pollution in Water and Edible Fish <i>Channa punctata</i> from Kolleru Lake, AP
2015	Ms. Kiran Kumari Konduri	S.V. University, Tirupati	Manganese-Induced Neurobehavioral and Neurochemical Alterations in Developing Rat Brain — Protective Role of Alpha Tocopherol
2015	G. Ramalingam	Andhra University, Visakhapatnam	Behavioural Patterns and Health Status of Carnivores in Indira Gandhi Zoological Park, Visakhapatnam
2015	P Madhu	S.V. University, Tirupati	Restoration of Suppressed Reproduction in Male Wistar Rats Treated with Cancer Chemotherapeutics by Melatonin
2015	Maria Lizanne A C	Goa University	Atlas of Soil-Inhabiting Free-Living Nematodes of Goa
2015	Gujju Gandhi	Osmania University, Hyderabad	Remote Sensing and GIS Application for Mosquito Investigations — Greater Hyderabad Case Study

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2015	Usha NS	University of Kerala	Fish Diversity of Ashtamudi Lake (Ramsar Site) with Reference to Ecological Factors, Kerala
2015	K Sathyanarayana	S.V. University, Tirupati	Effect of Andrographis paniculata Extract on Reproduction in Male Rats
2015	Mrs. Bhavani	Mother Theresa Women's University, Kodaikanal	Ecological Investigations of Selected Diplopods in Palani Hills
2015	Vijayakumar	Kakatiya University, Warangal	Evaluation of Pharmacological Activities of Medicinal Plant Extracts
2015	M Rajendra Singh	S.V. University, Tirupati	Effect of Organophosphorus Compound Profenofos on Protein Metabolism in Albino Rat — Biochemical and Histological Studies
2015	S. Delhi Bai	S.V. University, Tirupati	Influence of Herbal Supplemented Formulated Feeds on Growth of Fingerlings of Cyprinus carpio (L. 1758)
2014	V Sandeep	S.V. University, Tirupati	Endemic Survey and Chronic Fluoride Effect on Selected Parameters in Albino Mice
2014	M. Praveena	S.V. University, Tirupati	Detoxification Mechanism of Chromium in Freshwater Fish Labeo rohita
2014	Mr. Kumaraswamy Naidu	S.V. University, Tirupati	Gene Expression, Functional Impact and Identification of Novel Therapeutic Targets of TP53 in Breast Cancer
2014	CH. Supriya	S.V. University, Tirupati	Effect of Aflatoxin B1 on Reproduction in Male Rats
2014	Sarika Arunrao Gawande	Marathwada University, Nanded	Screening and Counseling of Sickle Cell Anaemia in Nanded District
2014	Neerati Raju	Kakatiya University, Warangal	Study of Esterase in Parotid Gland Secretions of the Toad
2013	K Ramesh Kumar	S.V. University, Tirupati	Effect of Organophosphorous Compound Acetate on Protein Metabolism — Biochemical and Histological Studies in Albino Rat
2013	K. Suresh Babu	S.V. University, Tirupati	Zinc and Iron Supplementation — Defence against Cadmium-Induced Alterations in Liver and Kidney of Male Albino Rats
2013	V. Swarupa Rani	Acharya Nagarjuna University, Guntur	Fish Faunal Diversity of Machilipatnam Coast — Biology of Mullet Liza macrolepis (Smith 1846)
2013	Y. Sridevi	Acharya Nagarjuna University, Guntur	Influence of Immune DS on Liver Transaminases, Phosphatases and Histology During Induced Hepatitis in Mice
2013	K. M. Udayakumar	S.V. University, Tirupati	Toxicological Effect of Phenthoate on Lipid Metabolism of Freshwater Fish
2013	M. Ravi Naik	S.V. University, Tirupati	Regulation of Diabetes and Metabolic Pathways on Supplementation of Aloe Vera in Albino Rats
2013	Arjuman Akhil Mohammad	Acharya Nagarjuna University, Guntur	Biochemical and Histological Changes in Thymus and Spleen of Mice during Ancylostoma caninum Infection
2013	Swapna Sahadeb Bacher	Sevadal Mahila Mahavidyalaya, Nagpur	Effect of Heavy Metals on Organic Metabolites in Non-Reproductive Organs of Snake Head Ophiocephalus punctatus
2013	Mr. Raj Kumar Koiri	BHU, Varanasi	Biochemical Mechanism of Novel Anticancer Ruthenium Complexes in Murine T-Cell Lymphoma
2012	S. Priyanka	Sri Padmavathy Mahila Viswavidhyalam, Tirupati	Protective Role of Melatonin against Aluminium Acetate in Albino Mice

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

2012	Praveen Kumar D	Acharya Nagarjuna University, Guntur	Survival, Growth and Immunological Parameters of Pacific White Shrimp with Better Management Practices
2012	Madhavi Latha Bandi	Acharya Nagarjuna University, Guntur	Ecological Studies of Fish
2012	Ms. Komala	S.V. University, Tirupati	Neuroprotective Effect of Bacopa monnieri Extracts against Pentylene-tetrazole-Induced Epilepsy
2012	M Suseela	S.V. University, Tirupati	Effect of Lambda Cyhalothrin on Haematological, Biochemical Parameters and Histology in Albino Mice
2012	P. Sreelatha	S.V. University, Tirupati	Effect of Carbamate Cartapl Hydrochloride on Different Brain Regions in Albino Rats
2012	A. Sireesha	S.V. University, Tirupati	Metabolic Changes in Selected Tissues of Albino Rat under Ammonia Stress
2012	P. Ayodhyareddy	Kakatiya University, Warangal	Anti-Diabetic Activity of Medicinal Plant Extracts in Streptozotocin-Induced Albino Rats
2012	Mrs. M. Malleswary	Padmavathi Mahila Vishwavidyalaya, Tirupati	Effect of Naga Venom on Haematological, Biochemical Parameters and Histopathology in Wistar Rats
2012	Bhat Manjula Sathyanarayana	University of Mysore	Influence of Stress on Pre-Pubertal Ovarian Follicular Development and Impact on Reproductive Life Span in Albino Rats
2012	Mr. J. Obalaiah	S.V. University, Tirupati	Zinc and Iron Supplementation — Defence against Cadmium-Induced Alterations in Liver and Kidney of Male Albino Rat
2012	Kum. Mamta Suryakanth Rashmi Jadhav	University of Mumbai	Evaluation of Pamorphophallus herbal compounds for Management of Chemically Induced Polycystic Ovary in Rat
2012	Mr. J. Sathyanarayana	Kakatiya University, Warangal	Antimicrobial and Anti-Fertility Activities of Plant Extracts
2012	D. Chand Basha	S.V. University, Tirupati	Developmental Perturbations in Behaviour and Brain Chemistry of Lead-Exposed Rats — Protective Effect of Calcium
2011	T Bikshapathi	Kakatiya University, Warangal	Clinical Status and Prevalence of Sexually Transmitted Diseases in Warangal, AP
2011	Narasimha Ramulu	Kakatiya University, Warangal	Qualitative and Quantitative Aspects of Freshwater of Nagaram Tank with Reference to Fisheries
2011	Madhusudan Rao Kote	Acharya Nagarjuna University, Guntur	Toxicanomic Studies on Fish Fauna and Hydrological Investigation of the Interu Mangrove Swamp, Krishna Estuary Region, AP
2011	Kundhi Tulasi Rao	Kakatiya University, Warangal	Ecology, Conservation and Management of Great Indian Bustard in and around Rollapadu Wildlife Sanctuary
2011	M Shanthi	University of Madras	Influence of Onshore Discharge on Heavy Metal Distribution in the Coastal Ecosystem of Chennai, Bay of Bengal
2011	S Amina	University of Kerala, Trivandrum	Transformation Changes in Hydro-Ecology, Plankton and Fish Composition of Kayamkulam Lake
2011	Mr. D. Kumar Babu	S.V. University, Tirupati	Selenium and Copper Supplementation to Combat Cadmium-Induced Toxicity in Liver and Kidney of Male Albino Rat
2010	U. Srineetha	S.V. University, Tirupati	Impact of Environmental Acidic pH on Biochemical Changes in Tissues of Cyprinus carpio (L)
2010	Yugandhar M	S.V. University,	Impact of Alcohol on the Cardiovascular Nitric Oxide

Curriculum Vitae: Dr. M Ramachandra Mohan Aug 1992 to May 2022 at BUB

		Tirupati	Pathway in Rats
2010	Thanuja	CSJM University, Kanpur	Biochemical Studies on Fetal Liver and Brain of Mouse Exposed to Non-Ionizing Radiation
2010	V Vijayakumar	Osmania University, Hyderabad	Biochemical Intervention of Brassica juncea Leaf Extract and Flavonoids in Streptozotocin-Induced Diabetic Cataract
2009	Sravanthy	Kakatiya University, Warangal	Ecological Studies of Termites
2009	Challa Raju	Kakatiya University, Warangal	Biology of Bezoars Formation in Goat
2009	S.B. Sainath	S.V. University, Tirupati	Elucidation of Dopamine, Serotonin and Melatonin in Regulation of Growth, Reproduction and Metabolism in Crab <i>Oziotelphusa senex</i>
2009	T. Lavanya	S.V. University, Tirupati	Antidiabetic and Antioxidant Properties of <i>Pimpinella tirupatiensis</i> in STZ-Induced Diabetic Rat Kidney
2009	S. Rajeswara Reddy	S.V. University, Tirupati	Antihyperglycemic and Antioxidant Properties of <i>Pimpinella tirupatiensis</i> Tuberous Root in Rat Cardiac Tissue — STZ-Induced Diabetes
2009	G. Puspha Rani	S.V. University, Tirupati	Protective Role of Selected Thiol Compounds on Arsenic-Induced Reproductive and Metabolic Toxicity in Swiss Albino Mice
2008	C. Basavarajappa	Karnatak University, Dharwad	Some Studies on Birds of Tavaragundi
2008	M.K. Bali	Kakatiya University, Warangal	Biodiversity of Termites — Damage to Structural Wood and Crops, and Their Control in Jaipur District, Rajasthan
2008	M.P. Sreedhara Reddy	S.V. University, Tirupati	Studies on Effect of Sodium Arsenite and Sodium Selenite on Male Reproduction in Swiss Albino Mice
2008	I.S.R. Rajeswari	S.V. University, Tirupati	Toxicity of Organophosphate Compound Acephate on Haematological, Biochemical Parameters and Histology in Wistar Rats
2007	Sreedhar Reddy	S.V. University, Tirupati	Effect of Sodium Arsenate and Sodium Selenate on Male Reproduction in Albino Mice
2007	V.V. Balasubramanyam	S.V. University, Tirupati	Respiratory Disorder and Haematological Studies of Humans Exposed to Cement Dust and Stone Particles
2007	J. Lakan Singh	Kakatiya University, Warangal	Seasonal Diversity of Bird, Fish and Zooplankton Population in Two Urban Freshwater Reservoirs of Warangal, AP
2006	Mohammad Ghouse	S.K. University, Anantapur	Biochemical and Haemodynamic Aspects of Alcohol and Cigarette Smoke Intoxication in Humans
2006	M. Venkata Chandrudu	S.K. University, Anantapur	Comparative Toxicity of Cadmium in Freshwater Mussel <i>Lamellidens marginalis</i> and Freshwater Fish <i>Labeo rohita</i>
2005	M. Venkata Reddy	S.K. University, Anantapur	Comparative Study of Adrenalectomy on Hepatic and Reproductive Tissue of Male and Female Albino Rats
2005	A. Mohammed Sadiq	University of Madras	Impact of UV Light on Mulberry Leaves and Changes in Silkworm <i>Bombyx mori</i> Fed with UV-Treated Leaves
2004	Babu Rao	S.K. University, Anantapur	Biochemical Changes in Tissues of Indian Major Carp <i>Labeo rohita</i> in Different Nutrient-Based Water
2001	S. Sai Chandra Sekhar	S.K. University, Anantapur	Ziram — a Fungicide Induced Toxicity on Selected Biochemical Parameters and Histological Changes in Fish <i>Labeo rohita</i>

11.2 Internal Ph.D. Students — Bangalore University

Year	Candidate	University	Title
2023	Veena S.S.	Bangalore University	Studies on Present Practices and Future Strategies for Sustainable Lake Management of Few Bangalore Lakes and Impact on Climate Change
2023	Yogitha S Babu	Bangalore University	Studies on Quality of Few Lakes — Risks and Benefits of Cultured Fish Replacing Indigenous Fish (Impact of Global Warming on Hydrological, Aquatic and Environmental Perspective)
2023	Ramesh P L	Bangalore University	Studies on the Effect of Cadmium Chloride in Histopathological Changes in Freshwater Fish Channa punctuates
2023	Basavadharsan A V	Bangalore University	Surveillance and Management of Field Rodents in Organic Cropping System
2016	Mamatha P	Bangalore University	Evaluation of Existing Situation and Prediction of Water Quality of Few Bangalore Lakes in Integration with Urbanisation and Industrialisation
2010	Gayatri S	Bangalore University	Studies on Progressive Eutrophication and Restoration Strategies of Few Bangalore Lakes — Assessment of Global Warming
2009	Mrs. Sevithaya C	Bangalore University	Studies on the Impact of Treated Sewage on Liver and Blood of African Catfish Clarias gariepinus
2009	Ms. Latha N	Bangalore University	Environmental Health in Water Resource Development — the Perspective of Human Water Needs
2009	Mr. Chithanagiri	Bangalore University	Monitoring the Water Quality of Bangalore Lakes — Environmental Protection Approach with Global Perspective
2008	Mr. Krishna Ram H	Bangalore University	Studies on Bacterial Population and Parasites in Various Parts of Selected Fishes in Fresh and Polluted Water Bodies
2003	Mr. Venkata Rajappa P	Bangalore University	Biochemical Studies on the Effect of Pesticides on Digestive System and Body Wall of the Larvae of Oryctes rhinoceros
2001	Ms. Andhya Rani P.N	Bangalore University	Studies on the Effect of Pesticide on Thyroid and Internal Gill of Freshwater Gobiid Fish Glossogobius giuris

11.3 M.Phil. Thesis Evaluated

Year	Candidate	University	Title
1999	Narayanaswamy S.Y	Bangalore University	The Effect of Malathion on Hypophysis and Ovary of Freshwater Gobiid G. giuris (Ham) during Pre-Spawning Phase
1998	Manjula N	Bangalore University	Studies on Bacterial Populations in Different Organs of Freshwater Gobiid Fish G. giuris (Ham)
1997	Sathyavathi M	Bangalore University	Effect of Photoperiod on Prolactin and Gonadotropin Hormone Secretory Cells of the Female Gobiid G. giuris (Ham)

1996	Kalpna Selva Kumari S	Bangalore University	Studies on the Impact of Malathion on Gastrointestinal System of Freshwater Gobiid Fish <i>G. giuris</i> (Ham)
------	-----------------------	----------------------	--

11.4 M.Phil. Thesis Awarded / External Evaluation

Year	Candidate	University	Title
2012	S. Lakshmi Prasanna	Acharya Nagarjuna University	Effect of Imidacloprid on Transaminases, Phosphatases and Histopathology of Liver in Male Swiss Albino Mice
2011	Rajalakshmi Mulaparthi	Acharya Nagarjuna University	Effect of some Anti-Malarial Drugs on Human Malaria <i>Plasmodium falciparum</i>
2010	Kantharaj	Kuvempu University	Assessment of Drinking Water of Govt Primary Schools of Barandur Clusters in Bhadravathi
2009	K.R. Salunke	Karnatak University	Effect of <i>Caesalpinia bonducella</i> Seed Extract on Female Reproductive System in Adult Wistar Rats
2005	S. Lalitha Kumari	Acharya Nagarjuna University	Estimation of DNA and Protein Content in Bursa Fabricis and Cecal Tonsils of Chicks Affected with Aflatoxin B
2001	S. Sai Chandra Sekhar	S.K. University	Ziram — Fungicide Induced Toxicity on Carbohydrate Metabolism in Fish <i>Labeo rohita</i>
2000	P. Yugandhar Reddy	S.K. University	Effect of Nuovon (Dichlorovos) on Larvae of Silkworm <i>Bombyx mori</i> (L) in Relation to Environmental Temperatures

M. Sc Dissertation Internal

de Derecho Ambiental

Topic	Climate Change in the Courts
Description	Across the globe, climate change-related lawsuits are being filed against governments and corporate entities. A majority of these cases seek to hold governments accountable for failing to combat climate change. Increasingly, a new wave of cases against fossil fuel producers are claiming companies publicly denied climate science despite having known about the consequences of burning fossil fuels for decades. Panelists will provide an overview of current climate litigation, including recent successes and lessons learned. They will further explore how climate change litigation can serve as an effective tool to influence policy change and prevent future human rights violations.
Time	Jun 5, 2020 10:00 AM in Eastern Time (US and Canada)

BU Reader gets award

By Our Staff Reporter

BANGALORE, MARCH 11. The Bangalore University has said that Ramachandra Mohan, Reader, Department of Zoology at the university, has been given the "Environmental Award 2002" by the International Board of the Award Committee of the National Environmental Science Academy (NESA), India. He was presented with this award for his outstanding achievements in the field of environment, particularly lake management and water quality. The gold medal and citation were presented at the 16th annual conference that was held on March 7 at the Indian Science Congress Association, Kolkata. Dr. Mohan received the Scientist of the Year Award in 2001 from NESA for his contribution to environmental science.

ಪ್ರೊ.ಎಂ. ರಾಮಚಂದ್ರಗೆ ರಾಷ್ಟ್ರೀಯ ಪ್ರಶಸ್ತಿ ಪ್ರಕಟ

ಬೆಂಗಳೂರು: ಬೆಂಗಳೂರು ವಿಶ್ವವಿದ್ಯಾಲಯದ ಪ್ರಾಣಿಶಾಸ್ತ್ರ ವಿಭಾಗದ ಹಿರಿಯ ಪ್ರಾಧ್ಯಾಪಕ ಪ್ರೊ. ಎಂ.ರಾಮಚಂದ್ರ ಮೋಹನ್ ಅವರಿಗೆ 'ಜಿ.ಪಿ. ಚಟರ್ಜಿ ಸ್ಮಾರಕ ರಾಷ್ಟ್ರೀಯ ಪ್ರಶಸ್ತಿ' ಲಭಿಸಿದೆ. ಅವರು 'ವಾತಾವರಣ ಬದಲಾವಣೆ ಮತ್ತು ಆಹಾರ ಭದ್ರತೆ' ಕುರಿತು ವಿವಿಧ ಸಂಶೋಧನೆಗೆ ಈ ಪ್ರಶಸ್ತಿ ಲಭಿಸಿದ್ದು, ಇತ್ತೀಚೆಗೆ ತಿರುಪತಿಯಲ್ಲಿ ನಡೆದ 104ನೇ ಇಂಡಿಯನ್ ಸೈನ್ಸ್ ಕಾಂಗ್ರೆಸ್ ಸಮಾರಂಭದಲ್ಲಿ ರಾಮಚಂದ್ರ ಮೋಹನ್ ಗೆಜ್ಜರಿಂದ ಈ ಪ್ರಶಸ್ತಿ ಸ್ವೀಕರಿಸಿದರು.

Science award to BU professor

» Professor M Ramachandra Mohan, a senior professor in Department of Zoology, Bangalore University, was honoured with the G P Chatterjee Memorial National Award at the 104th Indian Science Congress held in Tirupati.

He received the award for his extensive contributions to lake management, climate change and food security. Prof Mohan has 20 years of research experience. He is currently the president of Indian Society for Comparative Animal Physiology and member of International Union for Conservation of Nature.

Bangalore University		
Self-Declaration by the Chair of Professors under the Government of India - CAREER ADVANCEMENT SCHEME-2008 in various departments of Bangalore University		
Ref. Nos. / Notification No. B.U.B.A.SCAN/2008/01 Dated 2nd July 2008.		
1. Proposals by the concerned University Departments sent to the University in this regard.		
2. Recommendation of the concerned BOA.		
3. Letter No.ED/3/UGA/2008, dated 05-06-2008.		
4. Resolution of the Syndicate at its meeting held on 17th June 2008.		
5. Vice-Chancellor's Order in the associated file.		
No. B.U.B.A.SCAN/2008/01-04		
Dated: 26th June 2008		
On the recommendation of the concerned Board of Appointments constituted under a SyD/ed of 1287, for 2008 and in pursuance of the Resolution of the Syndicate at its 174th held on 17-6-2008 the following names and addrs are in the file of B.U.370-7508, of the Self-Declarations are presented in this form under Career Advancement Scheme in the light of B.U.144/0455/2006-008/2240 with effect from 1st June 2008.		
Sr. No.	Name	Department
1.	Dr. A.S. Jayaram	GEOMORPHY
2.	Dr. M. Ramachandraiah	ZOOLOGY
3.	Dr. M.S. Jayaram	EDUCATION
4.	Dr. B.G. Sathya	EDUCATION
5.	Dr. I. Rajagopal Rao	LIBRARY AND INFO. SCIENCE
6.	Dr. L. Aditya Narayana	LIBRARY AND INFO. SCIENCE
7.	Dr. Ganesh C. Kotagali	RASTRIYANA
8.	Dr. H. Anandya	SCIENCE
9.	Dr. Shalini Guruthi	HISTORY
10.	Dr. M. Jayana	HISTORY
11.	Dr. P.J. Anandadurai	SCIENCE
12.	Dr. G.J. Mahan	BIOLOGY
13.	Dr. M. Narayana	SCIENCE
14.	Dr. M.V. Narayana	SCIENCE
15.	Dr. E.B. Anand Narayana	SCIENCE
16.	Dr. N. Prashanth Kumar Sanyal	GEOLOGY

They shall be governed by the Service conditions as prescribed by the University from a time.

03-10-2011 (Sunday)

08:30 AM - 09:30 AM : Breakfast & Review of previous day's talks

09:30 AM - 10:30 AM : Prof. P. Kanda Swamy, (Mathematics)
Bharathiar University, Coimbatore

Prof. Ramachandra Mohan, (Zoology)
Bangalore University, Bangalore

10:30 AM - 11:30 AM : Dr. E. Gopaliah, (Earth Sciences)
Scientist, I.I.T. Madras

11:30 AM - 11:45 AM : Tea Break

11:45 AM - 12:45 PM : Prof. S.C. Sankarshana, (Physics)
IAP, Secretary, Madrasar (R.R)

12:45 PM - 01:45 PM : Lunch Break

01:45 PM - 02:45 PM : Prof. P.V. Sathyanarayana, (Chemistry) PBI
Acharya Nagarjuna University, Guntur

02:45 PM - 03:00 PM : Tea Break

03:00 PM - 05:30 PM : Practical Session

03-10-2011 (Monday)

08:30 AM - 09:30 AM : Breakfast & Review of previous day's talks

09:30 AM - 10:30 AM : Prof. V. Kannan, (Mathematics)
University Of Hyderabad, Hyderabad

Dr. M. Sathyanarayana, (Zoology)
KORL, Guntur, Andhra Pradesh

10:30 AM - 11:30 AM : Dr. K.V.R. Murthy, (Physics)
M.S. University of Baroda, Baroda

11:30 AM - 11:45 AM : Tea Break

11:45 AM - 12:45 PM : Prof. V.S. Murthy, (Physics) PBI
IIT, Chennai

12:45 PM - 01:45 PM : Lunch Break

01:45 PM - 02:45 PM : Prof. V. Kannan, (Mathematics)
University Of Hyderabad, Hyderabad

Dr. G.V. Sathyanarayana, (Earth Sciences)
Vardha Maha Vidyalaya, Hyderabad

02:45 PM - 03:00 PM : Tea Break

03:00 PM - 05:30 PM : Practical Session

04-10-2011 (Tuesday)

08:30 AM - 09:30 AM : Breakfast & Review of previous day's talks

3. Air ticket

Please arrange the ticket of your flight to Kansai International Airport (KIX) by yourself and let us know your flight schedule.

3. Obligation for attending Water Quality Monitoring workshop to be held 15 November.

As ILICC will organize another workshop entitled as "Workshop on Water Quality Monitoring for Lakes and Reservoirs in Developing Countries" on 15th of November, which is closely linked with the current training course, all the participants under this financial assistance will be requested to attend this workshop also. The detailed information will be provided in due course.

4. Request for bringing information of lake in your country

We will also request you to bring information and pictures on your working lakes / reservoirs. We will inform you later about detailed information which we need.

It will be considered that you have declined receiving any financial assistance in the case that you do not agree with all of the above conditions. In this case, please inform us accordingly by August 11, 2001.

Please do not hesitate contacting us if you have some questions.

Looking forward to meeting you in this occasion and wishing every success in your participation.

Sincerely yours,

Secretariat to Training Course on Numerical Modeling of Lakes and Reservoirs

International Conference on Fisheries and Aquaculture

09th-18th September 2014, Colombo, Sri Lanka

18th June 2014

Prof. Dr. M. Ramachandra Mohan

Dear Prof. M. Ramachandra Mohan,

NUMERICAL MODELING CONFERENCE ON LAKES AND RESERVOIRS 2014

On behalf of the administrative organizing committee, I request to formally invite you to attend 17th - 18th of November 2014 in the INTERNATIONAL CONFERENCE ON FISHERIES AND AQUACULTURE in Colombo, Sri Lanka.

ICFA 2014 will be supported by The International Institute of Knowledge Management (IIKM). The conference will bring together researchers and practitioners to meet, discuss and debate critically important topics. You will be enlightened with innovative ideas and strategies in 2014. Further your attendance and active participation would be highly appreciated.

Please take the attached invitation card to the conference.

Yours sincerely,

Yusuke Yamashiki
Chubu University (Chubu)

BANGALORE, KARNATAKA - 560 075

No. BU/ACAD/REG/2008/0005-15 Date: 14/08/2008

NOTIFICATION

Ref: 1. Appointment to leading scheme of Examination of Zoology PG
2. Order of the Dean, Faculty of Science dated 06/08/2011
3. Vice-Chancellor's approval to the Students' Union/2011

In exercise of the power conferred on him under Section 44, 76 of the Karnataka State Universities Act, 2000, the Vice-Chancellor is pleased to notify the University Regulation and Order of examination for PG in Zoology pertaining to M.Sc. Zoology PG. Course, M.Sc. Zoology PG. (General) Scheme of Bangalore University as mentioned below:-

The Examination for the following PG Regulation will commence from 14/08/2011.

#	Course	Subjects	Assessment
1	M.Sc. Zoology I Semester	HC 321 and 322 Theory 1. Biology of Man - Zoology 2. Biological Chemistry HC 421 and 424 Theory 3. General Physiology 4. General and Comparative Zoology - HCP 321 to 324	Clubbed for practical as - 325 Clubbed for practical as - 327
2	II Semester	HC 321 and 322 Theory 1. Biology of Man - Zoology 2. Applied Zoology HC 421 and 424 Theory 3. Human Development and Physiology 4. Physiology and Pharmacology Practical: HCP 321 to 324	Clubbed for practical as - 325 Clubbed for practical as - 327
3	III Semester	HC 421 and 424 Theory 1. Biology of Man - Zoology 2. Population Genetics and Evolutionary Biology HC 421 and 424 Theory 3. Animal Ecology and Environmental Biology 4. ...	Practical as - 327 Theory and Independent

#	Course	Subjects	Assessment
4	IV Semester	HC 401 and 402 Theory 1. General Endocrinology 2. Cell and Molecular Biology HC 403 and 404 Theory 3. Applied Physiology 4. Developmental Biology Practical: HCP 401 to 404	Clubbed for practical as - 405 Clubbed for practical as - 407

Curriculum Vitae: Dr. M Ramachandra Mohan. Professor Since Aug 2000, BUB

I am grateful to you that you have agreed to be on the three-member syllabus committee. To help you in evolving a complete syllabus covering the entire range of subjects taught at graduate level in the State, I have enclosed a copy of the standard graduate-level syllabus of Mysore University and the Civil Services Main examination Annexure B. You are requested to kindly deliberate and frame the syllabus for your subject specialisation.

The following guidelines may kindly be kept in mind while framing the syllabus:

- 1) The syllabus should be of post-graduate standard.
- 2) There will be only one paper of 100 marks in each of the optional subjects.
- 3) There will be no practicals.
- 4) The duration of the examination would be 3 hours.
- 5) The pattern of the question paper may also be laid down consisting of one section of short-objective type questions and two or three sections covering various aspects of the syllabus for descriptive answers.
- 6) The standard of teaching in rural areas of the state may also be kept in mind while framing the syllabus.

The department will during the to-and-fro conveyance from your place of residence (address to which this letter is being sent) to Bangalore and back limited to single rail fare by the highest class available in that section or bus fare limited to luxury class on KSRTC's standard route, plus local conveyance from railway station to Sankar Tank Forest Rest House at Bangalore and back (as per actuals) plus a sitting fee of Rs. 400/- The Forest Department will arrange food and refreshments on the day of the workshop (30th August 2010).

You are requested to kindly make a convenient time to come to Sankar Tank Forest Rest House (near Sahasrabudha Police Station) at 10.00 A.M. on 30th August 2010 (Saturday). If you require accommodation to stay overnight at Bangalore, please inform me or my Personal Secretary Sri Venkateshwar (Phone No. 080-2341459) between 10.00 A.M. and 5.30 P.M. on working days who will be glad to reserve accommodation in the Forest Rest House.

Please bring the syllabus along with you.

Yours faithfully,
T. Srinivas Reddy
(Chief Conservator of Forests
(Promotion & Management))

U.S. DEPT. OF JUSTICE
UNITED STATES PUBLIC SERVICE COMMISSION
1900 PARK ROAD, N.E.
WASHINGTON, D.C. 20002

NAME: RAJAPPA HARIKRISHN
TITLE: DEPUTY SECRETARY
PHONE: (301) 238-1265

NEW YORK: 1-800-
DATE: 11/01/1984

Dear Mr. Mahesh:

Enclosed for you are the following recommendations regarding Formative Test Module (F.T. Module) for Test Facility (T.F. Module) 2002. The Commission is grateful that you have agreed to be an Addressee for the F.T. Module for interviewing candidates who have applied to the Civil Service (Management) post for the period from 28 April 2008 to 14 April 2009 at T.F. office, New Delhi. I am sending herewith the following papers for your information:-

1. A copy of F.T. Programme of Examinations.
2. A copy of the Background material.
3. A copy of the Rules as formulated at the above Examinations (if already in hand).
4. A Re-Test procedure.

2. I would request you to kindly make a statement to be printed on the date mentioned above. The Board will convene at 11:00 A.M. on the morning of 1:30 P.M. on the afternoon of the working days. There will be a morning meeting on the 1st day of the 1st Monday at 9:00 A.M. for which you are requested to kindly come if you cannot do so the Commission's Office at 1:30 A.M. daily. It may please be noted that the interviewers should not have to continue through out the day.

3. The Commission has a reservation that no one should sit in the Board who has any relation or interests in which he may be involved, appearing at the interview. In this connection a copy of the form, which is enclosed to members of the Interview Board is enclosed. It is pointed out that there would be no such difficulty in your case. You are requested to bring the status of Interview Board President before the commencement of the interview if any of the candidates, who are being interviewed, were your relative, friend, or other person with whom you are in contact. It is your responsibility to inform the candidate to be interviewed with your status; you should inform the Interview Board President about the same and you should ensure yourself during the interview of that candidate.

4. The Commission maintains the highest standard of integrity throughout the recruitment process. We would request you to inform yourself from time to time on our other commitment, the disciplinary and internal proceedings on any going on against you.

[illegible]

9. In the event you are suffering from any health problem as may come in the way of the assignment as an expert on the IT Board, you may inform the Commission immediately and decline this invitation. The Commission does not incur any medical assistance or reimbursement of medical expenses to the Adviser.

10. I am sending herewith the following paper for your information and necessary action:-

- a) Entry Pass
- b) A list of telephone numbers of officers.
- c) A copy of Convention.
- d) Details regarding honorarium, TA and DA, admissible.
- e) Confirmation Undertaking from the Adviser.
- f) A copy of the background material.

11. I request you to kindly return the enclosed "Confirmation/Undertaking from the Adviser" duly completed to me in token of acceptance or declining of this offer.

With kind regards,

Yours sincerely,

(R.K. TIWARI)

5. Your attention is invited to the provisions relating to Personality Test in the Rules of the Examination, which stipulate that:

(i) The interview for personality test carries 300 Marks. Candidates who qualify the written examination are called for the personality test.

(ii) The candidate will be interviewed by a Board of competent and unbiased interviewers who will have before them a record of his/her career. The object of the interview is to assess the personal suitability of the candidate for the service. The candidate will be expected to have taken an intelligent interest not only in his/her subjects of academic study but also in events which are happening around him/her both within and outside his/her own state or country, as well as in modern currents of thought and in new discoveries which should arouse the curiosity of well educated youth.

(iii) The technique of the interview is not that of strict cross-examination, but of a natural, through directed and purposive conversation, intended to reveal mental qualities of the candidate. The Board will pay special attention to assessing the intellectual curiosity, critical powers of observation and assimilation, balance of judgement and alertness of mind, initiative, tact, capacity for leadership, the ability for social cohesion, mental and physical energy and powers of practical application, integrity of character, and other qualities such as topographical sense, love for out-door life and the desire to explore unknown and out of way places.

6. After agreeing to assist the Commission, if there is any change in your programme and you are unable to participate in the P.T. Board on the scheduled date and time, you may please intimate the same immediately at the telephone numbers given in appendix, so that the Commission is in a position to make suitable alternative arrangements.

7. Use of Mobile phones is not allowed inside the room where the interview is held. You are accordingly requested to keep your mobile phone switched off during the interview/Personality Test.

8. You are requested to make your own travel arrangement and reach the Commission office. It may be mentioned that the Commission may not be in a position to provide any assistance for your travel arrangements. However, the Commission shall reimburse the expenses, in accordance with the Government guidelines issued in this regard from time to time and our enclosed instructions. For this, you may be required to submit relevant documents viz. Ticket/Boarding pass etc.

To: Scientists Students Interaction Programme

From: Professor Ramachandra Mohan

Thank you for your participation as an expert in Scientists Students Interaction Programme (SSIP) held by Karnataka State Council for Science & Technology. Your interest and committed participation in the 9th Scientists Students Interaction Programme held by the Council at Golden Valley Institute of Engineering, Salar Gull Fields on 29.8.2003 made it possible to make the occasion a grand success. It is to place on record the appreciation and gratitude of the Council for your ready, willing and committed participation. We look forward to your kind co-operation in our future programmes.

With regards,

Yours sincerely,
D. E. Subramanian

Sub: Scientists Students Interaction Programme (SSIP)

Sir,

Kind reference is invited to the discussion you had with Sri. S. C. Buresh, Project Engineer regarding participating in Scientists Students Interaction Programme (SSIP). Karnataka State Council for Science & Technology (KSCST) is organizing the 9th Scientists Students Interaction Programme (SSIP) on the **August 29, 2003** at Golden Valley Institute of Engineering, Salar Gull Fields.

I thank you for accepting our request for participating in the 9th Scientists Students Interaction Programme as an expert. KSCST would arrange for your journey from Bangalore to KGF and back. The Council will be sending a vehicle to your residence at 6.30 a.m. and the vehicle will be starting to KGF at 7.00 a.m. from KSCST premises.

Thanking you.

Yours faithfully

D.D. No. P. 12/19/2003-Sub-1

Date: 15.8.2011

Dear Mr. Mohan,

Kindly refer to the telephonic conversation regarding University Test (SSIP) P.T. Board for Indian Forest Service Examination, 2011. The Commission is grateful that you have agreed to be an Advisor in the P.T. Board for screening candidates who have qualified in the Indian Forest Service Examination, 2011 from 12-05-2011 to 14-05-2011 except 14-05-2011 (being a public holiday) at UPSC office, New Delhi. I would also like to reiterate here that the proceedings of the P.T. Board and your participation in the same may please be treated as CONFIDENTIAL.

2. I would request you to kindly make it convenient to be present on the date mentioned above. The Board will convene at 10.00 A.M. in the forenoon and 2.30 P.M. in the afternoon. You are requested to kindly make it convenient to reach the Commission Office at 9.45 A.M. sharp on that day. It may please be noted that the P.T. Board shall follow the same format as suggested for the day.

3. The Commission has a convention that no one should sit in the Board who has any relation or anybody in whom he may be interested, appearing at the Personality Test. In this connection a copy of the note, which is circulated to members of the Board, is enclosed. It is requested that there would be no such difficulty in your case. You are advised not to accept this invitation. If any family member/relative of yours is appearing as a candidate in the P.T. Board, you are requested to bring to the notice of P.T. Board President before the commencement of the P.T. Board if any of the candidates, who are being assessed, reveal your student/relative/associate. Further, if during the actual conduct of a P.T. show it comes to your knowledge that the candidate to be assessed was your student/relative/associate, you should inform the P.T. Board President about the same and you may be required to make yourself away from the P.T. of that candidate.

4. The Commission maintains the highest standard of integrity throughout the recruitment process. We would request you to ensure yourself that the process is free from any other circumstances like disclosure bias, biased proceedings etc. as coming against you.

Dr. M.S. Srinivasan
Deputy Director
National Assessment and Accreditation Council
New Delhi - 110 002

Dear Sir,

The National Assessment and Accreditation Council (NAAC) was established with the objective of assessing and accrediting institutions of higher education, with an aim of ensuring and promoting quality in higher education. As on May 1, 2000, 100 institutions (Universities, Colleges and Schools) were under the purview of NAAC.

Based on the feedback from different stakeholders and internal consultation meetings, NAAC is currently working on the revision of its assessment and accreditation process. The aim of this revision is to ensure that the process is more transparent and accountable to the stakeholders and to provide a better service to the institutions.

I am sure that your rich and varied experience will be a valuable asset to the NAAC. I shall be grateful if you kindly accept our request to be a member of the NAAC. I am sure with your rich and varied experience, you will be able to give a valuable and useful contribution to the NAAC.

Office No. 17 Wing, Hindrya Sadan, Bangalore - 560 004
 Phone : 08-2550200 Fax : 08-2550201 Email : rpsc@karnataka.gov.in

To: The Regional Public Service Commission,
 Office No. 17 Wing, Hindrya Sadan, Bangalore - 560 004.
 From: Mr. Rajendra Kumar Bhat,
 District Collector, Channarayana, Mysore.

Dated: 17th February, 2018

Subject: Request for associating as Advisor of Interview Board – regarding.

Sir,

I wish to inform you that the Commission proposes to conduct interviews for the candidates qualified in the Combined Graduate Level Examination, 2015, details of which are given below:

Name of the Post	Date of interview	Time	Venue
Candidates qualified in the CGL Exam, 2015	03-03-2018	09:30 A.M.	Office of the Regional Director, Staff Selection Commission, 17 Wing, First Floor, Hindrya Sadan, Bangalore-560 004

I shall be grateful if you could kindly make it convenient to be present in the office on the aforesaid date.

12 Indian fish species on verge of extinction in Bengaluru lakes

Ramzaoua Chhakchhuak

BENGALURU, DHNS: As many as 12 indigenous Indian species of fishes found in city lakes face the danger of going extinct in a few years due to increasing pollution and climate change, says an ongoing study by a team of researchers from the Bangalore University.

The study focuses on relation between the aquatic life and climate change.

Dr M Ramachandra Mohan, HoD, Department of Zoology, is conducting the study along with a few of his PhD students.

The team studied fish life in 10 lakes between Bengaluru and Melekeote (in Doddaballapur taluk of Bengaluru rural district). "The vulnerability of fish in Bengaluru lakes has increased manifold in the last five years," Mohan, who is studying fish and other aquatic life in Bengaluru for the past 15 years, said.

The 12 species endangered include the Karnataka Labeo (Labeo Calbasu) and Indian Glassy fish (Pseudambassis Ranga) to name a few.

"Of the 12 species, five are under the vulnerable category and the rest are endangered. Two foreign species are also in

danger," said Mohan.

In Karnataka, 201 freshwater fish species have been found. Of these, 40 fish species are under threat and urgent conservation measures are needed to be implemented to ensure their survival, says the study.

It goes on to say that the native freshwater fish diversity in water bodies is declining rapidly. The crucial reason for the decline are the destruction of habitat due to construction of dams and barrages, pollution and exploitative fishing practices. Climate change is generally causing the waters to warm as well as bringing changes to rainfall patterns, water levels, river flow and water chemistry.

The predominant presence of exotic species like Tilapia, Silver carps, Grass carps and African catfishes in rivers and reservoirs is because they can tolerate high pollution and static water levels.

"Despite this higher level of tolerance, neither the indigenous nor foreign varieties are able to sustain themselves in the 10 lakes which were part of the study. Agricultural pollution and destruction of lakes due to agricultural and layout encroachments are other major problems," said Mohan.

Lake (g)razed to ground

PICT: RANJANA B R

DEEPTI M R

Bangalore's growth can be summed up in two ways. One, a super-fast growth and two (a dubious one, though), its vanishing water bodies. Take, for instance, the Nagarbhavi lake, which prided itself for its aquatic life and rare avian population. Now, it is almost invisible.

A vast stretch of water weeds has converted the lake bed into a grazing land. Located on a four-acre area, it was once home to several species of birds, but has now turned into a marsh filled with hyacinth and weeds.

Till recently, people used to flock to the lake to recharge their lungs with fresh air or for religious rituals.

SEWAGE THE CULPRIT

"The disappearing lakes has got to do with sewage water getting mixed with lake water. With excess amount of nitrates and phosphates, sewage water is nothing but a fertile feed for the growth of aquatic weeds. When this is let into the lake either due to the encroachment of sewage canals or illegally, it will foster the growth of weeds and shrink the water-holding capacity of the tank," said Dr Ramachandra Mohan, professor, zoology department, Bangalore University.

Experts have said the increased growth of water hy-

Water weeds have choked Nagarbhavi lake, which has shrunk in size over the years

acinth and grass will drive lakes towards the path of extinction. "When water plants grow in the lake, water gets more oxygen. But an excess amount of these weeds destroy the lake. Further, weeds consume all the oxygen available in the water and restrict sunlight from entering the lake. This spurs the growth of bacteria," Dr Mohan said.

FOUL SMELL

Sampath Kumar, a resident of the area, said the accumulated silt and decaying weeds besides the sewage water emit foul smell.

A portion of the lake was given to Ambedkar Polytechnic College located right behind the lake. A dhobi ghat is situated behind the lake and washermen use this water for washing clothes. "The water is contaminated as the sewage water from the college hostel is let into the lake and the same water is used by washermen at the dhobi ghat. The lake has shrunk in size in the past 12 years," said Hemavathi, another resident.

The Karnataka State Pollution Control Board (KSPCB) officials had visited the spot in 2006 and asked the people in the locality not to come up with new buildings close to the tank bed. Since then, nothing has been done to preserve this precious water body.

Invitation

Staff Reporter

BANGALORE: M. Ramachandra Mohan, professor Ecotechnology Lab, Department of Zoology, Bangalore University, has been invited for the 14th World Lake Conference organised by the Texas State University, USA and International Lake Environmental Committee, Jan, scheduled during October 31 to November 4 at Austin, Texas. Prof. Mohan has been asked to present a paper 'Water quality monitoring of Magadi Hill range lakes and reservoirs in Bangalore, India'.

VISIONARY SCIENCE

Preserving foetus, an elephantine process

by Dhanya Matsa

Bangalore: An elephant carrying a six-month-old foetus died in the forests surrounding Mysore around 85 years ago, but a visionary physiology professor Subba Rao took it upon himself to preserve the foetus for students of Zoology. The foetus is still being proudly preserved by the Department of Zoology in a museum in Bangalore University.

In the contemporary scene, where students learn physiology through virtual media, such rare specimens need to be awarded importance. "Several research students from other countries come to take a look and it and study it, but no such interest in shows in our own country," said Head of the Department of Zoology, Ban-

THE VALUE IS IN THE FOETUS ITSELF AS IT CAN PLAY A VITAL ROLE IN RESEARCH OF THE NATURAL SCIENCE.

— Prof Mohan, BOD, Zoology Department

galore University; Prof Ramachandra Mohan.

An even more telling tale of apathy is that this museum, which also hosts some extinct frog specimens and other valuable natural science specimens, is being maintained by the Department of Zoology with its department funds and with no money to spare even to secure the rare and valuable specimens.

A rarity by itself, the preservation of the foetus requires extra care as opposed to regular specimens that are preserved in formaldehyde. Professor Mohan explains,

"Every visiting professor and delegates of an international conference held last year were stunned to see the preserved elephant foetus. I fear to put a monetary value on it as it would be sought after by several natural sciences museums in the world. The value is in the foetus itself as it can play a vital role in research of the natural sciences."

Natural science enthusiasts can tell you that tourists stream into the National History Museum at Museum Hope to see the 22 elephant foetuses, each representing varying periods of growth in

the nearly two-year pregnancy period of the elephant. Apart from the tourist value, scientists can derive invaluable data from which inferences regarding evolution can be arrived at.

"The DNA fingerprinting of these specimens can throw light on several aspects of natural sciences, especially physiology. Students from colleges and schools in the city used to visit the museum after which they even included some of the specimens in their syllabus to learn and understand the concept better," says Professor Mohan.

These valuable specimens also reflect another important aspect - Most of the specimens were collected by students of the 100-year-old department of Zoology and that list includes Professor Subba Rao.

Puttenahalli lake in Yelahanka has become a victim of apathy and is staring at its demise.

WRITTEN BY

[Deepthi MR](#)

Updated: Jan 4, 2012, 12:49 PM IST

The sorry state of Puttenahalli lake in Yelahanka — not to be confused with its namesake in JP Nagar — is a stark reminder that Bangalore is well on its way to becoming ‘former Garden City’.

Situated on a 10-hectare lakebed near Yelahanka, this lake has become a victim of apathy and is staring at its demise. In fact, it has got reduced to a cesspool now. Anand, president of Prestige Monte Carlo Owners’ Association, said the lake is part of a system of water bodies that includes Attur Lake and Yelahanka Lake. Attur Lake has already dried up as the water table has receded.

Anand said migratory birds have stopped visiting the lake and cultivation of fodder has started on the lakebed. There is encroachment all around and debris is being thrown on the lakebed and around it every day. He added that sewage from residential and commercial establishments, too, is being discharged into the lake.

Fed up with the government’s inaction, the residents of the area are now demanding action to save the lake. Anand said a fence must be put around the lake, encroachment must be removed and the lakebed should be desilted. He added that the agencies that are letting sewage into the lake must be given exemplary punishment. Also, builders who are constructing high-rise apartments should be urged to work towards restoring lakes under public-private partnership.

Anand added that their area has been facing severe shortage of water for many years and the city water board is yet to supply 24x7 Cauvery water to areas in the northern part of the city. If the water bodies in the area were restored, he said, the water woes could be solved to some extent.

Ramachandra Mohan, department of zoology, Bangalore University, said a herculean effort was needed to save the lake. He said the first step would be desilting the lakebed, adding that the lake is important from the point of view of bio-diversity as well as ecology.

Whose lake is it anyway?

Anand said earlier Puttenahalli lake was under the forest department, which handed it over to Bruhat Bengaluru Mahanagara Palike (BBMP). The lake was identified as an important water body for the northern part of the city and hence the BBMP had given its charge to the Lake Development Authority (LDA).

Now, the lake’s responsibility is back with the forest department, which has outsourced its lake projects to the LDA. Anand pointed out that even as the lake’s charge has been yo-yoing between various authorities, nothing has been done to save it. He added that the residents wrote even letters to the governor and authorities several times, but got no response. An official of the LDA told *DNA* they were going to start

work on the lake in two months. Meanwhile, the board put up by the LDA, which has begun to rust, near the lake lies covered in weed, describing the state of affairs.

India OBSESSIONS OUR PICKSLATESTPOPULAR MIRACLE DRUG A Bangalore accountant says he's invented a way to clean the Ganga WRITTEN BY Nayantara Narayanan OBSESSION Made in India June 16, 2014 Quartz India A Bangalore-based chartered accountant says the seeming impossibility of cleaning the Ganga is a matter of mastering the underlying chemistry, and he has a solution to the problem. When dissolved in polluted water, his invention promotes the growth of a beneficial kind of algae, which releases oxygen into the water as it grows. More oxygen means more aerobic bacteria, which breaks down pollutants in the water. With new prime minister Narendra Modi pledging to clean the Ganga—he represents Varanasi in the Lok Sabha—the enormity of the task has come into focus. The tourism ministry has already allocated Rs18 crore(about \$3 million) to renovate the ghats of the pilgrim city. Like the Ganga, Bangalore's lakes have been host to untreated wastewater and sewage for many years now. And like the Ganga, the consequences include algal blooms, stench, mosquito infestations and drinking water contamination. These foul waters have been the laboratories of T. Sampath Kumar, a chartered accountant by training, who is also the inventor, producer and sole supplier of a proprietary nutrient he calls Nualgi—Nu for new and algi for, well, algae. Fishermen in Bangalore are using his concoction of nutrients to clean their hunting grounds so that fish livestock is replenished. Kumar believes the mechanism that works in the lakes of Bangalore can work in the mighty Ganga. 1 T. Sampath Kumar, the Bangalore-based inventor of Nualgi. Kumar's technique works by kick-starting the foundation of the aquatic food chain. He feeds a mixture of nutrients to diatoms—the most basic, single-cell life form found in ponds, lakes, rivers and oceans. As the algae formed by diatoms grow, they release oxygen into water. Oxygen sustains all other life in water, including aerobic bacteria, which can efficiently break down organic matter and clean the water. Untreated, sewage-filled water has too much nitrogen and phosphorous, which helps blue-green algae grow. This slimy variety of algae allows the growth of anaerobic bacteria, which break down organic matter only partially, leaving behind a host of pollutants and releasing malodorous gases like hydrogen sulfide and methane. The major ingredient in Nualgi is silica in nano form. Silica, which constitutes the cell wall of diatoms, forms tiny containers for various elements in the Nualgi mixture—iron, magnesium, zinc, copper, sulphur, manganese and calcium. Kumar says that when Nualgi is added to water, it restores the nutrient balance and allows diatoms grow and oxygen to be pumped into the system. One litre of Nualgi, he says, can purge 4 million litres of water of its contaminants. Kumar has used the lakes of Bangalore and Hyderabad to test the product, and he holds a US patent (No. 7585898) for it. With no scientific training and no institutional support, he has tweaked his formula through trial, error, and observation. In 2011, Kumar sent Nualgi from a small manufacturing facility in Bangalore to clean a three-acre duck pond in New York state. His company, Nualgi Nanobiotech, continues to export the product to a couple of US firms that undertake water treatment projects. Kumar has also developed a crop spray using the same technology. Last year, he says, he sold about Rs 1 crore (\$170,000) worth of the two products, priced at Rs1,500 (\$25) per bottle, and about half the sales were exports. Kumar says he has submitted his invention for

analysis at several government and research institutes. Bangalore University zoologist and water quality expert **M. Ramachandra Mohan** visited one of Kumar's test lakes back in 2009 and was surprised by what he saw—a cleaner looking lake and healthier looking fish. He took Nualgi back to his lab. "We used to feed the fish and see what happens. We saw the fish grew to a bigger size than otherwise. So the product is being converted into proteins," Mohan said. But he was also concerned by the sudden bloom of diatom algae. "The dead algae sediment add more calcium to the water but otherwise there is no problem." Mohan continues to test Nualgi in his lab for long-term effects. Kumar, however, shrugs off the importance of a stamp of approval saying, "Testing is only for your satisfaction. Here you want a particular job done and it (Nualgi) is working for that job." Kumar is now looking towards the Ganga with interest. The Ganga is both the source for water and the receptacle for sewage for major cities and towns, including Haridwar, Allahabad, Varanasi, Patna and Kolkata. Some 4.4 million people live along the river and it accepts industrial discharge from Kashipur, Moradabad and Meerut. A Central Pollution Control Board assessment of the river between 2007 and 2011 revealed how oxygen-starved it is as it passes through cities. Fecal coliform levels take off as sewage accumulates in the lower reaches. The oxygen depletion spikes sharply at Varanasi. Fecal Coliform levels also spikes at Varanasi. Enter Nualgi. "Millions of villages, town and cities through the length are sending their sewage to the Ganga. Distribute this product to all of them. Estimate the total volume, if you are adding 4 million liters (of sewage) everyday, add one liter (of Nualgi) to that. Let it go into the Ganga," Kumar says. 1 One of the most polluted stretches is near Kanpur and its tanneries. Rakesh Jaiswal, founder of the Kanpur-based NGO Ecofriends, has been campaigning for a clean Ganga for the last 20 years. Jaiswal's solution for the river is a conventional and widely supported view. "The amount of water flowing through the original course of the river should be increased," he says, referring to the irrigation canals upstream that have left Ganga depleted in the middle and lower reaches without the necessary power to wash away the muck. "There are enough laws, rules and regulations but those have to be implemented. Industries should be disciplined," says Jaiswal. But Kumar says it doesn't matter whether the Ganga is flowing, trickling or stagnant, as long as you have Nualgi. "Let the water be there," he says. "You can clean it." <http://qz.com>

The header of the blog post is a dark red banner. It contains the title "Sights, sounds and smells from Bangalore" in a large, white, sans-serif font. Below the title, in a smaller white font, is the subtitle "The Bangalore Blog: Boom or Doom? Tracking India's Silicon City's growth pangs."

Lake (g)razed to ground

Lake (g)razed to ground
DEEPTHI M R

Bangalore's growth can be summed up in two ways. One, a super-fast growth and two (a dubious one, though), its vanishing water bodies. Take, for instance, the Nagarbhavi lake, which prided itself for its aquatic life and rare avian population. Now, it is almost invisible. A vast stretch of water weeds has converted the lake bed into a grazing land. Located on a four-acre area, it was once home to several species of birds, but has now turned into a marsh filled with hyacinth and weeds.

Till recently, people used to flock to the lake to recharge their lungs with fresh air or for religious rituals.

SEWAGE THE CULPRIT

"The disappearing lakes has got to do with sewage water getting mixed with lake water. With excess amount of nitrates and phosphates, sewage water is nothing but a fertile feed for the growth of aquatic weeds. When this is let into the lake either due to the encroachment of sewage canals or illegally, it will foster the growth of weeds and shrink the water-holding capacity of the tank," said Dr Ramachandra Mohan, professor, zoology department, Bangalore University.

Experts have said the increased growth of water hyacinth and grass will drive lakes towards the path of extinction. "When water plants grow in the lake, water gets more oxygen. But an excess amount of these weeds destroy the lake. Further, weeds consume all the oxygen available in the water and restrict sunlight from entering the lake. This spurs the growth of bacteria," Dr Mohan said.

FOUL SMELL

Sampath Kumar, a resident of the area, said the accumulated silt and decaying weeds besides the sewage water emit foul smell.

A portion of the lake was given to Ambedkar Polytechnic College located right behind the lake. A dhobi ghat is situated behind the lake and washermen use this water for washing clothes. "The water is contaminated as the sewage water from the college hostel is let into the lake and the same water is used by washermen at the dhobi ghat. The lake has shrunk in size in the past 12 years," said Hemavathi, another resident.

The Karnataka State Pollution Control Board (KSPCB) officials had visited the spot in 2006 and asked the people in the locality not to

Point to Ponder

What do you call a congenial, captivating, cosmopolitan confluence of software and shopping malls, electronics and environment friendliness, salubrious climate and cleanliness, modern outlook and old worldliness, precision engineering and pubs? You call it India's best city for business. It is also called Bangalore.

Opening lines of Business Today's survey on India's best cities for business, December 1998.

Does Bangalore resemble any of this today?

Thought for the Times

"We neglect our cities at our peril. For, in neglecting them, we neglect the nation."

ches Fire in Anekal

By Express News Service

Villagers showing the spot from where the gas was coming out from the landfill at Lakshmipura in Anekal taluk near Bengaluru on Monday. The spot where some gas was leaking is a BBMP garbage dumpyard | pti

BENGALURU: On Monday morning, residents of Lakshmipura in Anekal taluk were shocked to find stagnant water on the streets boiling and gas emanating from the ground, catching fire at many places.

Experts said the fire was due to methane gas emission from the nearby Bruhat Bangalore MahanagaraPalike (BBMP) landfill site.

Later in the day, BBMP officials inspected the site and decided to cap it with 2 feet of soil and plant 5,000 saplings.

In 2012, BBMP decided to send waste to an abandoned quarry spread across 7 acres and 29 guntas at Lakshmipura village, off Bannerghatta Road. A few months ago, the dumping was stopped.

BBMP authorities claim to have filled the top with soil. But with garbage beneath the soil, over a period of time, it generated methane gas, which percolated through the soil, spreading all over. This resulted in fire and the stagnant water is seen boiling at the surface. Some people are now using these noxious flames to cook food.

Narayanaswamy, a resident of Lakshmipura, said that they have been facing this problem for six months now. “There are many farmers who own land in and around this landfill site. Drilling a borewell within a 3-km radius of the landfill results in gas emission and fires. Water is contaminated and unfit to drink. Bengaluru’s garbage dump is proving a health hazard for us,” he said.

Naveen, chairman of Mantapa Gram Panchayat under which Lakshmipura falls, told Express that BBMP had been dumping waste for the past three-and-half years.

The disposal of garbage in an unscientific manner has resulted in the fires, he said.

Emission of harmful gas is because the authorities are not topping the garbage with soil as per the procedures. “We have complained to the tahsildar and the BBMP officials, but with no result,” he said.

“It is affecting the health of the people living in the vicinity. Many complained of skin ailments. Farmers are suffering as groundwater is contaminated,” Naveen said.

However, BBMP authorities denied receiving any complaints. Bommanahalli zonal commissioner Muniraju said, “It is an abandoned quarry. We used to dump a layer of waste followed by a layer of soil every time. Due to rain, one side of the dump cracked open causing emission of methane gas. Now, we have dug up the dump and placed a pipe so that methane can come out of it. We have also dug up at 12 places through which gas will evaporate. Organic solution is sprayed to absorb methane gas,” he said.

‘Can Happen in Any Landfill Sites’

Prof Ramachandra Mohan, Head of the Department (Geology), Bangalore University, told Express, “When unsegregated waste dumped in a landfill site comes in contact with water, bacterial fermentation takes place. During this process, methane gas is produced. When the gas comes in contact with air, it has the tendency to catch fire. Biogas and gobar gas produced from mixed waste is combustible. This can happen in any landfill sites, including Mavallipura and Mandur.”

Indian Biodiversity Congress 2010

27 Dec 2010, Thiruvananthapuram, Kerala

Organized by: Dr. A. Biju Kumar, Organising Secretary, Indian Biodiversity Congress (IDC 2010) Secretariat, Centre for Innovation in Science and Social Action (CISSA), MBC -27, Museum Bains Compound,

Introduction: India's rich biodiversity heritage and contribution to biodiversity conservation will be showcased at the Indian Biodiversity Expo. Further, universities, R & D centers, corporations, consulting firms, non-profit organizations, and others working on various aspects of biodiversity and biodiversity-related product development (national firms only) are invited to display their innovative research, education, technologies, products, and information to increase awareness and enhance biodiversity. The primary objective of the exhibition will be to highlight the biodiversity heritage of the country and its role in poverty alleviation and sustainable development. There will be an exclusive pavilion on biodiversity education, including photo exhibition.

9th Asia-Europe Classroom Network Conference

12 Dec 2010, Asia-Europe Foundation and the St. Mark's Senior Secondary Public School

Organized by: Supported by: Ministry of Human Resource Development, India

The much awaited 9th AECNET Conference kicked off in great style on the 12th November 2010. The Chief Guest for the evening was Ms. Carolyn Deshmukh, Director, (SEEL), VHRD. While the special guests were Mr. Demens Kroll, Cultural Counselor, Federal Republic of Germany, Shagun Mehrotra, Programme Head (Education), European Union.

The evening saw mesmerizing performances from the students of St. Mark's Sr. Sec. Public School, Meera Bagh. It was a cultural bonanza for the 100 delegates from all over Asia and Europe as they witnessed the diverse culture of our country - Incredible India.

Fish Species In India Near Extinction

July 26th, 2016 by [Jake Richardson](#)

Pollution and climate change have put 12 indigenous fish species on the brink of extinction in India. Research is being conducted in the area between Bengaluru and Melekote in 10 lakes by **Dr. M. Ramachandra Mohan, HoD, Department of Zoology** and some students.

“Of the 12 species, five are under the vulnerable category and the rest are endangered. Two foreign species are also in danger,” [explained](#) Dr. Mohan. The Karnataka Labeo (Labeo Calbasu) and Indian Glassy fish (Pseudambassis Ranga) are two of the at-risk species.

Climate change is impacting water temperatures, water chemistry, water levels and rainfall patterns. Habitat destruction is occurring too due to human activities like dam construction, and exploitative fishing practices.

“Despite this higher level of tolerance, neither the indigenous nor foreign varieties are able to sustain themselves in the 10 lakes which were part of the study. Agricultural pollution and destruction of lakes due to agricultural and layout encroachments are other major problems,” [stated](#) Dr. Mohan.

The presence of exotic species like carps, african catfishes and tilapia in the lakes doesn't help matters either, because they can compete with the indigenous fishes for food and habitat.

The indigenous fish are not just isolated elements within the lakes, they are part of an ecological balance that was evolved over many years. If they all die, the lake ecology will also be altered permanently. Birds that live in the area, which eat fish they hunt for, and/or fish remains would have less to eat, and then their existence might also be threatened. Sometimes, when a native species, or more than one dies out, there can be a chain reaction within the interconnections between species.

If humans use the fish for food, their absence would obviously negatively affect them too.

Karnataka has about 201 freshwater fish species, and approximately 40 of them are in some state of vulnerability, so conservation measures are needed. As many as 12 indigenous Indian species of fishes found in city lakes face the danger of going extinct in a few years due to increasing pollution and climate change, says an ongoing study by a team of researchers from the Bangalore University. The study focuses on relation between the aquatic life and climate change. **Dr M Ramachandra Mohan, HoD, Department of Zoology**, is conducting the study along with a few of his PhD students. The team studied fish life in 10 lakes between Bengaluru and Melekote (in Doddaballapur taluk of Bengaluru rural district). "The vulnerability of fish in Bengaluru lakes has increased manifold in the last five years," Mohan, who is studying fish and other aquatic life in Bengaluru for the past 15 years, said. The 12 species endangered include the Karnataka Labeo (Labeo Calbasu) and Indian Glassy fish (Pseudambassis Ranga) to name a few. "Of the 12 species, five are under the vulnerable category and the rest are endangered. Two foreign species are also in danger," said Mohan. In Karnataka, 201 freshwater fish species have been found. Of these, 40 fish species are under threat and urgent conservation measures are needed to be implemented to ensure their survival, says the study. It goes on to say that the native freshwater fish diversity in water bodies is declining rapidly. The crucial reason for the decline are the destruction of habitat due to construction of dams and barrages, pollution and exploitative fishing practices.

Climate change is generally causing the waters to warm as well as bringing changes to rainfall patterns, water levels, river flow and water chemistry. The predominant presence of exotic species like Tilapia, Silver carps, Grass carps and African catfishes in rivers and reservoirs is because they can tolerate high pollution and static water levels.

"Despite this higher level of tolerance, neither the indigenous nor foreign varieties are able to sustain themselves in the 10 lakes which were part of the study. Agricultural pollution and destruction of lakes due to agricultural and layout encroachments are other major problems," said Mohan.

The term “water woes” has today become a cliché. But it’s not water supply issues or the associated woes that are disturbing.

The term “water woes” has today become a cliché. But it’s not water supply issues or the associated woes that are disturbing. What is, is the fact that water has been disappearing right from under our noses. Bulk of the water supplied to Bangalore has to be carried from afar because there’s precious little groundwater left.

Najeeb KM, regional director of the south-western zone of the Central Ground Water Board (CGWB) offers a pointer as an explanation: “One of the prime reasons groundwater tables have been falling drastically, particularly in the peripheral areas of the city, is the rapid disintegration of lakes. As lakes keep either drying up or being converted for ‘development’ purposes, the water tables are bound to dip.”

The consensus among experts is that the groundwater tables are falling mostly in peripheral areas. “The water table is falling precipitously all along the periphery of the city where the Bangalore Water Supply and Sewerage Board (BWSSB) network does not exist, but is rising in the city centre, thanks mainly due to leaking pipes,” says Vishwanath of the Biome Environmental Trust, an NGO that works on water-related issues.

Ramachandra Mohan, professor, Bangalore University, goes further and links lakes to watertables. “Lakes are like kidneys of the ground. They filter the unwanted matter and seep in only the necessary clean water into the ground. But, the number of lakes have gone down in recent years. Groundwater tables have gone down to 1,000 feet. Although there is a enough rain in the city and in the state, there is no place to

store it. Lakes have become very shallow too. The number of lakes have decreased as well.”

The relation between lakes and water tables is no mere theory. A case in point is the Puttenahalli Lake which was revived through citizens’ intervention a few years back.

The Chairperson of the Puttenahalli Neighbourhood Lake Improvement Trust, Usha Rajagopalan, points out that the groundwater levels in the area have definitely improved. “The increase in number of birds present in the lake is another indicator. At the same time, evaporation has caused the surface level to drop a bit. We are hopeful that soon the 200-odd trees that we have planted around the periphery will reduce the rate of evaporation and the Puttenahalli lake would be full of water even in summer. We are also trying to divert more rainwater into the lake,” says Rajagopalan.

If the number of trucks streaming out of the area is any indication, borewells here are working once again. Says Rajagopalan, “The borewell operators in the area are definitely aware how the restoration of the lake has recharged the water table. I am not very sure if the more educated and economically better-off see the connection, since their supply of bottled water is still intact. The importance of lakes, not only in relation to recharging the water tables, but in so many other ways cannot be underestimated.”

Mohan takes the issue further and predicts a disaster. “We are heading towards a major drought if we don’t take immediate action. In Bangalore, there was a time when we could find water at 25-30ft. Where is that now? This is because, we are not replenishing lakes and have no water sinking areas. Lakes are very important to the city. That’s it.”

Rajagopalan saves the last word as one of advice, “It is in people's own interest to protect lakes/tanks – as much as villagers in the past took care of ponds. Our education and lifestyles have distanced us from nature. We need to take corrective steps urgently so that our children do not suffer because of our callous indifference to nature and to waterbodies in particular.

Kengeri lake strangulated

Aquatic life here has been choked by rampant growth of hyacinth and release of sewage water

By Deepthi M R

Posted On Tuesday, May 12, 2009

Yet another lake is fighting a 'dying battle'. Kengeri lake, also known as Doddakere, is completely filled with hyacinth, showing signs of nearing its end, says a Bangalore University zoology team which has done an extensive study of the lake.

BU Zoology professor Dr Ramachandra Mohan said, "The dissolved oxygen content in the lake was 6.5 mg/litre in 2007 but it has reduced to less than 2 mg/litre now. As it is filled with these plants, sunlight cannot enter the lake."

Worse still, sewage water from Kengeri and Visvesvaraya Layout are let in to the lake.

DEADLY WATERS

"When the sewage flows into the lake, heavy matter settles at the bottom. As this hinders aquatic life under water, they come up for oxygen. The temperature of water on the upper surface being high, makes it difficult for them to survive there as well. So they get killed," he explained.

According to the research team that includes two research scholars Latha N and Gayatri S, though aquatic life dies during desilting, if herbivorous Tilapia fish are let in after desilting the lake, they will eat the surface algae. Once the algae are removed, the water remains clean for a longer time. Even the sewage lines have to be diverted and the lake needs to be fenced.

PRESCRIPTION TO SAVE LAKE

1. Release Tilapia fish into the lake as they will eat surface algae, thereby making water clean.
2. Divert sewage lines which are connected to the lake.
3. Put a fence around the water body.

Express News Service

Last Updated : 06 Jul 2011 11:27:13 AM IST

BANGALORE: An elephant carrying a six-month old foetus died in the forests surrounding Mysore around 85 years ago; but a visionary physiology professor Subba Rao took it upon himself to preserve the foetus for students of Zoology. The foetus, is still being proudly preserved by the Department of Zoology in a museum in Bangalore University .

In the contemporary scene, where students learn physiology through virtual media, such rare specimens need to be accorded importance. "Several research students from other countries come to take a look and it and study it, but no such interest in shown in our own country," said **Head of the Department of Zoology, Bangalore University, Prof Ramachandra Mohan.**

An even more telling tale of apathy is that this museum, which also hosts now extinct frog specimens and other valuable natural science specimens, is being maintained by the Department of Zoology with its department funds and with no money to spare even to secure the rare and valuable specimens.

A rarity by itself, the preservation of the foetus requires extra care as opposed to regular specimens that are preserved in formaldehyde. Professor Mohan explains, "Every visiting professor and delegates of an international conference held last year were stunned to see the preserved elephant foetus. I fear to put a monetary value on it as it would be sought after by several natural sciences museums in the world. The value is in the foetus itself as it can play a vital role in research of the natural sciences."

Natural science enthusiasts can tell you that tourists stream into the National History Museum at Mozambique to see the 22 elephant foetuses, each representing varying periods of growth in the nearly twoyear pregnancy period of the elephant. Apart from the tourist value, scientists can derive invaluable data from which inferences regarding evolution can be arrived at.

"The DNA fingerprinting of these specimens can throw light on several aspects of natural sciences, especially physiology. Students from colleges and schools in the city used to visit the museum after which they even included some of the specimens in their syllabus to learn and understand the concept better," says Professor Mohan.

These valuable specimens also reflect another important aspect Most of the specimens were collected by students of the 100yearold department of Zoology and that list includes Professor Subba Rao.

The museum belonging to BU's zoology department completes a century of existence, helping students and universities alike

Posted On Tuesday, September 08, 2009 at 12:50:00 AM

Dr Ramachandra Mohan and Zoology professor Dr Asha Devi

What began as a lab for the zoology department of the Bangalore University and transformed into a museum later housing some rare specimens, has now completed 100 fruitful years, aiding students and universities alike.

A 67-day-old elephant's foetus welcomes you to the museum that was started in 1909. This elephant specimen itself is 72 years' old.

"Each of these specimens have a tale to tell. Some have genetic value, while some are important for animal studies," said **Ramachandra Mohan, head of the zoology department.**

AIDING VARSITIES

Recalling his student days and narrating stories of specimens that are over 80 to 100 years old, he said, "The museum was started by Prof Narayan Rao, who also started the department. It is because of him that the department has resources that have now become source material for many other universities."

Though the museum began as a lab, it was turned into a museum as the number of specimens began to grow. "Some of the oldest specimens we have are from 1937, which were found by Rao himself. Since he was a conservator of forests and a zoology professor, it was his passion that led him to collect them," said Mohan.

1,000 SPECIMENS

The museum has over 1,000 specimens, including that of mammals, amphibians, reptiles, spiders and aquatic species. “Some of the species are very rare. None of these is less than 30 years’ old. These were collected in their natural conditions, which is not allowed now,” he said.

The museum caters to many branches of zoology. “Osteology, embryology, marine and reptile studies are some of the branches of study it caters to. Students can conduct research on bones, birds, amphibians and reptiles,” said Mohan.

SETTING SIGHTS HIGHER

The department celebrated 100 years recently. “It is my luck that I am a student of this department and in its 100th year, I am its chairman. I want to achieve more,” he added.

by Khanna, Bosky

On April 14, walkers at Cubbon Park were greeted by the stink of dead fish, as sewage mixed with the water in Lotus Pond after heavy rain. Is there a way to prevent such sudden changes in the quality of water? Yes, say experts.

Sensors can be fixed in the water, equipped to measure the acidity or alkaline quality of water, the presence of dissolved oxygen, and the quality of water in city sewers. Dissolved oxygen should ideally be between 6.5-8.5 micro grams per litre in water that supports life; otherwise, fish could die. If the oxygen levels in water fall below these levels, the sensors would send signals. The sensors would be connected to satellites, so the information gathered could be monitored. This would aid city authorities in acting on time.

Ten lakes in the city will form part of a pilot project undertaken by the Bangalore Development Authority (BDA) in the use of electronic sensors. These are: lakes at Jakkur and Sampigehalli; Rachenahalli; Ullalu; Mallathahalli; Kommaghatta; Ramasandra; Thalaghattapura; Konasandra; Somapura; Kothanur.

Professor and zoology department head, Bangalore University, Ramachandra Mohan, said Sonde probe sensors would be pressed into service to help monitor water quality in the lakes. He made a presentation in this regard to the BDA on Monday.

In India, monitoring water quality in lakes is limited to sending water samples for testing when glaring problems are observed - when a large number of fish are found dead, for instance. The process is often tedious, and the tests are time-consuming. If probe sensors at the ground station could send signals to satellites, the results of the chemical analyses of the water could be obtained much faster. Mohan and environmentalist AN Yellappa Reddy are inspecting the 10 lakes and preparing a detailed report. The project, if successful, could extend to all 80 lakes in the city. This is the first time that the technology is being tested in the state. The project will cost around Rs15 lakh for 10 sensors; each probe has a life span of about 15 years.

21 Mar 2012 – *Ramachandra Mohan*, professor, *Bangalore University*, goes further and links lakes to watertables. “Lakes are like kidneys of the ground.

By [Subir Ghosh](#) | Place: Bangalore | Agency: DNA

The term “water woes” has today become a cliché. But it’s not water supply issues or the associated woes that are disturbing. What is, is the fact that water has been disappearing right from under our noses. Bulk of the water supplied to Bangalore has to be carried from afar because there’s precious little groundwater left.

Najeeb KM, regional director of the south-western zone of the Central Ground Water Board (CGWB) offers a pointer as an explanation: “One of the prime reasons groundwater tables have been falling drastically, particularly in the peripheral areas of the city, is the rapid disintegration of lakes. As lakes keep either drying up or being converted for ‘development’ purposes, the water tables are bound to dip.”

The consensus among experts is that the groundwater tables are falling mostly in peripheral areas. “The water table is falling precipitously all along the periphery of the city where the Bangalore Water Supply and Sewerage Board (BWSSB) network does not exist, but is rising in the city centre, thanks mainly due to leaking pipes,” says Vishwanath of the Biome Environmental Trust, an NGO that works on water-related issues.

Ramachandra Mohan, professor, Bangalore University, goes further and links lakes to watertables. “Lakes are like kidneys of the ground. They filter the unwanted matter and seep in only the necessary clean water into the ground. But, the number of lakes have gone down in recent years. Groundwater tables have gone down to 1,000 feet. Although there is enough rain in the city and in the state, there is no place to store it. Lakes have become very shallow too. The number of lakes have decreased as well.”

The relation between lakes and water tables is no mere theory. A case in point is the Puttenahalli Lake which was revived through citizens’ intervention a few years back.

The Chairperson of the Puttenahalli Neighbourhood Lake Improvement Trust, Usha Rajagopalan, points out that the groundwater levels in the area have definitely improved. “The increase in number of birds present in the lake is another indicator. At the same time, evaporation has caused the surface level to drop a bit. We are hopeful that soon the 200-odd trees that we have planted around the periphery will reduce the rate of evaporation and the Puttenahalli lake would be full of water even in summer. We are also trying to divert more rainwater into the lake,” says Rajagopalan.

If the number of trucks streaming out of the area is any indication, borewells here are working once again. Says Rajagopalan, “The borewell operators in the area are definitely aware how the restoration of the lake has recharged the water table. I am not very sure if the more educated and economically better-off see the connection, since their supply of bottled

water is still intact. The importance of lakes, not only in relation to recharging the water tables, but in so many other ways cannot be underestimated.”

Mohan takes the issue further and predicts a disaster. “We are heading towards a major drought if we don’t take immediate action. In Bangalore, there was a time when we could find water at 25-30ft. Where is that now? This is because, we are not replenishing lakes and have no water sinking areas. Lakes are very important to the city. That’s it.”

Rajagopalan saves the last word as one of advice, “It is in people's own interest to protect lakes/tanks – as much as villagers in the past took care of ponds. Our education and lifestyles have distanced us from nature. We need to take corrective steps urgently so that our children do not suffer because of our callous indifference to nature and to waterbodies in particular

BU professor to present paper in Texas

[Express News Service](#), [The New Indian Express](#)

BANGALORE: **Prof M Ramachandra Mohan of the Department of Zoology, Bangalore University** has been invited to present a paper titled, ‘Water Quality Monitoring of Magadi Hill Range Lakes and Reservoirs in Bangalore, India’ at the, the 14th World Lake Conference.

The conference is jointly organised by the United States of America and International Lake Environmental Committee, Japan from October 31- November 4 at Austin, Texas, USA.

Curriculum Vitae: Dr. M Ramachandra Mohan. Professor Since Aug 2000, BUB

The World Lake Conference will provide an international forum for discussing lake/reservoir related issues from international, national and state agencies.

NGOs, academic institutions, water industry and resource management professionals, private sector and other water stakeholders will be participating.

SEWAGE THE CULPRIT

“The disappearing lakes has got to do with sewage water getting mixed with lake water. With excess amount of nitrates and phosphates, sewage water is nothing but a fertile feed for the growth of aquatic weeds. When this is let into the lake either due to the encroachment of sewage canals or illegally, it will foster the growth of weeds and shrink the water-holding capacity of the tank,” said **Dr Ramachandra Mohan, professor, zoology department, Bangalore University.**

Experts have said the increased growth of water hyacinth and grass will drive lakes towards the path of extinction. “When water plants grow in the lake, water gets more oxygen. But an excess amount of these weeds destroy the lake. Further, weeds consume all the oxygen available in the water and restrict sunlight from entering the lake. This spurs the growth of bacteria,” Dr Mohan said.

FOUL SMELL

Sampath Kumar, a resident of the area, said the accumulated silt and decaying weeds besides the sewage water emit foul smell.

A portion of the lake was given to Ambedkar Polytechnic College located right behind the lake. A dhobi ghat is situated behind the lake and washermen use this water for washing clothes. “The water is contaminated as the sewage water from the college hostel is let into the lake and the same water is used by washermen at the dhobi ghat. The lake has shrunk in size in the past 12 years,” said Hemavathi, another resident. The Karnataka State Pollution Control Board (KSPCB) officials had visited the spot in 2006 and asked the people in the locality not to come up with new buildings close to the tank bed. Since then, nothing has been done to preserve this precious water body.

Soon, satellites to the rescue of fish in Bangalore lakes

Published: Tuesday, Apr 27, 2010, 8:21 IST

Bangalore on its way to becoming 'former Garden City'

Published: Wednesday, Jan 4, 2012, 12:49 IST

By [Deepthi MR](#) | Place: Bangalore | Agency: DNA [he sorry state of Puttenahalli lake in Yelahanka — not to be confused with its namesake in JP Nagar — is a stark reminder that Bangalore is well on its way to becoming 'former Garden City'.](#)

[Situating on a 10-hectare lakebed near Yelahanka, this lake has become a victim of apathy and is staring at its demise. In fact, it has got reduced to a cesspool now. Anand, president of Prestige Monte Carlo Owners' Association, said the lake is part of a system of water bodies that includes Attur Lake and Yelahanka Lake. Attur Lake has already dried up as the water table has receded.](#)

[Anand said migratory birds have stopped visiting the lake and cultivation of fodder has started on the lakebed. There is encroachment all around and debris is being thrown on the lakebed and around it every day. He added that sewage from residential and commercial establishments, too, is being discharged into the lake.](#)

[Fed up with the government's inaction, the residents of the area are now demanding action to save the lake. Anand said a fence must be put around the lake, encroachment must be removed and the lakebed should be desilted. He added that the agencies that are letting sewage into the lake must be given exemplary punishment. Also, builders who are constructing high-rise apartments should be urged to work towards restoring lakes under public-private partnership.](#)

[Anand added that their area has been facing severe shortage of water for many years and the city water board is yet to supply 24x7 Cauvery water to areas in the northern part of the city. If the water bodies in the area were restored, he said, the water woes could be solved to some extent.](#)

[Ramachandra Mohan, department of zoology, Bangalore University, said a herculean effort was needed to save the lake. He said the first step would be desilting the lakebed, adding that the lake is important from the point of view of bio-diversity as well as ecology.](#)

[Whose lake is it anyway?](#)

[Anand said earlier Puttenahalli lake was under the forest department, which handed it over to Bruhat Bengaluru Mahanagara Palike \(BBMP\). The lake was identified as an important water body for the northern part of the city and hence the BBMP had given its charge to the Lake Development Authority \(LDA\).](#)

Now, the lake's responsibility is back with the forest department, which has outsourced its lake projects to the LDA. Anand pointed out that even as the lake's charge has been yo-yoing between various authorities, nothing has been done to save it. He added that the residents wrote even letters to the governor and authorities several times, but got no response. An official of the LDA told DNA they were going to start work on the lake in two months. Meanwhile, the board put up by the LDA, which has begun to rust, near the lake lies covered in weed, describing the state of affairs Bangalore's growth can be summed up in two ways. One, a super-fast growth and two (a dubious one, though), its vanishing water bodies. Take, for instance, the Nagarbhavi lake, which prided itself for its aquatic life and rare avian population. Now, it is almost invisible. A vast stretch of water weeds has converted the lake bed into a grazing land. Located on a four-acre area, it was once home to several species of birds, but has now turned into a marsh filled with hyacinth and weeds.

Till recently, people used to flock to the lake to recharge their lungs with fresh air or for religious rituals.

SEWAGE THE CULPRIT

"The disappearing lakes has got to do with sewage water getting mixed with lake water. With excess amount of nitrates and phosphates, sewage water is nothing but a fertile feed for the growth of aquatic weeds. When this is let into the lake either due to the encroachment of sewage canals or illegally, it will foster the growth of weeds and shrink the water-holding capacity of the tank," said Dr Ramachandra Mohan, professor, zoology department, Bangalore University.

‘Scientists must sensitise public on environment protection’

Staff Reporter

Limbavali seeks vision document on the subject

— Photo: V. Sreenivasa Murthy

The need to conserve: Minister for Higher Education Arvind Limbavali and Vice-Chancellor of Bangalore University N. Prabhu Dev at the conference in Bangalore on Thursday.

BANGALORE: Minister for Higher Education Arvind Limbavali on Thursday urged the scientific community to come out with a vision document with regard to environment protection while assuring positive action on the document from the Government.

He was speaking after inaugurating an International Conference on Environmental Pollution, Water Conservation and Health, organised on the occasion of the centenary celebrations of the Department of Zoology, Bangalore University, here. He said the outcome of the seminar would be helpful to his department which is planning to revise the syllabus of universities in the State.

Mr. Limbavali said scientists should take a proactive step in sensitising the general public about the need for protecting and preserving the environment.

Conservation of water is another area in which abundant focus is needed since availability of water is limited, he said.

He congratulated Bangalore University for organising the conference, saying it was timely.

Water for all

Speaking on the occasion, the former Vice-Chancellor of University of Agricultural Sciences, Bangalore, K.V. Devaraj, dwelt upon various water-borne diseases and emphasised the importance of making clean drinking water available to all.

Presiding over the inaugural session, Bangalore University Vice-Chancellor N. Prabhu Dev spelt out different statistics on the availability of water and said if, at all, the third world war happens, it would be over water.

He cautioned the public about the dangers of random exploitation of available water.

On the occasion, Mr. Limbavali released the Special Cover commemorating the centenary celebrations of the Zoology Department as well as the book of abstracts containing the brief presentations of the conference.

Department Chairman M. Ramachandra Mohan and other senior professors of the university were present.

Bangalore: July 27, DHNS:

Varsity takes green initiatives to recharge ground water on campus

'I am planning to write a letter to mayor requesting him not to sink more borewells in the City. The groundwater level in the City is already low. Sinking more borewells is not a good idea,' said Bangalore University Vice-Chancellor Prabhu Dev on Tuesday.

Addressing the media to announce the centenary celebrations of the Department of Zoology, he said, "Water table in the City has gone down considerably. Nearly, 60 per cent of the borewells are dry. Instead of sinking more borewells, the agencies should focus on replenishing the existing borewells," said the V-C.

Nataraj, soon after taking over the charge as Mayor had issued orders to dig more borewells in each constituency to solve water crisis. The decision for drilling 336 borewells in the City was criticised by environmentalists as well as groundwater experts. The suggestion was to dig 12 borewells in each constituency, four of which was to be dug by BBMP and the remaining by BWSSB.

The Vice-Chancellor pointed out that borewells could do more harm than good as water from borewells is not fit to be consumed.

BU initiative

The Vice-Chancellor enlisted the tree planting initiatives like 'Laksha Vriksha E Varsha' which had replenished the water level of Jnana Bharathi campus. "As a part of the initiative, we have planted nearly 40,000 saplings. A recent study conducted in the campus indicates that the water level has gone up by five feet. If we plant one lakh saplings, water level might go up by 11 feet not only in the campus but also in the neighbouring areas," he added.

He also informed that the university would construct more check dams to conserve rain water. "We are planning to construct 20 more check dams to preserve rain water. The university has already built 12," he said.

Centenary celebrations

The University's Zoology Department, as part of its centenary celebrations, is organising an international conference on environmental pollution, water conservation and health, from July 29-31.

The conference is being attended by as many as 900 delegates from 22 states in India and 11 countries.

New courses

The Zoology department has also announced starting of three new post graduate diploma courses on the occasion. The one-year diploma courses would be offered from the next academic year.

"Students can apply for diploma courses in Water conservation and Management, Eco-technology and apiculture from the next academic year. Post graduates of environmental science, microbiology and zoology are eligible for these courses. It is the first time that we are offering these diplomas," said **Ramachandra Mohan, professor** and chairperson of zoology department.

A special postal cover marking the 100 years of the department would also be released, said Ramachandra Mohan.

Erring colleges

Sources in Bangalore University said that the list of eleven erring colleges might be officially declared tomorrow.

On Monday, the university's academic council imposed a fine of Rs 5 lakh on these colleges. DH News Service

urges Mayor

Staff Reporter

Bangalore University Vice-Chancellor N. Prabhu Dev on Tuesday appealed to Mayor S.K. Nataraj not to go ahead with his plan of drilling 400 borewells in the city.

The plea comes when the university is organising a three-day international conference, Environment Pollution, Water Conservation and Health, in the city from July 29 to celebrate the centenary year of its Department of Zoology.

Briefing presspersons, Dr. Prabhu Dev said the city's groundwater table has plummeted alarmingly. "Even the Central Ground Water Board has advised against more borewells in the city," he added.

Dr. Prabhu Dev pointed out the groundwater table around the Jnanabharathi campus increased by six feet after the university's green drive. "Already 40,000 saplings have been planted on the campus. We expect the water table to rise by 11 feet when we achieve the target of one lakh trees."

M. Ramachandra Mohan, Chairman, Zoology Department, said the department was working closely with the Bruhat Bangalore Mahanagara Palike and the Bangalore Development Authority to preserve lakes in the city by suggesting measures to prevent water contamination.

Over 1,000 delegates will participate in the conference to be held on the Central College campus. The Department will publish a policy and vision document on issues concerning environment, biodiversity and health at the end of the conference. A special postal cover will also be released.

New courses

The Department of Zoology, Bangalore University, is starting three postgraduate diploma courses to commemorate its centenary.

Department chairman M. Ramachandra Mohan said the diplomas — in water conservation and management, apiculture; and eco technology — will be offered from the academic year 2011-12.

You may be sweating more, but you are swatting a lot less

The scorching sun, coupled with the lack of rains, has depleted the breeding grounds for mosquitoes in the city and brought down the menace by almost 60 per cent, say experts

Tap lakes, stop borewells: BU

DC CORRESPONDENT

BENGALURU

New courses

Diploma BU will introduce three PG diploma courses from 2011-12 in water conservation and management, eco-technology and agriculture. Initially, BU will offer 25 seats in each course, the eligibility for which will be an M.Sc. in related areas of science. A four-year technology oriented Bachelors of Science course will also be introduced. "We are also working on starting a placement cell in coordination with industries at the PG level," stated Mr. Prabhu Dev.

July 27: Researchers at Bengaluru University have a solution to tide over the water crisis in the city: Restore drying lakes, stop digging borewells. Lecturers of the department of Zoology at BU say restoring at least 10 lakes will get the city, where only 50 per cent of the water needs are met, an additional 100 million litres of water per day (ml).

The department which has recommended to the government to monitor remote sensing probes to monitor quality of water in lakes, emphasised on the need to restore lakes in an ecological manner. According to the head of the department Prof. Ramachandra Mohan, this can be a lasting solution for Bengaluru's water shortage.

Speaking at a press conference to announce BU's three-day international conference this week on environment and water to be held from July 29-31 in the city, vice-chancellor N. Prabhu Dev said the objec-

tive was to exchange ideas and research work to enable sustainable environment. "As part of the centenary celebrations of the Department of Zoology, we are essentially focusing on water. We will appeal to the mayor that indiscriminate digging of borewells is not the best solution and will make the city drier than it is," he added.

Drop 400 borewells plan, VC urges Mayor

Zoology Department participates in preservation of lakes

Staff Reporter

BANGALORE: Bangalore University Vice-Chancellor N. Prabhu Dev on Tuesday appealed to Mayor S.K. Narayan to not to go ahead with his plan of drilling 400 borewells in the city.

The plea comes when the university is organising a three-day international conference, Environment Pollution, Water Conservation and Health, in the city from July 29 to celebrate the centenary year of its Department of Zoology.

Briefing presspersons, Dr. Prabhu Dev said the city's groundwater table has plummeted alarmingly. "Even the Central Ground Water Board has advised against more borewells in the city," he added.

Dr. Prabhu Dev pointed out the groundwater table around the Jnanabharathi campus increased by six feet after the university's green drive. "Already 40,000 saplings have been planted on the campus. We expect the water table to rise by 11 feet when we achieve the target of one lakh trees."

M. Ramachandra Mohan, Chairman, Zoology Department, said the department was working closely with the Bruhat Bangalore Mahanagara Palike and the Bangalore Development Authority to preserve lakes in the city by suggesting measures to prevent water contamination.

Over 1,000 delegates will participate in the conference to be held on the Central College campus. The Depart-

EXPLOITED: Even the Central Ground Water Board has advised against more borewells in Bangalore. — PHOTO: V. SREENIVASA MURTHY

ment will publish a policy and vision document on issues concerning environment, biodiversity and health at the end of the conference. A special postal cover will also be released.

New courses

The Department of Zoology, Bangalore University, is starting three postgraduate diploma courses to commemorate its centenary.

Department chairman M. Ramachandra Mohan said the diplomas — in water conservation and management, apiculture, and eco technology — will be offered from the academic year 2011-12.

International meet on green issues

Special Correspondent

BANGALORE: The Department of Zoology, Bangalore University, will celebrate its centenary year by holding an international conference on Environmental Pollution, Water Conservation and Health from July 29 to 30.

Declining this to presspersons after launching a website of the international conference on Saturday, Vice-Chancellor N. Prabhu Dev said environmental pollution is one of the most challenging problems facing the

International community

The international conference seeks to bring together students, engineers, scientists and professionals from different countries involved in various aspects of environmental science to exchange and share their experience and ideas on environmental pollution, water conservation and their impact on ecology and human health. The conference will feature several plenary sessions and lectures by eminent personalities in the field of biological sciences.

Preserving foetus, an elephantine process

[Dhanya Matsa](#)

Express News Service

Last Updated : 06 Jul 2011 11:27:13 AM IST

BANGALORE: An elephant carrying a six-month old foetus died in the forests surrounding Mysore around 85 years ago; but a visionary physiology professor Subba Rao took it upon himself to preserve the foetus for students of Zoology. The foetus, is still being proudly preserved by the Department of Zoology in a museum in Bangalore University .

In the contemporary scene, where students learn physiology through virtual media, such rare specimens need to be accorded importance. "Several research students from other countries come to take a look and it and study it, but no such interest in shown in our own country," said **Head of the Department of Zoology, Bangalore University, Prof Ramachandra Mohan.**

An even more telling tale of apathy is that this museum, which also hosts now extinct frog specimens and other valuable natural science specimens, is being maintained by the Department of Zoology with its department funds and with no money to spare even to secure the rare and valuable specimens.

A rarity by itself, the preservation of the foetus requires extra care as opposed to regular specimens that are preserved in formaldehyde. Professor Mohan explains, "Every visiting professor and delegates of an international conference held last year were stunned to see the preserved elephant foetus. I fear to put a monetary value on it as it would be sought after by several natural sciences museums in the world. The value is in the foetus itself as it can play a vital role in research of the natural sciences."

Natural science enthusiasts can tell you that tourists stream into the National History Museum at Mozambique to see the 22 elephant foetuses, each representing varying periods of growth in the nearly twoyear pregnancy period of the elephant. Apart from the tourist value, scientists can derive invaluable data from which inferences regarding evolution can be arrived at.

"The DNA fingerprinting of these specimens can throw light on several aspects of natural sciences, especially physiology. Students from colleges and schools in the city used to visit the museum after which they even included some of the specimens in their syllabus to learn and understand the concept better," says Professor Mohan.

These valuable specimens also reflect another important aspect Most of the specimens were collected by students of the 100yearold department of Zoology and that list includes Professor Subba Rao.

BU professor to present paper in Texas

[Express News Service](#), [The New Indian Express](#)

BANGALORE: **Prof M Ramachandra Mohan** of the Department of Zoology, Bangalore University has been invited to present a paper titled, ‘Water Quality Monitoring of Magadi Hill Range Lakes and Reservoirs in Bangalore, India’ at the, the 14th World Lake Conference.

The conference is jointly organised by the United States of America and International Lake Environmental Committee, Japan from October 31- November 4 at Austin, Texas, USA. The World Lake Conference will provide an international forum for discussing lake/ reservoir related issues from international, national and state agencies. NGOs, academic institutions, water industry and resource management professionals, private sector and other water stakeholders will be participating.

Study shows that only 40 lakes will exist three years down the line

By Deepthi Ranga

Posted On Friday, May 01, 2009

If you believe that Bangalore is a city with plenty of lakes, here is a reality check. **Dr Ramchandra Mohan, a professor at the Zoology department, Bangalore University** and his team of researchers have conducted a study on all the lakes in the city. Speaking to Bangalore Mirror, **he** said, “There was a time when Bangalore was known for its lakes and water bodies. Not so long ago, in 1979, Bangalore had 379 lakes. Now the city has only 81 lakes and most of them are well on their way to the grave.”

Resurrection of these lakes may not be possible. But saving the existing ones has become his goal. “The health of a lake is considered good if the dissolved Oxygen level in the water is above 6.5 milligrammes per litre. But the Oxygen level in most of the lakes in the city is below 2 mg per litre. This can prove to be fatal for the aquatic life of the lakes,” he said.

Pollution and encroachment are just a few reasons for the vanishing lakes. **Dr Mohan** felt that if these lakes are saved, the water needs could be met. “The population has increased drastically over the years.

In 1942, Bangalore had 4.5 lakh people. That increased to 90 lakh in 2008. Now with growing demand for water, the number of lakes should have also increased. But it has not. Bangalore needs 840 million litres of water per day. Our government is only supplying 705 MLD (million litres of day) of water. If these lakes were restored or at least if the existing lakes are maintained, this difference of 135 million litres can be met everyday.”

GLOOMY OUTLOOK

The team has found that if this depletion continues, then 40 of the 81 lakes will die within the next three years. “Five of my students are working on various lakes in the city. Our government is struggling to keep small lakes clean. Government should budget water and give equal supply of

water to every household so that water can be used sparingly. Our study shows that these lakes will need massive cleaning up. All the sewage should be diverted and not let into the lake,” said **Dr Mohan**.

He said water should be categorised into three types: Water for domestic use, for irrigation and recycled water. “Bangalore never uses 70 million litres of water which is recycled. About 98 per cent of water supply is from the Cauvery river. It’s about time that we clean up these lakes and use this water for domestic use.”

Statistics reveal that of all the water that the city gets, 35 per cent is used for household purposes, 3 per cent for non-household purposes, industries use 2 per cent, Defence uses 3 per cent and Railways use 1 per cent. Public taps use 17 per cent and the remaining 39 per cent of water use has not been assessed. If this water can be used well or even traced, then our water demands can be met.

VANISHED LAKES

Lakes in Bangalore have turned into buildings and complexes.

Dharmambudi lake is now majestic bus stand

Sampangi tank is now Kanteerava stadium

Koramangala Lake is now National Games Village

Symptoms of death

The first sign of a lake dying (Eutrophication) is algae growth. Algae release Nitrogen gas which is toxic for the fish. They also block sunlight from entering the lake. When sunlight is blocked, photosynthesis doesn’t take place. Water temperature also goes down and the dissolved Oxygen levels go down. Thus the aquatic life is affected and the lake begins to die.

Comment (2 Comments Received)

I am glad to bring to your kind notice that recently it came in rediffmail, out of all the cities in India, Bangalore has been identified as the best city. It is all due to the efforts of people like you to preserve the lakes and ponds in the city. Currently,

krupanidhi, krupanidhi_srirama@rediffmail.com Dated : Wednesday, May 06, 2009 08:54 AM

Ms. Deepthi Ranga and Dr. Ramachandra Mohan deserve Compliments to inform Public through Press and try to open eyes of Authorities concerned in control of Lakes preservation. Lake is also home for Fish cultures which is food for all living beings can not be ignored. Apart from augmenting Drinking Water resource, maintaining healthy Lakes will rejuvenate Ecology and Environment with opportunity for Business of Water sports and entertainment. Inventions in Nano Dimensional low investment Products of High Merit originated from INDIAN Research such as Biosanitizer and Nualgi, are ignored by Authorities which can offer low cost ecology maintenance of Lakes for life with Drinking Water Quality auto maintenance, despite sewage ingress continued with or without STP output Reconditioned resource let off in Lakes.

'They collect and store water for household purposes'

WATER POLITICS: The former Minister H.N. Nanje Gowda (third from left),

Pramila Nesargi, chairperson of Karnataka State Women's Commission, and the former Minister

Leeladevi R. Prasad, at a seminar on 'Water and women' on the occasion of International Water Day in

Bangalore on Friday. — Photo: V. Sreenivasa Murthy

Bangalore: The seminar organised by the Karnataka Women's Commission on "Women and water" to mark World Water Day turned into a forum for discussions on a variety of topics, including the Cauvery Tribunal Award, rather than one for a discussion on how the water crisis impacts the lives of women.

Commission chairperson Pramila Nesargi, in her introductory remarks at the seminar here on Friday, spoke of how India needed to evolve a long-term vision on water management and a water budgeting pattern.

Bangalore, a city once known for its tanks, had lost most of them and the few that survived did not have potable water, said Ms. Nesargi. She cited some experiments in Kerala and Maharashtra at recharging water bodies. The crisis of access to a basic resource like water had hit women the worst, because they were traditionally associated with collecting, storing and using water for household purposes, she added.

She said the verdict of the Cauvery tribunal would worsen the water crisis in Karnataka.

The former minister Leeladevi R. Prasad and the former Malnad Area Development Board chairperson Swarna Prabhakar spoke about the Cauvery award, veering off from the topic slated for discussion.

K.P. Puthuraya, former research director of the Rajiv Gandhi University of Health Sciences (RGUHS), chosen to be one of the resource persons at the seminar, started his presentation with jokes and a series of quotations from ancient texts that glorified the role of women in society.

H.G. Shobha, a social activist, tried to bring the discussion back to the topic, by speaking about women's claim to water as a natural resource and how even the Cauvery issue had got politicised. But it was close to lunchtime and there was hardly any room for elaboration.

The former Minister H.N. Nanje Gowda was left with barely five minutes.

Prof. Ramachandra Mohan of Bangalore University, who had come prepared with a power point presentation, had to wait till after lunch to be heard.

Applications invited

Applications have been invited for the post of project assistant for research on lake water quality management to be taken up by Bangalore University and the Department of Statistics. A fellowship of Rs. 4,000 a month will be given for two years. Candidates with M.Sc. (Zoology, Microbiology,

Biotechnology, or Environmental Science) with 55 per cent marks and one year's experience in water quality or hydrobiology are eligible. Applications by registered post should reach M. Ramachandra Mohan, Professor of Zoology, Bangalore University, by Friday.

One person arrested, corals worth Rs. 20 lakh seized in Mysore

Corals are mainly procured from Kochi and Chennai by traders

Hoteliers and aquarium traders are the major buyers of corals in Karnataka: Chikkerur

BANGALORE: Even as the State police are making efforts to check growing wildlife crimes, illicit coral trade is said to be continuing to thrive in Bangalore and other parts of the State.

Coral is among the list of "highly endangered" species listed in Schedule-1 of the Wildlife Protection Act, 1972. Procuring, possessing or selling coral is a crime under the Act.

Illegal trade

In gross violation of the Act, several unscrupulous elements are carrying out coral trade in Bangalore and

Mysore.

The traders have been procuring corals mainly from Kochi and Chennai, Inspector-General of Police (CID Forest Cell) K.S.N. Chikkerur told *The Hindu* on Wednesday.

Corals are used for ornamental purposes in drawing rooms.

They are also cut and polished to make jewellery, boxes, vases and statues. Investigations have confirmed that hoteliers and aquarium traders are the major buyers of corals in Karnataka, he said.

Recent scientific advancements have made it possible for hobbyists to keep corals alive in their aquariums and this has caused a great increase in the demand for live coral, he said.

Raids

Since July last year, officials of the CID Forest Cell have conducted over six raids and seized different varieties of corals worth Rs. 70 lakh (notional value). In the latest raid conducted in Mysore on Tuesday, one person was arrested and corals worth Rs. 20 lakh were seized. Cases have been registered in Shivaji Nagar, Cubbon Park, J.P. Nagar, MICO Layout and Byatarayanapura police stations in Bangalore, Mr. Chikkerur said. Identification of corals is often difficult as there are several look-alike species. In some cases, the CID Forest Cell has taken the assistance of **marine biologists Ramachandra Mohan and Ravichandra Reddy of Bangalore University**.

Cases were registered only after the experts confirmed and certified that the seized articles were corals, Mr. Chikkerur said.

Great demand

Though Philippines and Indonesia top the list of coral producing nations, coral from Gulf of Mannar, the Gujarat coast and the Lakshadweep islands in India are in great demand.

Initiatives for preservation of coral reefs in India have been taken up on a large scale in the Wandur Marine National Park in the Andaman and Nicobar islands. Even the Convention of International Trade in Endangered Species of Wild Fauna and Flora (CITES) has classified many corals as threatened species.

Corals are the skeletons of marine animals called polyps that accumulate over years to form large coral reefs, which are “rainforests” of the sea. They provide a place for marine life to lay eggs, feed and hide, and they also create a physical barrier for coasts against destructive wave action. Corals are collected underwater by diving, by dredging the ocean floor using trawling nets and also by dynamiting parts of the coral reef.

The last two methods cause heavy damage to the marine ecosystem, Mr. Chikkerur explained.

Publication offer for "Water Quality Monitoring of Magadi Hill Range Lakes and Reservoirs in Bangalore, India"

Dear Dr. M. Ramachandra Mohan ,

I am writing on behalf of an international publishing house, LAP Lambert Academic Publishing.

In the course of a research on the Bangalore University , I came across a reference to your thesis on "Water Quality Monitoring of Magadi Hill Range Lakes and Reservoirs in Bangalore, India".

We are an international publisher whose aim is to make academic research available to a wider audience.

LAP would be especially interested in publishing your dissertation in the form of a printed book.

Your reply including an e-mail address to which I can send an e-mail with further information in an attachment will be greatly appreciated.

I am looking forward to hearing from you.

Kind regards,

Irina Matvievici

President Obama speaking at East-West Center

IUCN World Conservation Congress in Hawaii, **1-10 September 2016**. I want to thank the **8,000 delegates from more than 180 countries (I am one of the participants)** who will share their expertise here at the IUCN World Conservation Congress, including President Zhang Xinsheng and Director General Andersen. To the world leaders and ministers who are here from the Pacific Island Conference of Leaders, thank you for joining us tonight.

But today, the United States is proud to host the IUCN Congress for the first time and no nation, not even one as powerful as the United States, is immune from a changing climate.

Since taking office, I've protected more than 548 million acres of our lands and waters for our children and our grandchildren. This is an area twice the size of Texas that's going to be protected, and it allows us to save and study the fragile ecosystem threatened by climate change.

So, I know you have the same feeling, and that's why we've got to "unite to move forward." We have to row as one. If we do, we might just save the one planet that we've got.

Thank you very much, everybody. END 6:49 P.M. HST

Membership in International Bodies

Assembly, The Members' Assembly is the highest decision-making body of International Union for Conservation of Nature (IUCN). It brings together IUCN Members to debate and establish environmental policy, to approve the IUCN Programme and to elect the IUCN Council and President. The Members' Assembly takes place every four years during the World Conservation Congress and is where IUCN's Member organisations collectively decide on actions to address the **world's most pressing and often controversial conservation and sustainable development challenges**.

IUCN's membership currently stands at over 1,300 and includes some of the most influential government and civil society organizations from more than 160 countries, giving the decisions taken at the IUCN Congress a powerful mandate. Through motions (often brought forward by the IUCN Membership), Resolutions and Recommendations on important conservation issues are adopted by this unique **global environmental parliament of governments** and NGOs, guiding IUCN's policy and work programme and as well as influencing many other organizations around the world.

IUCN Commission Member for six Commission

[Commission on Environmental, Economic and Social Policy \(CEESP\)](#)

The Commission on Environmental, Economic and Social Policy (CEESP) contributes to the IUCN's Mission by generating and disseminating knowledge, mobilising influence, and promoting actions to harmonise the conservation of nature with the critical social, cultural, environmental, and economic justice concerns of human societies.

Role - IUCN Commission Members, CEESP Working Group People in Nature 2017-2025 2, CEESP Asia 2013-2025

World Commission on Environmental Law (WCEL) *advances environmental law around the globe by providing specialized knowledge and assistance to strengthen the legal foundations of the conservation of nature and sustainable development through the conceptual advancement of environmental principles, norms, and laws, and by building the capacity of communities to benefit from the environmental rule of law*

Role - IUCN Commission Member, Water 2013-2025

Species Survival Commission (SSC)

SSC advises the Union on the technical aspects of species conservation and mobilizes action for those species that are threatened with extinction

Role - IUCN Commission Member, Freshwater Fish Specialist Group 2013-2025

World Commission on Protected Areas (WCPA) WCPA promotes the establishment and effective management of a worldwide representative network of terrestrial and marine protected areas.

Role- IUCN Commission Member, 1. IUCN WCPA Climate Change: Network 2017-2020, 2 Freshwater Network 2017-2025, 3 Indigenous People and Protected Areas Specialist Group 2017-2025, 4 Science and Management Network 2017-2020, and 5. South Asia Region 2017-2025

Commission on Education and Communication (CEC) drives change for the co-creation of sustainable solutions through leading communication, learning and knowledge management in IUCN and the wider conservation community

INITIATED BY

(The Food and Agriculture Organization (FAO) is a specialized agency of the United Nations that leads international efforts to defeat hunger. goal is to achieve food security for all and make sure that people have regular access to enough high-quality food to lead active, healthy lives. With over 194 member states, FAO works in over 130 countries worldwide. We believe that everyone can play a part in ending hunger.)

Role - Expert Member FSIN, Food Security Information Network 2017

FSIN IS INITIATED BY

The **Food Security Information Network (FSIN)** is a global initiative co-sponsored by **FAO, WFP and IFPRI** to strengthen food and nutrition security information systems for producing reliable and accurate data to guide analysis and decision-making.)

Role - Member - Agriculture-Nutrition Community of Practice, World Health Organization (WHO) Knowledge Gateway, United Nations System Standing Committee on Nutrition, UNSCN 2017- A world free from hunger and all forms of malnutrition is attainable in this generation)

7 February 2019

#IPBES7/2019/5016

To whom it may concern

The seventh session of the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (#IPBES7) will be held from 29 April to 4 May 2019 in Paris, France. It will be preceded by regional consultations and a stakeholder day on 28 April 2019. The seventh session of the Platform's Plenary will consider for approval the summary for policymakers of the global assessment of biodiversity and ecosystem services and for adoption the future work programme for IPBES.

Ramachandra Mohan is invited to attend the upcoming #IPBES7 meeting from **28 April to 4 May 2019** in Paris, France, as observer on behalf of Bangalore University.

We would be most grateful if you could kindly facilitate the participation of the above-mentioned delegate in this important plenary session in France.

Yours sincerely,

Anne Larigauderie
Executive Secretary
Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem
Services

2018/724

23 January 2018

To whom it may concern

The sixth session of the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (IPBES) will be held from 18 - 24 March 2018 in Medellin, Colombia. It will be preceded by regional consultations and stakeholder day on 17 March 2018. The sixth session of the Platform's Plenary will consider the 5 assessment reports, the undertaking of pending assessments, and receive the report of an internal review of IPBES, among other topics.

RamachandraMohan Muniyellappa, a national of India, is invited to attend the upcoming IPBES-6 meeting from 17 - 24 March 2018 in Medellin, Colombia.

We would be most grateful if you could kindly facilitate the participation of the above-mentioned delegate in this important plenary session in Colombia.

Yours sincerely,

Anne Larigauderie
Executive Secretary
Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services

Quick biography

Prof Dr M Ramachandra Mohan, Educationist, researcher and an administrator working as Professor since 2000 in Bangalore University. He obtained PhD Degree, Fish Physiology and Endocrinology and D.Sc Doctor of Science (Honoris Causa) by International Agency for Standards and Ratings 2018. He guided 10 Ph.D. degrees and adjudicated 148 Ph.D. theses from 20 Indian universities in the field of Environment and water quality, obtain Training in Cook Doke, Czech republic, Osaka City (Japan). With the funding support of United Nations Environmental Programme (UNEP) and International Lake Environmental Committee (ILEC), Dr Mohan contributes his expertise as a Member, CPCSEA Govt of India reviewed and cleared 500 Indian research projects. As UGC Committee Member reviewed 500 scientific projects for College and University Teachers. Reviewed 500 research papers covering 70 International Journals and member in 60 editorial board both National and International Journals. Advisory Committee Member for 300 National and International Conference, direct Contact with 1500 participants and indirect contact with 36000 scientists across the globe. He collaborated his expertise with World Communities with IUCN International Union for Conservation of Nature and with IPRES The Inter-governmental Science Policy Platform on Biodiversity and Ecosystem Services and interact with 12 Nobel Laureates, enabled him for global assessment of certain problems of Indigenous people.

Blessings from the Honourable Prime Minister of India

Happy Birthday Dr M Ramachandra Mohan!

May 21st, 2022

1. IUCN World Conservation Congress — Hawaii, USA, 1–10 September 2016

President Obama speaking at East-West Center

One of 8,000 delegates from more than 180 countries

"I want to thank the 8,000 delegates from more than 180 countries who will share their expertise here at the IUCN World Conservation Congress, including President Zhang Xinsheng and Director General Andersen. To the world leaders and ministers who are here from the Pacific Island Conference of Leaders, thank you for joining us tonight.

No nation, not even one as powerful as the United States, is immune from a changing climate. Since taking office, I've protected more than 548 million acres of our lands and waters for our children and our grandchildren — an area twice the size of Texas — allowing us to save and study the fragile ecosystem threatened by climate change.

We have to 'unite to move forward.' We have to row as one. If we do, we might just save the one planet that we've got."

— Address at IUCN World Conservation Congress, Hawaii, 6:49 P.M. HST

Event	Details
Congress & Round Table Conference	IUCN World Conservation Congress 2016, Honolulu, Hawaii, USA — Participated as one of 8,000 delegates from 180+ countries. Attended Round Table Conference with Mrs. Julia Bucknall of the World Bank, USA, and Representative of the UK on Biodiversity

Curriculum Vitae: Dr. M Ramachandra Mohan. Professor Since Aug 2000, BUB

2. Shared Dais with 9 Nobel Laureates — 104th Indian Science Congress 2017

It was a great and distinguished moment to share the dais with 9 Nobel Laureates, honoured by the Prime Minister of India during the 104th Indian Science Congress, 2017, S.V. University, Tirupati.

No.	Nobel Laureate	Field	Year	Contribution / Note
1	Prof. Brian Kent Kobilka	Chemistry	2012	Discoveries of G-protein-coupled receptors
2	Prof. William Esco Moerner	Chemistry	2014	Development of super-resolved fluorescence microscopy
3	Prof. Steven Chu	Physics	1997	Development of methods to cool and trap atoms with laser light
4	Prof. David Jonathan Gross	Physics	2004	Discovery of asymptotic freedom in the theory of strong interaction
5	Prof. Takaaki Kajita	Physics	2015	Discovery of neutrino oscillations, showing that neutrinos have mass
6	Prof. Serge Haroche	Physics	2012	Ground-breaking experimental methods to measure and manipulate quantum systems
7	Prof. Jean Tirole	Economics	2014	Analysis of market power and regulation
8	Prof. Ada E. Yonath	Chemistry	2009	Studies of the structure and function of the ribosome
9	Prof. Muhammad Yunus	Peace	2006	Efforts to create economic and social development from below — Grameen Bank

3. IUCN Members' Assembly — Global Environmental Parliament

The Members' Assembly is the highest decision-making body of the International Union for Conservation of Nature (IUCN). It brings together IUCN Members to debate and establish environmental policy, approve the IUCN Programme, and elect the IUCN Council and President. The Members' Assembly takes place every four years during the World Conservation Congress.

IUCN's membership currently stands at over 1,300 and includes some of the most influential government and civil society organisations from more than 160 countries. Through motions, Resolutions and Recommendations on important conservation issues, adopted by this unique **global environmental parliament of governments and NGOs**, IUCN guides policy and work programmes and influences organisations worldwide.

4. Memberships in International Bodies

4.1 World Commission on Environmental Law (WCEL) — IUCN

Attribute	Details
Role	IUCN Commission Member — Water and Wetlands Law Network, 2013–2025
Mission	WCEL advances environmental law around the globe by providing specialised knowledge and assistance to strengthen the legal foundations for the conservation of nature and sustainable development, through the conceptual advancement of environmental principles, norms, and laws, and by building the capacity of communities to benefit from the environmental rule of law.

4.2 Commission on Environmental, Economic and Social Policy (CEESP) — IUCN

Attribute	Details
Role	IUCN Commission Member — (1) CEESP Working Group 'People in Nature', 2017–2025 (2) CEESP Asia, 2013–2025
Mission	CEESP contributes to the IUCN Mission by generating and disseminating knowledge, mobilising influence, and promoting actions to harmonise the conservation of nature with the critical social, cultural, environmental, and economic justice concerns of human societies.

4.3 Commission on Ecosystem Management (CEM) — IUCN

Attribute	Details
Role	IUCN Commission Member — (1) South Asia Region, 2017–2025 (2) Sustainable Use and Management of Ecosystems, 2017–2025 (3) Wetland Ecosystems Specialist Group, 2017–2025
Mission	CEM promotes ecosystem-based approaches for the management of landscapes and seascapes, provides guidance and support for ecosystem-based management, and promotes resilient socio-ecological systems to address global challenges.

4.4 Commission on Education and Communication (CEC) — IUCN

Attribute	Details
-----------	---------

Curriculum Vitae: Dr. M Ramachandra Mohan. Professor Since Aug 2000, BUB

Role	IUCN Commission Member — (1) Higher Education, Knowledge Management and Capacity Development, 2017–2025 (2) Media and Communications, 2017–2025 (3) Nature For All (4) CEPA, Social and Behaviour Change Communications, 2017–2025 (5) South and South-eastern Asia, 2017–2025 (6) Community Management, Traditional Knowledge and Empowerment, 2017–2025
Mission	CEC drives change for the co-creation of sustainable solutions through leading communication, learning and knowledge management in IUCN and the wider conservation community.

4.5 World Commission on Protected Areas (WCPA) — IUCN

Attribute	Details
Role	IUCN Commission Member — (1) Climate Change Network, 2017–2020 (2) Freshwater Network, 2017–2025 (3) Indigenous People and Protected Areas Specialist Group, 2017–2025 (4) Science and Management Network, 2017–2020 (5) South Asia Region, 2017–2025
Mission	WCPA promotes the establishment and effective management of a worldwide representative network of terrestrial and marine protected areas.

4.6 IPBES — Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (UN)

Attribute	Details
Role	Stakeholder Member, 2017 onwards
About IPBES	IPBES is the intergovernmental body which assesses the state of biodiversity and of the ecosystem services it provides to society, in response to requests from decision makers. Established by the United Nations General Assembly, it is the authoritative international body on biodiversity science and policy.

4.7 FAO SAVE FOOD — Global Initiative on Food Loss and Waste Reduction

Attribute	Details
Role	Member — Global Initiative on Food Loss and Waste Reduction (SAVE FOOD), initiated by FAO, 2017
About FAO	The Food and Agriculture Organization (FAO) is a specialised agency of the United Nations that leads international efforts to defeat hunger. FAO's goal is to achieve food security for all and ensure that people have regular access to enough high-quality food to lead active, healthy lives. With over 194 member states, FAO works in over 130 countries worldwide.

4.8 FSIN — Food Security Information Network

Attribute	Details
Role	Expert Member — Food Security Information Network (FSIN), 2017
About FSIN	FSIN is a global initiative co-sponsored by FAO, WFP and IFPRI to strengthen food and nutrition security information systems for producing reliable and

accurate data to guide analysis and decision-making.

4.9 WHO Knowledge Gateway / UNSCN — Agriculture-Nutrition Community of Practice

Attribute	Details
Role	Member — Agriculture-Nutrition Community of Practice (Ag2Nut), WHO Knowledge Gateway, United Nations System Standing Committee on Nutrition (UNSCN), 2017 onwards
Vision	A world free from hunger and all forms of malnutrition is attainable in this generation.

5. Book Released by President & Prime Minister of India — 89th Indian Science Congress, 2003

Book: "Science and Technology" — Edited by Prof. M. Ramachandra Mohan, Published by Bangalore University Press.

Released on 3rd January 2003 by **Dr. A.P.J. Abdul Kalam, President of**

India,

and **Shri Atal Bihari Vajpayee, Prime Minister of India**, at the opening ceremony of the 89th Indian Science Congress held at Bangalore University, Jnana Bharathi Campus, January 3–7, 2003.

Historical Note: Both the President and the Prime Minister attending the Indian Science Congress simultaneously was a first in the history of the event, departing from established protocol.

6. Awards Presented by Distinguished Constitutional Dignitaries

Award	Dignitaries Present	University Convocation	Vice Chancellor's Citation
Scientist of the Year Award — 2001 (NESA Gold Medal)	His Excellency Sri T.N. Chaturvedi, Governor of Karnataka Dr. Parameshwar G.,	38th Convocation, Bangalore University V.C.: Prof. Thimmappa	"It is heartening to note that Dr. M. Ramachandra Mohan, Dept. of Zoology was awarded 'Scientist of the Year 2001' by NESA for his outstanding

Curriculum Vitae: Dr. M Ramachandra Mohan. Professor Since Aug 2000, BUB

	Higher Education Minister Dr. Sudhir Kakar, Trustee, Vikram Sarabhai Foundation		contribution in the field of Environment."
			
Environmentalist of the Year Award — 2002 (NESA Award)	His Excellency Sri Bhairon Singh Shekhawat, Vice President of India Sri Hans Raj Bhardwaj, Governor of Karnataka	39th Convocation, Bangalore University V.C.: Prof. Thimmappa	"It is heartening to note that Dr. M. Ramachandra Mohan, Dept. of Zoology has been conferred with the Environmentalist Award 2002 by NESA of India, New Delhi, for his outstanding work in the environment."
			
Distinguished Scientist of the Year — 2008 (NESA Award & Gold Medal)	Shri Hans Raj Bhardwaj, Governor of Karnataka Shri Arvind Limbavali, Minister for Higher Education Justice M.N. Venkatachalaiah	44th Convocation, Bangalore University V.C.: Prof. Prabudeva	"It is heartening to note that Dr. M. Ramachandra Mohan, Dept. of Zoology has been conferred with the 'Distinguished Scientist of the Year 2008' by NESA for his outstanding contribution in the field of Environment."
			 

7. Elected President — Indian Society of Comparative Animal Physiology (ISCAP)

Elected President of the Indian Society of Comparative Animal Physiology (ISCAP), 2010–2022.

Announced at the **44th Convocation Address of Bangalore University**, by V.C. Prof. Prabudeva, in the

Curriculum Vitae: Dr. M Ramachandra Mohan. Professor Since Aug 2000, BUB

presence of:

- His Excellency Shri Hans Raj Bhardwaj, Governor of Karnataka
- Shri Arvind Limbavali, Honourable Minister for Higher Education
- Justice M.N. Venkatachalaiah
- Professor P. Balram, Director of the Indian Institute of Science (IISc), Bangalore

Vice Chancellor's Statement: "Prof. M. Ramachandra Mohan, Professor of Zoology, Bangalore University, has been elected President of the Indian Society of Comparative Animal Physiology for 2010–2012. He has served as Convener of the Karnataka Chapter of the National Environmental Science Academy."

8. Complete IUCN Commission Memberships — Summary (2013–2025)

No.	Commission	Network / Thematic Group / Role	Period
1	WCEL	World Commission for Environmental Law — Water & Wetlands Law Network	2013–2025
2	CEESP	Commission on Environmental, Economic & Social Policy — Asia Region	2013–2025
3	CEESP	Working Group 'People in Nature' / Sustainable Use & Livelihoods Network	2017–2025
4	CEESP	Human Well-being and Livelihoods Network	2021–2025
5	CEESP	Agriculture and Land-use Change Network	2021–2025
6	CEESP	Capacity-building and Participatory Methodologies Network	2021–2025

Distinguished Moments & International Memberships | Dr. M Ramachandra Mohan | mohanramachandr@gmail.com

World network - My Research work reached all the 7 Continents. In Asia 30 Countries, Europe 38 Countries, North America 7 South America 7 Countries, Africa 20 Countries and Australia 2 Countries and total 116 Countries out of 174 Countries					
Influence - Clinched reputations as shown in Research gate, My Research work was followed by 1820 peer Scientists research findings were read by 1,61,273 from 1037 Universities Across 126 Countries in the World. Achieved Research Gate Score higher than 90% (15.18 million) out of total 17million Research Gate members since November 28, 2013					
National Development , Rendered Service by working as Expert 14 Central Ministries Govt of India					
Defence,	MoEF&CC,	Agriculture	Forest Survey of India,	Shipping	Textiles Handicraft
Health & family welfare	Broadcasting All India Radio	Fisheries,	Archaeological Survey of India	Anthropological Survey of India	Human Resource Development
Fisheries, Animal Husbandry and Dairying	Science and Technology	Union Public Service Commission	Staff Selection Commission (SSC)		
Keynote Speaker for 25 various events. President , Indian Society for Comparative Physiology, ISCAP. UGC- University Grants Commission, ICAR and CCSEA Govt of India. Evaluation of Research Projects NAAC Assessor in National Assessment and Accreditation Council, Member (CCSEA) to regulate the Biomedical Research experimentation on animals,1600 Establishments Across the India , June 2018 to Sep 2021, The Committee Control and Supervision of Experiments on Animals Ministry of Fisheries, Animal Husbandry and Dairying, Department of Animal Husbandry and Dairying. Framed Guidelines for Fish/Zebrafish for research purpose and worked as Member in Selection of Nominees, Standard Protocols for Animal Experimentation in countries other than India.					
International Development , Rendered Service by working as Expert in IUCN Commission Member (Resolutions and Recommendations on important conservation issues are adopted by this unique global environmental parliament of governments and NGOs .) In 1. World Commission for Environmental Law, 2017-2025 2. Species Survival Commission, 2013 -2025. 3. World Commission on Protected Areas, 2017-2025,4. Commission on Environmental, Economic, and Social Policy 2013. 4, Commission on Ecosystems Management 2017-2025 5 Commission on Education and Communication 2017-2025. IPBES -The Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services 2017 Member - Global Initiative on Food Loss and Waste Reduction (SAVE FOOD) (FAO) Expert Member FSIN , Food Security Information Network 2017- Member - Agriculture-Nutrition Community of Practice, World Health Organization (WHO) Knowledge Gateway, United Nations System Standing Committee on Nutrition, UNSCN 2017 and Editorial Member in 35 International Journal					
NEP Rendered Service to Karnataka State Development by working as a Chairman for preparation of Curriculum for Postgraduate and Undergraduate Programme in Zoology and Genetics subjects in All state Universities and Colleges in Karnataka for the year 2021-2022 for Department of Higher education Karnataka State Higher Education Council National Education Policy - 2020 KPSC Selections of Scientific officer, Examiner, Group A Officers Expert-Selections of Lecturer in Biology in Morarji Desai Memorial Schools in Karnataka State Govt of Karnataka Peoples Biodiversity Registry Programme, Karnataka biodiversity Board, Forest, Ecology and Environment Dept , Govt of Karnataka, Bangalore Development Authority Bangalore, Lake Rejuvenation programme coordination of Bangalore Lakes 2010, Member, three men Syllabus Committee for selection to post of Assistant Conservators of Forest (Forest department, Government of Karnataka 2006, Karnataka State Women's Commission Integration related to water management, Expert Scientist Student Interaction Programme College of Engineering					
Bangalore University 40 years , Rendered Academic Service as Dean, Faculty of Science, and Medical and Faculty of Engineering 2 Years , Professor for 22 years, Reader 8 years, Guest Lecturer 1-year Deputy Director Student Welfare for 4 years, Warden 1 year. Chairman BOS for PG & UG Course Zoology, Forensic Science, Criminology, Solid waste Management, Started CBCS Scheme PG &UG Course as a Chairman BOS during 2014. Creation of Zoology Centenary Year Postal Cover & Logo to commemorate the centenary year of Zoology as Centenary Year Chairman Rendered Administration Service as Syndicate Member 1.5 years, Academic Council Member for 6 years Academic Senate Member for 3 years, Library Committee, Central Purchase Committee, Finance Committee for 2 years Chairman Department of Zoology, Applied Genetics for 4 years.					
Member Editorial board for 60 National and International Journals His Scholarship ability was recognised by International Scientific Community led him as Peer Reviewer for 150 papers covering 70 International Journals					
Investigations Dr Mohan created biodiversity conservation model Farm He developed land besides constraints of resources and capacities, Span of 40 years with plantation of Teak, Mange, Sapota, coconut, tamarind trees and many Indigenous medicinal plants, food crop and vegetables. Cultured variety of Indigenous cows, sheep, chicken, and dog breeding. Their compost is further processing with vermicomposting and using for agricultural and horticultural crops. further development of Apéry, pollination method was adopted with Organic pesticides and Fertilisers made agricultural farming eco-friendly and healthier and high yielding and less wastage with decreases 4 to 5-degree temperatures less attracted many new species of animal and birds to this farm and Pesticide free environment were achieved. This method increases the yield several folds, Impact of this practice many farmers adopted this model and got benefits. Further this model spreads many villages around gained 3 to 4 folds of more income generation which attracted urban migrated youth to return to village to					

Curriculum Vitae: Dr. M Ramachandra Mohan. Professor Since Aug 2000, BUB

adopt this model for better livelihood and Sustainable development in the areas of food Security and Water Management. Eventually Elevation of Malnutrition, poverty, prevention of their habitat loss and to adopt indigenous practices. These sustainable development goals are beset with daunting challenges of striking balance of social, economic, and environmental aspects of development. Disseminates knowledge, mobilizes influence, and promotes actions to conservation of nature with traditional knowledge, Indigenous community based natural resource management, and rural development in a manner inclusive of diverse opinions since I am one of the persons among the equals.

Dr. M RAMACHANDRA MOHAN, M.Sc., Ph.D.
(Fellowships FSESc, FABP).

Honors - **D.Sc.** Doctor of Science (Honorus Cause)

National Award 2018 G.P. Chatterjee Memorial Award, Govt. of India

Member, Statuary Body (CPCSEA) June 2018 to Sep 2021

Ministry of Fisheries, Animal Husbandry and Dairying,
Govt. of India

1. **Professor** Dept. of Zoology, since Aug 2000 (21 years 09 Months) Bangalore University, Bangalore 560055, India.
2. **Dean**, Faculty of Science, 2 years (1-12-2018 to 31-12-2020) **Dean**, Faculty of Engineering (Vc) 6-12-2018 to 11-12-2019)
3. Member, **Syndicate, Academic Council, Academic Senate, Finance Committee & Purchase Committee** (Dec 2019 - Dec 2021)
4. **Chairman** - Dept. of Zoology, 2009 - 2011 & 2014-2016.
5. **Chairman**, 2019 NEP Syllabus committee for Zoology/Genetics Karnataka State.
6. **Member, Equivalence Committee** for Zoology/Genetics Karnataka State.
7. Member, **Committee for the Purpose of Control and Supervision of Experiments on Animals**, (CPCSEA) 11th June 2018 to 11th Sep 2021 Statutory body, Ministry of Fisheries, Animal Husbandry and Dairying, Govt of India. 1792 Establishments **Across the India** engaged in Bio-Medical Research, Breeding and Trading of Laboratory Animals are Registered.
8. **IUCN Commission Member**, this unique **Global Environmental Parliament** of Government **Across the World** and NGOs, influencing world on conservation issues.
